TRAILER VALET XL MOVER

The Trailer Valet XL is the toughest and most compact trailer dolly. Sharing the same great features as its little brother, but with a few upgrades. The XL moves most trailers up to 4,500kg just using a crank handle or an 18V drill. It features dual, 9" tyres that can handle a ball weight of up to 400kg and positraction technology for making tight turns. The automatic brake engages when the handle is released for superior safety, making it ideal for large caravans, boats, construction and farm equipment, horse floats and flat bed trailers.

FEATURES:

- Handles most trailers weighing up to 4,500kg (450kg tongue weight)
- Patented ball attachment mechanism for quick attachment and greater maneuverability
- High strength pneumatic tyres that can withstand 225kg of pressure per tyre
- A greater gear reduction to make cranking even easier
- High quality steel with powdercoat hammer finish
- Brass bearings
- Drill attachment that enables the user to attach most 18V cordless drills
- Automatic safety brake
- One year manufacturer's warranty
- Positraction for maximum traction and ease of handling

SPECIFICATIONS

- Coupling Ball Size: 50mm
