Camec Asymmetric Sway Control System

The new Camec Sway Control System makes towing safer and easier by sensing trailer sway as soon as it begins.

The system monitors the angle of the trailer to the towing vehicle up to 400 times per second and applies the brakes on the wheels on the side of the trailer that is moving out of line - providing torque to arrest sway immediately.

- Easy to install by an authorized installer
- Works off the trailer's battery - any suitable tow vehicle can be used (unlike some brands)
- Does not require pre-programming (unlike some brands)
- Senses sway up to 400 times per second
- Providing early intervention

Terms and Conditions: Camec advises that not all stores listed are obliged to carry all items appearing in this catalogue. Please check with your preferred Camec stockist if intending to make a purchase from this catalogue. This catalogue is produced by Camec Pty Ltd ACN 35004846584 on behalf of its independent retail partners. Products displayed in this catalogue are offered for the sale prices displayed from 2nd December 2019 – 31st January 2020 or while stocks last or unless withdrawn from sale. In store only. No further discounts apply. Personal shopping only. Items listed as 'available at selected stores on order only' may not be carried at all stores but can be ordered subject to individual store policies and providing they are still available from the supplier. Discounts and savings shown are calculated in good faith and are based on Camec Pty Ltd's Recommended Retail Prices at the time of the publication. Camec's independent retail partners are not obliged to sell at Recommended Retail Prices. If they are already selling at below RRP prior to this offer, discounts and savings will be less than advertised. Unless otherwise indicated accessories, where shown, are not included. Camec Pty Ltd reserves the right to limit purchases to normal retail quantities. Rainchecks are subject to individual dealer policies. For a full list of participating stockists visit www.camec.com.au
