

NEW AGE
CARAVANS

Outside the ordinary

A NEW AGE IN CAMPERS HAS ARRIVED

New Age Caravans has been leading the way in caravan design, innovation and style since 2004. Our reputation for high-quality craftsmanship, classic flair and contemporary interiors and exteriors underpin our enviable reputation as a market leader within Australia's caravan manufacturing industry.

Ideal for travelers from all walks of life, a New Age camper guarantees to see you hit the open road with comfort, style and confidence. The award-winning trend-setting continues as we invest heavily in Research and Development to expand the comprehensive product range.

New Age Caravans award-winning designs have mastered contemporary aesthetics, ergonomic designs with a robust construction quality to claim the industry lead in modern adventure travel.

The Wayfinder

OUTSIDE THE ORDINARY

You can taste it. Smell it. Feel it on your skin. The reprieve from daily life when you step outside. And when we say, 'step outside', we mean into the bush. Onto the shore of a crystal lake. Or beneath a rainforest canopy. Outside there is instant coffee over latte, floating in a swimming hole over a hotel pool, foraging for wild berries over indulging in cheesecake. Outside there you feel the rain on your face, the sun on your back and the wind in your hair. Outside there is the rising and swelling of the surf, the winding hairpin bends of coastal roads and the red dusty plains of a wilful outback.

Outside there, nothing is of the ordinary.

That's why New Age is launching the Wayfinder. With streamlined engineering, state of the art technology and a new sleek design, it's not your ordinary camper.

Wayfinder. Escape the ordinary.

The Wayfinder

The New Age difference

A NEW AGE OF LIVING IS HERE

It all starts with our commitment to unique design and innovation. Our manufacturing techniques flawlessly combine durability with unrivaled design features to herald a new era of caravanning excellence.

Luxury, comfort and reliability characterise every model we produce, renowned for practicality, style and longevity. When choosing a New Age product, you're spoilt for choice with a vast array of models, layouts and interior options that have been developed based on providing the highest level of comfort, convenience and security.

Our comprehensive range from compact campers through to large family vans have been developed to incorporate on-going customer feedback, ensuring that we deliver caravans to satisfy customers' needs and keep us at the forefront of the leisure industry.

We are proud to have been awarded CTIAV's Business Awards, "Manufacturer of the Year". The future of New Age Caravans is looking bright.

New Age Assist

PEACE OF MIND CARAVANNING

Purchasing a New Age camper means more than buying a caravan, you're also purchasing a lifetime of New Age lifestyle and support.

In the unlikely event that you should experience an issue with your camper whilst on holidays, rest assured our roadside assistance and technical support hotline are here to help you through those unplanned situations.

New Age Assist offers roadside assistance and technical advice Australia wide. Services include: General assistance, flat tyre, lockouts/lost keys, emergency towing and mechanical breakdown. New Age Assist technical advice is available to New Zealand customers also.

Our extensive support network also offers our customers all year-round service with a National Dealer Network encompassing more than 100 accredited repairers across Australia. For peace of mind holidaying, you can rely on New Age Assist to provide you with back up and support for a stress free trip.
