## CARAVAN / CAMPER LOG BOOK

050569

The Caravan/Camper LOG BOOK is an A5 2 part book that will help you keep track of the places you stay and the kilometres that your caravan or camper trailer does.

The front part of the Caravan/Camper LOG BOOK allows you to note down where you stayed, rate it and jot down some notes that you can refer to later.

The back part allows you to keep track of the kilometres the caravan or trailer travels. We have added a FUEL column too and it is endorsed by the Caravan Industry. We found we would set up at a park, and then drive around taking in the sights...but then we would lose track of how many km's our van was doing. For re-sale and servicing, this information can come in very handy.
