361 x 365mm Fit

100-00082
UNIVERSAL AIR CONDITIONER GASKET KIT

Acts as a seal between your air conditioner and your roof to limit rain from entering where the air conditioner has been installed. The kit includes a self adhesive square gasket [356L x 356W (mm)] and x2 self adhesive levelling pads.

100-00400
DOMETIC IBIS 4 LOW PROFILE ROOF TOP AIR CONDITIONER (INC. PLENUM 2 PART PICK)

The Dometic IBIS 4 sets a new standard for air conditioning in the mobile living market thanks to several refinements made from the acclaimed IBIS 3. The Dometic IBIS 4 features a powerful dual-cylinder horizontal compressor, a first for the RV industry, which creates a more balanced roof top unit and reduces the level of vibration.

FEATURES

- Excellent cooling capacity of 2.6kW
- Dimensions: 758 x 230 x 1112mm
- Extremely quiet cooling, even at maximum speed
- Adjustable vents for even air distribution
- Lightweight rooftop unit at only 40kg
- Four fan speeds, including a turbo speed
- Suitable for both 400 x 400mm and 360 x 360mm roof openings

SPECIFICATIONS

Rooftop Dimensions (W x H x D): 758 x 230 x 1112mm
ADB Dimensions (W x H x D): 518 x 48 x 579mm
Installed Weight: 40kg
Compressor Type: New Generation Variable Speed
Cooling Capacity: 2625W
Current Draw (Cooling): 6.9A
Start-up Current: 7.5A Maximum
Maximum Current Draw: 8A Maximum
Fan Speeds 4: (including Turbo speed)
Roof Opening Fitment: 400 x 400mm or 360 x 360mm

100-00450

DOMETIC HARRIER LITE ROOF TOP AIR CONDITIONER (INCL PLENUM 2PART PICK

The Dometic Harrier Lite is Dometic's latest innovation in air conditioning and has been specially designed to fit small to medium-sized caravans, pop-tops, and campers. Dometic has struck a balance between utilising a lightweight, compact design, and an impressive heating and cooling performance. It comes featured with cool, white LED lights, and the dual-cylinder inverter compressor that the market has come to know through the highly sought-after IBIS 4.

Duel-Cylinder Inverter Compressor

The Dometic Harrier Lite features an innovative dual-cylinder inverter compressor and its patented design minimises vibration and provides improved performance over conventional compressors. It's this kind of smart design that puts the Harrier Lite in a league of its own and allows RV goers to enjoy cool and fresh air at the touch of a button.

FEATURES

- Easy Control
- LED Lights
- Lightweight
- Dual-cylinder inverter compressor reduces vibration and is highly efficient
- Low fan noise with three standard speeds
- Cool white LED lights in the ADB which can be activated via the remote control
- Adjustable outlet vents with individual vertically adjustable airflow
- Connectivity with CI-BUS compatible control panels
- Lightweight for a low centre of gravity
- Low profile rooftop unit

SPECIFICATIONS

TRUMA SAPHIR REVERSE CYCLE AIR CON. SAPHIR R/C-KIT

Had enough of balmy days and chilly nights camping out in the van, well it might be the right time to get reverse cycle air-conditioner to make your stay comfortable no matter where or when you camp in this great country and if you don't want any more weight or height on your roof but still want the powerful cooling or the cosy ambient warmth that a roof top A/C offers then the Truma Saphir may be your best friend with a big 2400 watts of cool air & toasty 1700 watts of warmth all effortlessly supplied from a self-contained unit that is even small enough to fit under your bed or the cupboard, all you'll need to do is connect up some ducting to any of the three included outlets and you'll be able to send enough air anywhere you want it in your van for maximum coverage and comfort.

Being a small unit the Saphir air-conditioner it isn't exactly small on features thou as Truma have packed it with everything you need and nothing you don't such as

FEATURES

- Remote Controlled Operation
- Automatic Heating & Cooling Function
- 3 Speed Blower with Sleep Mode
- 3 Outlets Included for Maximum Coverage
- Will Run off a 2 kVA Generator*
- Handles Vans up to 6.5m
- Ultra-Light Weight at 23.5 Kg & Smallest Sized in its Class
- Low Mount Installation Provides Lower Centre of Gravity for Your Van Aiding Stability
- Smart Timer Function – Will Allow a Generous Cooling Time of Up to 15 Hours That Can be Programmed in Advance
- Pollen Filter to Provide Relief for Allergy Sufferers
- Closed Refrigeration Circuit Design Provide Maintenance-Free Operation

* Premium brand generators use only that have genuine 2Kva & above specifications

SPECIFICATIONS

Cooling Capacity: 2.4 kW
Heating Capacity: 1.7 kW
Power: 240V
Max Airflow: 380 m^3/h or 105 L/s
Dimensions: 628 mm x 400 mm 290 mm
Weight: 23.5kg
Ducting Required: 60mm ID
Operating Temperature Range: 4°C to 43°C
Warranty: 12 Months

AIR CONDITIONERS

100-02100

TRUMA AVENTA COMFORT REVERSE CYCLE AIR CONDITIONER

The new Truma Aventa is quite powerful with a surprisingly slim and attractive plenum. It offers 1700W of heating power and a powerful 2400W of cooling capability. Its energy saving heat pump ensures a comfortable temperature inside your RV (provided the outside temperature is greater than 40°C), and it provides dehumidified, cleaned air thanks to its air filter system.

The Truma Aventa cools the inside of your RV quickly and quietly. Its flexible air distribution system allows you to direct the air where it is mostly needed, thus cooling efficiently. It even has a sleep mode function; if this is selected, the evaporator and condenser fans will run slower, resulting in even quieter operation for a restful sleep. The plenum has LED lighting which can be dimmed if ambience is required. It is suitable for RVs up to 7.5m in external length and comes with a remote control with a programmable timer function. Dometic offers a 2 year warranty on the Truma Aventa Comfort.

SPECIFICATIONS

Electrical Rating (single phase): 240V, 50Hz
Nominal Cooling Capacity: 2.4kW
Nominal Heating Capacity: 1.7kW
Max Rated Current - Cooling: 4.2A
Max Rated Current - Heating: 3.7A
Max Air Delivery: 400m³/hour
Installed Weight: 33kg
Dimensions: 248H x 523W x 1008L (mm)
Air Dimensions: 46H x 670W x 523L (mm)
Operating Temperature Range: +4˚C to +40˚C

100-00461

DOMETIC HARRIER PLUS ROOF-TOP AIR CONDITIONER. (INCL PLENUM 2 PART PICK)

The Dometic Harrier Plus is a rooftop RV air conditioner that is efficient, powerful and quiet. It uses the advanced technology of a dual-cylinder inverter compressor that is smoother and quieter when operating and has a powerful cooling capacity. Featuring a lightweight design and low profile, the Harrier Plus will impress with its functionality, output, cooling and heating. The innovative dual-cylinder inverter compressor has a patented design that helps reduce vibration and provides improved performance over conventional compressors. It's the kind of smart design that puts Dometic air-conditioners in a league of their own and allows RV owners to enjoy cool and refreshing air at the touch of a button.

FEATURES

- Cooling capacity of 3.0 kW
- Dual cylinder inverter compressor means lower energy consumption, noise and vibration
- 4-speed fan including Turbo mode for rapid cooling or heating
- Low profile ADB with optimised airflow
- Lightweight at 44 kg
- Wide operating temperature range of - 2˚C to + 52˚C
- Fitment to both 360 and 400 mm roof opening sizes possible

EBERSPACHER DIESEL HEATER BLACK 10L FUEL TANK

A slimline storage canister that holds up to 10L of diesel to run your Dometic heater. It has three bolting points to avoid spillage.

NOT AVAILABLE IN NEW ZEALAND

AUTOTERM AIR HEATERS

Autoterm air heaters are designed to provide warm air to living areas of vehicles and buses, as well as to cars, motorhomes, campers, in housing and cabins of yachts and ships in the cold seasons. quietest heaters in the market.

FEATURES

- Silent pump. The Autoterm manufactured fuel dosing pump reduces noise output by 95% - perfect for the lightest sleepers.
- Brushless fan motor. No one else is using this technology that provides much more torque and longer lifetime of the motor.
- Stepless fan speed. All other heaters use fixed fans speed steps, but Autoterm computer algorithm can precisely choose the fan speed required to achieve the best heater temperature response, which maintains room temperature more accurately and allows more efficiency from the heater.
- Balanced fan. Each heater fan assembly is run on a balancing machine, the balancing prevents noise and vibration from the heater even at its max speed of 4500rpm. Prevents premature wear of the heater.
- Air intake silencer included. This is a genuine silencer that helps make Autoterm heaters the quietest heaters in the market.
- Operation at -40 degrees. These heaters are built not to fail. They are relied on all over the world to provide heat in extreme weather conditions.

100-02502

AUTOTERM DIESEL AIR HEATER 12VOLT 2KW KIT WITH ROTARY CONTROLLER

The PU-5 Rotary Controller is very easy to operate and install. Simply turn the heater on and adjust the fan speed/heat output with the rotary knob.

100-02504

AUTOTERM DIESEL AIR HEATER 12VOLT 2KW KIT WITH DIGITAL CONTROLLER

The PU-27 Digital Controller is the recommended controller for most people as once you have it set up, you simply press one button and adjust the temperature up or down. It also has other functions the Rotary Controller does not such as multi day timers.

SPECIFICATIONS

COAST AWNING WALL KITS

An inexpensive alternative for Pop Top and Caravan owners to extend your living space whilst on holiday.

Innovative design has ensured that each Coast Awning Wall Kit is supplied with three doors (one on each wall),giving you flexibility on which side to open up for access. Suitable for rollout awnings (from 11ft - 18ft) these Awning Wall Kits are made from polyester; not only is polyester easy to wash and dry but it is known for its strength and durability.

BENEFITS AT A GLANCE

- Each window comprises three components: an outer polyester flap, Clear PVC and a flyscreen allowing for permanent airflow minus the insects!
- Installation is flexible (i.e. it can be fitted using telescopic poles or sail track)
- A draught skirt and wheel kit is provided with each kit, these are made from a light weight grey PVC
- Adaptable to suit awnings with its guide track at up to 9ft (2.7m) in height and projections of up to 8ft (2.4m)

SPECIFICATIONS

The walls are constructed of weaved Polyester yarns (0.46mm thick).

The windows are made from clear PVC with a 0.27mm thickness.

The side wall and front wall mudflaps are manufactured from a non-fraying, grey PVC with webbing.

The draft and wheel covers are made from a light weight grey PVC with webbing.

ORBIT ASTRO ANNEXE

The Orbit Air Astro Annexe is an inflatable annexe suitable for various caravans and camper trailers.

It is manufactured using high-strength waterproof 300D micro weave poly cotton canvas. Its lightweight structure and modern curved design make it very robust for optimal performance in high winds. The Orbit Air Astro Annexe provides an additional living or storing area while camping or caravanning.

150-06000

ORBIT AIR ASTRO ANNEXE 325 LOW

It protects you, your family, your friends and your gear from weather, dirt and insects. It is spacious and filled with light, while offering superior UV protection. Setting-up the Orbit Air Astro Annexe is simple and easy for anyone! You won't believe how soon your annexe will be set up leaving you to kick back and enjoy your caravanning adventures.

The Orbit Air Astro Annexe comes in 2 different heights to suit a multitude of caravan or camper trailer sizes: there is a "low" version for touring caravans and campers, and a "high" version for off-road variants.

FEATURES

- Inflatable for easy set-up
- Roof beam structure for simplistic rigidity
- Waterproof 300D micro weave poly cotton canvas
- Superior UV protection: UPF50+
- Excellent ventilation
- 3-layered window system (mesh, plastic & canvas)
- Super quick to set up and take down
- Wind skirt, ground sheet and dirt skirt included
- Plastic LED sleeve for fitting an optional LED light strip
- Pre-attached storm buckles and webbing straps
- Sail track included
- Hand pump with pressure gauge included
- Adjustable ladder bands and steel pegs included
- All packed in a practical carry bag

ORBIT AIR ASTRO ANNEXE 325 HIGH

FIAMMA CARAVANSTORE AWNINGS

A lightweight bag awning with a manual rollout operation. Specifically made for caravans and minivans, the Caravanstore Awning has an extra wide roller tube which can be rewound without the fabric wrinkling. It takes seconds to roll it out and since the legs are inside the roller tube, they too are quick and easy to position. The legs are hinged and telescopic so they can't fall out and get lost. The design of the Caravanstore Awning has been improved recently and it now comes with a Central Rafter fixing kit to ensure a centre rafter is installed safely (from Caravanstore 255). The lead bar now also features a second track so that a sunscreen or LED lights can be utilised.

EASY INSTALLATION

Slides easily into existing sail track. Once unrolled, simply pull out the legs and position accordingly. When it's time to pack up, the roller tube can be rolled up either way.

COLOURS AND MATERIALS

Housed in a soft bag with a self-lubricating zipper that won't get stuck. The canopy is available in Royal Grey and is waterproof, rot proof and UV resistant.

Use the table below to choose the right Caravanstore Awning for your RV.

Part Number	Description	Awning Length (A)	Canopy Length (B)	Extension (C)	Shade Surface	Weight
200-20000	Caravanstore 190	196cm	162cm	180cm	2.9m²	6.1kg

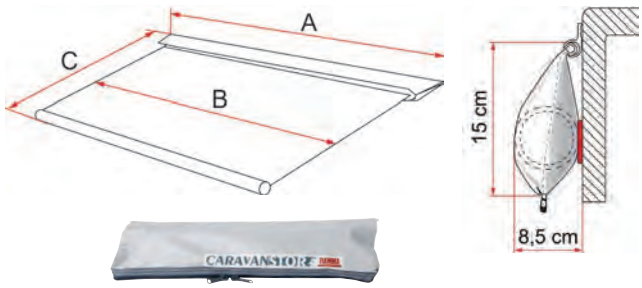
200-20004	Caravanstore 255	266cm	232cm	225cm	5.2m²	8.4kg
200-20056	Caravanstore 280	288cm	254cm	225cm	5.7m²	9.0kg
200-20058	Caravanstore 310	318cm	284cm	225cm	6.4m²	10.2kg
200-20060	Caravanstore 360	369cm	334cm	225cm	7.5m²	11.3kg



FIAMMA F35 PRO AWNINGS

Perfect for your minivan, 4x4 or even a station wagon. Housed in a light anodized aluminium case, the Fiamma F35 Pro has a manual mechanism—press the red button on the side of the casing to open and then walk backwards while unrolling the awning. The drop down legs are housed inside the roller tube.

Adapters are available to help with installation onto the roof racks of your vehicle. The fabric is printed on both sides on a UV-resistant and waterproof vinyl. The F35 Pro extends up to 225. Also comes with ropes and hooks for securing to the ground. Available in royal grey colour only.

FIAMMA F45 S AWNINGS

Fiamma's best selling awning has had a few cosmetic changes, with the result being a more compact and functional box awning. The lead bar now has two tracks allowing for use of a sunscreen and/ or LED lights. The F45 S range of awnings are simple to use and easy to install on the wall of your RV or horse trailer. Whennot in use, the F45 S takes up little space while snugly enclosed in its polar white aluminium case. It is sturdy and safe to operate, with an easy-to-hook winch loop. The canopy is available in five colours and is UV resistant, waterproof and washable. The colour is printed on both sides of the canopy.
Use the table below to help decide which F45 S awning is right for you.

Description	Awning Length (A)	Width (B)	Extension (C)	Shade Surface	Weight
F45 S 190*	185cm	169cm	100cm	1.7m2	11.5kg

FIAMMA F45 AWNINGS

Perfect for larger RVs the popular F45 TiL has been improved to create the F45 L awnings, featuring an increased box size and extra large roller tube. The F45L awning provides a large shaded area for your family to enjoy on your next holiday. Suitable for mounting onto the wall of your RV, F45 L awnings open and close by means of a crank handle and have a beautiful polar white aluminium case to compliment any RVs exterior. Silent when opening, closing and even during travel, the F45 L range is sturdy and easy to operate. Best of all, the F45 L case features two guide tracks enabling you to have a sunscreen and a front wall installed at the same time if you so choose!
Available in two colours, the vinyls are printed on both sides and are UV-resistant, waterproof and washable to ensure you get quality for your money. Supplied with one Straight Centre Rafter as standard (200-04602).

FIAMMA F80 AWNINGS

The new Fiamma F80s Awning range is the new, modern, and compact awning for roof installation. These awnings have an extremely small cross-section that allows it to integrate better with your vehicle's roof line curvature, and feature a number of improvements on its predecessor, the F65s.

NEW Triple Guide Feature
Three guides on the lead bar for fitting two front panels, awning shades or walls, and other accessories.

NEW LED Predefined Position in Lead Bar + Case
Housing for optional LED strips are built inside the case as well as the lead bar.

FEATURES

- Aluminum End Caps: Newly designed aluminum end caps for maximum strength.
- Extra-Strong Arms: Wider, reinforced and articulated arms with double steel cables for optimal canopy tension.

CANOPY FINISH

Available in two colours

- Royal Grey
- Royal Blue

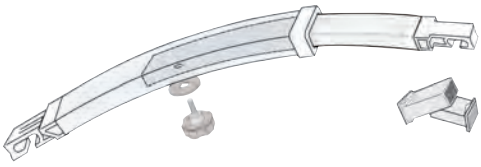
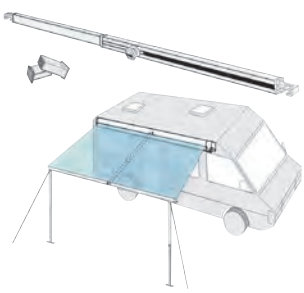
200-04600
FIAMMA CURVED CENTRE RAFTER PRO
A curved rafter which helps to eliminate water pooling and the canopy from flapping in the wind. It is easy to install, keeps the fabric taut and also provides more under-canopy clearance. Made from two anodized aluminium telescopic bars, the Rafter Pro is best suited to awnings that have an extension of up to 250cm. Its minimum length is 144cm but can extract to 265cm.



200-04602
FIAMMA STRAIGHT CENTRE RAFTER
Made from anodised aluminium, the Straight Rafter helps to keep the awning taut. It comes with wall clips allowing you to mount it, for storage, inside your vehicle. Best suited to awnings that extend up to 250cm, the Straight Rafter's extension ranges from 142cm – 265cm.



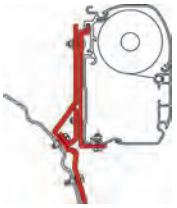
200-04612
FIAMMA CARAVANSTORE CENTRE RAFTER XL

FIAMMA ADAPTOR BRACKETS

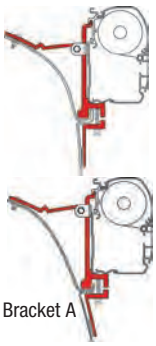
If you like the look of Fiamma's F45 range of awning but your RV does not have a flat-walled surface to mount it on, do not worry! Fiamma have a range of adapter brackets allowing you to fit an F45 awning to your RV, some of which don't require any drilling!

200-04630
FIAMMA AWNING VW T2/T3 FITTING BRACKETS FOR F45
Suitable for VW T2 and VW T3 vehicles manufactured after 1980. No drilling required. Kit comprised of x2, 8cm brackets.

200-04632
FIAMMA AWNING VW T4 FITTING BRACKETS FOR F45
Suitable for VW T4 and VW T4 with a Lift Roof. Drilling required. Kit comprised of x2, 8cm brackets.



200-04634
FIAMMA AWNING VAN FITTING BRACKETS FOR F45
Suitable for vans such as Fiat Ducato (manufactured before 1994), Ford Transit, Mercedes Sprinter 208D KB. Drilling required. Kit comes with x2 types of brackets (x2 of each supplied), one suits Fiat Ducato (manufactured before 1994); the other suits Ford Transit, Mercedes Sprinter 208D KB. Brackets are 8cm in length.



200-04635
FIAMMA AWNING FIX INSTALL BRACKET "S" (1PCE)
Suitable for RV's with a flat outer wall. An optional extra bracket for those who wish to strengthen their current mounting. Drilling required. Kit comprises of x1, 12cm "S" bracket.

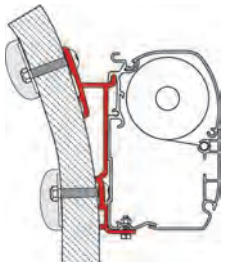
FIAMMA AWNING MOUNTING BRACKET FOR F45 15 DEGREE
Suitable for RV's with a slight curve towards the rooftop and for those wanting to mount the awning closer towards the curve of the roof. Drilling required. Kit comprised of x1, 11cm bracket.



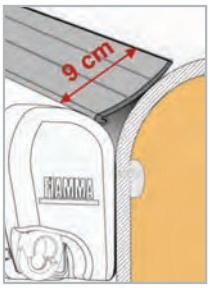
200-04682
FIAMMA F65S AWNING FIXING KIT
Suitable for VW Crafter and Mercedes Sprinters with high roofs built after June 2006. Comprised of x1 12cm bracket, x1 53cm bracket and x1 60cm bracket.

200-04714
FIAMMA F35 AND CARAVANSTORE PLASTIC RIVET
Snap on rivets for the awning leg end on the following models: F35, Caravanstore, F45 and F65. Sold in pairs.

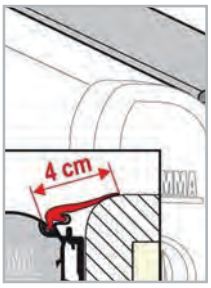
FIAMMA AWNING RAIN GUARDS

Awning rain guards are a great solution to prevent water from dripping behind the space where your Fiamma awning has been mounted. Made of rubber, the rain guard is installed onto the awning case (no need to remove the awning). Comes in three widths and in 550cm lengths.

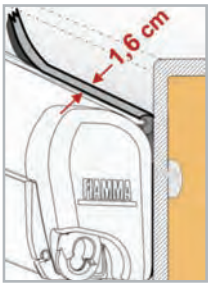
200-04802
FIAMMA AWNING RAIN GUARD L 550CM
Suited to awnings that have been fitted using one of the adapter brackets that resulted in a gap of up to 9cm between the awning case and the RV wall. Can also be used on curved walls.



200-04806
FIAMMA AWNING RAIN GUARD M 550CM
For awnings, mounted with adapter spaced out from the wall (up to 4cm) or on curved walls.



200-04811
FIAMMA AWNING RAIN GUARD S 550CM
For awnings installed with the standard AS120 bracket on flat walls. Fits the 1.6cm gap between the flat wall of the RV and the back of the awning case.

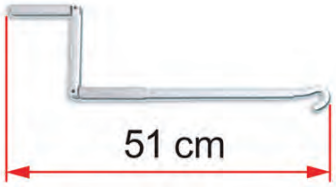


200-04896
FIAMMA WINDING HANDLE TELESCOPIC
This telescopic handle is standard delivered with the F45L awning. Made from light aluminium, it is ideal for high motor homes or caravans, allowing users to easily unwind their awning without stretching. Weighs only 1.32kg. Min length is 154cm but can extend up to 240cm.

FIAMMA AWNING ACCESSORIES

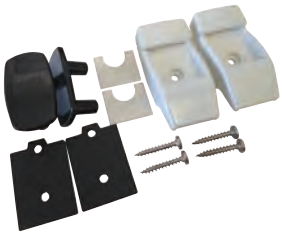
200-04898
FIAMMA WINDING HANDLE STANDARD 123CM
This 123cm crank handle is standard delivered with F45S awnings up to 400cm. It has a folding handle and is made of ultra light aluminium. It can be cut down if required and weighs only 0.4kg.

200-04900
FIAMMA WINDING HANDLE SHORT 51CM
The shortest of Fiamma's crank handles the 51cm version is also made of light aluminium, meaning it only weighs 0.24kg. Ideal for smaller/ lower RVs.



200-04901
FIAMMA ALU WALL BRACKETS FOR AWNING LEGS
Made of aluminium, these are installed on the outside wall of your RV, allowing you to mount the legs of awning on the side of your RV (instead of vertically dropping to the ground). Suitable for Fiamma F45S, F45L, F65, Caravanstore and F35 awnings. Comes in a set of 2.

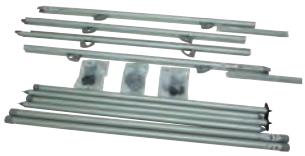
200-04902
FIAMMA LEG WALL BRACKET KIT FOR F45 AWNINGS
These wall brackets are made of a sturdy, white plastic to complement the colour of your RV. Suitable for F45S and F45L awnings. Comes in a set of 2.



200-04910
FIAMMA LEG WALL BRACKET KIT FOR F45 AWN DEEP BLACK

200-05316
FIAMMA F45 TI SUPPORT LEG REGULATION HAND WHEEL KIT
This hand wheel secures the extendable legs on Fiamma awnings at the chosen height.

200-08002
FIAMMA FAST CLIP



Used to attach the walls of a Fiamma Privacy Room to an awning canopy, the improved Fast Clip system is suitable for use on awnings with a 250cm extension only. Its upper bar is now divided into 4 pieces allowing for precise closing at each section. Each section is now stronger with strengthened joints to minimise central bending. The levers have been made stationary (they can't come out of their position) and larger. This allows for easier unhooking. By turning the levers, the grip on the awning canopy can be increased/decreased. The plastic end caps have been shaped to limit damage to the side walls when threading them into the track on the Fast Clip System.

200-08004
FIAMMA TIEDOWNS (BLACK)

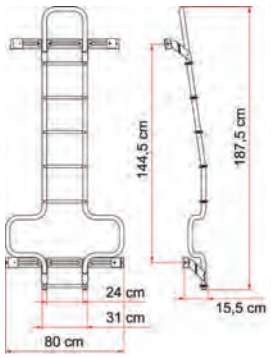
FIAMMA DELUXE 5B LADDER
A quality aluminium ladder for sleeping berths in RVs. It has a 15º inclination and handy nylon hooks to hold it in position. The 5B Ladder has five steps.
Weighs: 2.6kg

250-02039
FIAMMA DELUXE 6 DJ
A sturdy and lightweight external ladder with non-skid steps. Made from anodised aluminium, it is supplied with fixing bars for quick and easy installation on the rear door. It can also be combined with the Carry Bike 200 DJ (part number 350-02096). The Deluxe 6 DJ is suitable for installation on the following vehicles: Fiat Ducato, Citroen Jumper, Peugot Boxer and Ford Transit (with double rear doors built after 2006). It has six steps.
Weighs: 6.5kg



250-02040
FIAMMA DELUXE 8 EXTERNAL LADDER
A quality aluminium ladder that is sturdy enough for external use. It has a comfortable 24cm step width with non-skid rungs for added safety. The 8 External Ladder can be folded up during travel and can be installed on the following vehicles: Fiat Ducato, Citroen Jumper, Peugeot Boxer and the Ford Transit (with double rear doors built after 2006). It has eight steps.
Weighs: 5.5kg

AUSSIE TRAVELLER ANTI-FLAP KITS

Aussie Traveller's new standard AFK with provision for LED lighting (not available yet but coming soon). Contains an additional external sail-track for the easy addition of a patio awning extension. Aussie Traveller's patented Anti Flap Kit offers a wind and waterproof method to attach walls to your awning.
Aussie Traveller has designed the Anti-Flap Kit (AFK) to help overcome two of the major problems faced by owners of all brands of roll-out awnings.

1. It Helps to Prevent Wind Flap and
2. It has the Ability to Successfully Add Walls.

The Anti-Flap Kit (AFK) breaks down to 4 individual sections (2 pieces per end) which when joined together, form a full-length clamp. This full-length clamp holds to the awning fabrics' outside edge and helps prevent wind flap. It also includes a sail track to accept walls.

200-12300
AUSSIE TRAVELLER SHORT ANTI FLAP KIT - WITHOUT LED WHITE
Suited to rollout awnings that extend from 210cm up to 220cm

(set of 2)

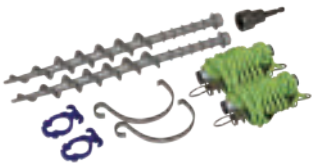
200-08019
COAST PREMIUM AWNING TIE DOWN KIT
The ultimate tie down kit to keep your awning safe and secure! It can help prevent damage to your awning caused by high winds.



200-08020
HAPPY HOOK AWNING TIE DOWN KIT
Designed to pull the roller tube down to tighten the awning vinyl and reduce flapping caused by wind.

200-08150
RV AWNING STABILISER KIT
Secure your awning economically. Extra holding power of spiral stakes works well in all kinds of soil. Tension units keep ropes securely taut. Easy-to-use kit stores compactly and fits all roll out awnings. Great for use on the beach, it attaches to the ends of the roller bar on your awning.
Fits all awnings

200-08160
AWNING HOLD DOWN STRAP KIT
Secures your roll out awning by distributing the tension evenly across the canopy. It is a wrinkle resistant strip that fits awnings up to 25'. Kit includes strap, stakes, springs and brackets.

AWNING ACCESSORIES

200-08034
RV TWINTRAK FOR HANGING LIGHTS

Suitable for awnings up to 18' (5.5m), the Twintrak conveniently turns a single track into a twin track. It allows you to hang sunscreens, lights or other RV accessories all at the same time. Made from strong plastic the Twintrak is supplied in x6, 3' (x6, 91.4cm) pieces.

200-08144
RV AWNING PARTY LIGHT HOOKS

Sturdy sewn fabric tabs with grommets that slide into the roller bar channel of your awning. It enables you to hang lights, wind chimes and other lightweight items from the edge of your canopy. Each pack contains x7 tabs.

200-08142
AWNING HARDWARE STRAPS

These Velcro straps allow you to replace old or lost awning straps belonging to your rollout awning. They measure 12" (30.5cm) and can also be used to secure other items such as leads or hoses around your RV. Comes in a pack of two.

200-08080
VLP VINYL REPAIR TUBE

Great for mending pinholes, rips or tears on awnings and canvas. VLP is a clear, high strength and flexible adhesive that is suitable for use on most types of flexible vinyl surfaces. It has an air dry formula that dries clear, thus blending with coloured fabric. Typical use is on vinyl furniture, awnings, tarps, vinyl sheeting, luggage, rain gear, covers, tent floors and boots. All surfaces to be glued must be free of oil and dust: to achieve this, simply wipe the surface with alcohol and let it dry before applying VLP.

Specifications
Temperature Use Range: -10°F to 200°F (-23.3°C to 93.3°C)
Tensile: (ASTM D-882) 2900Psi

200-08082
FIXMYTEAR - 30CM CLEAR REPAIR PATCH

Fixmytear is popular product used to repair a variety of vinyl tears it is perfect for the caravan awnings and can even be used on canvas found in truck curtains, jumping castles, inflatable boats, boat sails, rubber waders, tents & more.

200-08086
CAMCO RV AWNING REPAIR TAPE - 3' WIDE X 15' LONG

Camco's RV Awning Repair Tape is a permanent repair for rips and punctures on your RV awning. Use it for RV, boat sails, canvas, tents, rain wear, backpacks, popup campers and more. It has an aggressive adhesive and resists tearing in any direction. The roll is 7.6cm wide x 4.57m long.

200-08270
COAST CURVED ROOF RAFTER (WHITE)

Designed to give your awning canopy a gentle curve enabling rain to run off with ease. Keeping your awning canopy taut it also minimises flapping caused by wind. The Coast Curved Rafter is suitable for awnings that extend up to 8ft (243cm).

COAST PREMIUM RAFTERS

Featuring a curved top which is gentle against awning fabric, these rafters are designed to give your awning a curve and avoid water pooling. This clever rafter also keeps awning fabric taut and to minimise flapping, this is especially helpful during the rainy season, or in windy areas where your awning is more likely to get damaged.

200-08272
GENTLE-CURVED AWNING RAFTER
- Extends to 274cm

200-08273
HIGH-CURVED AWNING RAFTER
- Extends to 273cm

200-08276
COAST PREMIUM - BLACK GENTLE-CURVED AWNING RAFTER
- Extends to 274cm

200-08278
COAST PREMIUM - BLACK HIGH-CURVED AWNING RAFTER
- Extends to 273cm

150-00110
SPIGOT MOUNT BRACKET
Suitable for use with steel extension poles and curved roof rafters.

AUSSIE TRAVELLER CURVED ROOF RAFTERS

Curved Roof Rafters have a dual purpose - to prevent the awning canopy from sagging, ensuring water run-off, and for keeping the awning fabric taught, reducing wind flap. Awnings that flap can cause your RV to shake or even cause damage to the awning itself. Aussie Traveller has produced two types of telescopic Curved Roof Rafters - suiting most brands of rollout awnings.

Please see the guide below to see how many rafters are recommended per awning:

Awning Size	Recommendation
11' and under	1
12' – 16'	2
17' – 20'	3
21' and over	4

200-08280
AUSSIE TRAVELLER CURVED ROOF RAFTER MAXI INCLUDING BRACKET

Specifications

200-34180
CAREFREE AWNING DOOR ROLLER N' DISC

CAMPER BAG AWNING POLES

JAYCO CAMPER BAG AWNING POLES

Designed for Jayco Camper Bag Awnings, these handy poles can be used to replace those that have been lost or damaged.

SPRING LOADED FRONT POLES

Available in the range there are 4 sizes of spring loaded Front poles that range from 8 to 12 ft. These support the front length of the awning and can be broken down into smaller sizes for easier storage.

UPRIGHT POLE

The Upright pole feautres a rubber foot for grip and stability and are made to clip into a Front pole. The Upright pole can be extended and feature a convenient locking mechanism. Lift the handle and
the pole can extend or retract, close the handle and the pole is securely locked in place.

TOP POLE

The Top pole has a hooked end that slots into the mounting point on a Jayco Camper and are also made to clip into the Front pole. The Top pole can be extended and feature a convenient locking mechanism. Lift the handle and the pole can extend or retract, close the handle and the pole is securely locked in place.

200-08820
TIDY TURF MATS
THE DONK MAT - 100X150CM

Makes for a fantastic family size mat, it will even fit your pooch. It's nice having something that's a little larger for the times you're camping on sand or dirt.

FLOOR MATTING

ENDUROMATS

Perfect for camping, these Australian made mats help to keep your RV cleaner. Small dirt particles, such as sand, fall through the mesh, leaving larger stones on top for easy removal. Made of a PVC welded fibre, Enduromats are strong, durable and tough but not on the grass underneath! The mesh style fabric allows air to move beneath its surface allowing grass to breath. Non-slip and mildew resistant, the lightweight mat is easy to carry and store. Because nothing sticks to the Enduromat, minimal maintenance is required. To clean, simply shake the mat and then fold as per normal to put back into the bag. It is even UV resistant so it will maintain its colour for years.

200-08400

TRAVELITE FRONT SUNSCREENS

Coast to Coast have a brand-new range of Travelite Sunscreens that offer plenty of shade and privacy around the RV at an unbeatable price. The new Travelite range is designed to suit most popular awning styles and van types including roll out awnings, box awnings, campers and features end walls to suit both caravans and pop tops. Travelite Sunscreens are a great value solution for additional shade and privacy for your RV's outdoor living area. Each sunscreen is backed by a huge 4-year warranty and features double stitched edges to prevent fraying. Travelite makes fitting a sunscreen as easy as ever, simply thread the spline through the track in your awnings lead bar or utilise the Velcro straps for an end wall. Travelite is the new benchmark for great value sunscreens, each one comes complete with D rings, guy ropes, heavy duty pegs and a convenient, zip-up storage bag.

PREMIUM COAST FRONT SUNSCREENS

Coast's range of sunscreens has been redesigned resulting in a stronger and more functional sunscreen. The front and side sunscreens now feature an improved spline that won't kink over time. There are also newly added reinforcing triangles (with D-rings) that enable the sunscreen to be secured to awning legs. They are still quick and easy to fit. Once you have taken it out of the packaging, shake it out like a blanket and grab the end without the eyelets. Simply thread it through the track on your awning lead bar.

KEY FEATURES

- Improved spline
- Added reinforced triangles with D-rings
- Hemmed edging all around to prevent fraying
- Comes with guy ropes and heavy duty 8mm steel pegs (for securing to the ground)
- Offers extra privacy
- Now with a huge 5 year warranty

ARPAN5A TEST RESULTS

- Cover Factor: 91.0 +/- 2.5
- UVR Block: 90.4% +/- 2.5%
- Shade Factor: 86.6 +/- 2.9
- Calculated Protection Factor: 11*

* The Calculated Protection Factor is for the material only and does not account for the effect of indirect UVR when situated at a distance from the persons being protected.

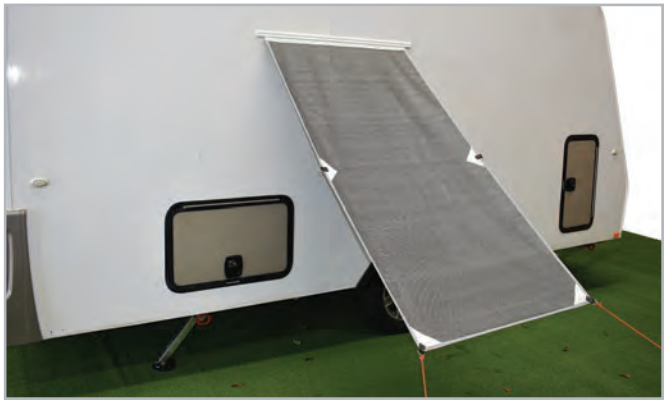
200-09355 - Black Finish
COAST FRIDGE VENT SUNSCREEN
Designed to shade the fridge area of your RV. The Coast Fridge Sunscreen will lower the ambient temperature around your fridges vents allowing the fridge to perform better on hot sunny days. The Coast Fridge Sunscreen comes with almost everything you need to install the screen yourself, including 1100mm of sailtrack and eight 12mm x 6 gauge stainless steel mounting screws. To give the finishing touches, the installation kit also includes mould insert to cover the mounting screws and specially designed caps for each end of the sailtrack.

FEATURES
- DIY Installation Kit (includes sailtrack, mounting screws, mould insert and end caps)
- Kink free 6mm spline
- Tough reinforced D-rings
- Hemmed edges all around to prevent fraying
- Guy ropes and heavy duty 8mm steel pegs (for securing to the ground)
- Comes with a huge 5 year warranty.



CAREFREE ALTITUDE

Altitude introduces a new high in awning intelligence and style. This advanced awning helps set your RV apart from the crowd with features you might find on much higher priced products.

Altitude makes the outdoors the 'coolest' part of any RV. Today's RV owners enjoy entertainment, connectivity and technology that simplify RV living. Our Altitude awnings are loaded with the latest technological features including operation through the Bluetooth™ enabled smart phone app that allows you to extend, retract your awning, turn of/on or dim the LED light, and even adjust Carefree Motion's sensitivity to wind.

Altitude™ has been developed to provide OEMs an easy to install, contemporary patio awning that fits the lifestyles and tastes of todays younger, more tech savvy, on-the-go RV buyers. It follows Carefree's automotive styling and is designed to complement the Caravan sidewall rather than clutter it.

FEATURES

- Memory Pitch. Awning extends out to the same pitch it was retracted from.
- Exclusive Pitch Adjustments. Now with easier to use buttons for adjustment and you can change the pitch when the awning is closed!
- Bluetooth Enabled. The optional wireless awning control system and mobile app allows you to control awning extension, retraction, LED lighting, and the sensitivity of the wireless motion sensor right from your mobile device.

CAREFREE ALTITUDE AWNING HARDWARE

Suitable for pop-tops & caravans due to their compact height. The pitch angle is adjustable with six different levels thanks to a simple but sturdy pin setup. The Altitude hardware also features inbuilt shocks for reliability that will soak up bumps and jarring while on the road. They are strong enough to support the awning without the use of legs, but If your planning longer stays, Carefree recommend the use of their HD Support Pole Kit 200-33066 (coming soon).

200-37430
CAREFREE ALTITUDE BT-12 CARAVAN ELECTRONICS

This optional electronics kit enables Bluetooth™ operation of the Altitude through a compatible smart device. It also includes a Combination switch that allows a Master ON/OFF as well as a one touch EXTEND or RETRACT button. This kit allows you to:

- Open & Close the awning
- Turn the LED light bar On
- Adjust the brightness of your LED light bar
- Position the angle of the LED by bringing in or taking out the Awning
- Adjust the optional motion switches sensitivity to complete override if this is installed
- Get your exact extension every-time you open the awning via setting the memory in the app
- Bluetooth module included

ALTITUDE ACCESSORIES

200-37432
CAREFREE ALTITUDE BT-12 MOTION SWITCH

This switch mounts on the awning to detect unwanted motion such as wind. If extreme wind is detected it will tell the awning to promptly get out of harm's way by automatically retracting. This is a great bit of insurance should you be away from your van and the wind suddenly picks up.

200-37434
CAREFREE ALTITUDE BT-12 REMOTE

A great little extra as with this simple remote control so you can open and close your awning as well as turn on the LED & adjust the brightness without having open up a smart device.

200-37436
CAREFREE ALTITUDE BT-12 SWITCH KIT

This is a replacement switch which is mounted to the interior of the van which is then hardwired into the BT Module, it will control the basic operation of the awning being extend or retract as well as master power on/off switch.

200-37438
CAREFREE ALTITUDE BT-12 CONTROL MODULE

This part here is a replacement Bluetooth module on its own if required, its function is to communicate all functions from the switch or app to the awning.

200-37440
CAREFREE ALTITUDE LED SWITCH WITH FUSE

Simply an on/off switch to operate the LED bar from the inside of the van, this switch can be installed in any inside location but will need to be hardwired in to work. simple item for a simple operation & includes a fuse for added safety.

200-37442
CAREFREE ALTITUDE EXTEND & RETRACT SWITCH WITH DYNAMIC BRAKE

If the BT-12 option is not suited to your customers, maybe due to it being too "TECH SAVY" for the end user or if the OEM wants to still have the New Motorised hardware for ease of operation but it's a cost sensitive option then this Manual operation switch will be needed at a minimum.
To use simply hold down the OUT button to extend the awning and when the awning is fully extended you let go of the button, to retract simply hold down the IN button and again let go when the awning is completely rolled up in its travel position. If your customer wishes to use their OWN switching/control system ensure it has a "DYNAMIC BRAKE" ability built into the switch or the unit will not operate correctly.

200-33066
CAREFREE ALTITUDE HD SUPPORT POLE KIT

The new Carefree Altitude HD Support Pole Kit is a purposed-designed support pole kit to suit Carefree's Altitude Awnings, and other rollout awnings without support legs. Staying in one place for an extended time with an Altitude awning will require them to have some kind of upright support.

The HD Support Pole Kit comes with two connecting heads so it can be used to support awnings with roll bars as well as box awnings. They are designed to fit both Carefree and other branded awnings.

Important! When using this kit with Altitude awnings, or any powered awning, ensure that the awning's power is switched OFF prior to installation! This prevents any sensors the awning has from activating and causing it to retract. If you need to adjust the awning pitch after set up, loosen the pole's straps and lower before adjusting.

FEATURES

- Cradle head to support awnings with roll bars
- Stabiliz'r Grip head to allow securing to a box awning
- Poles feature crank knobs to secure the pole to the adjusted height
- Comes with stakes and straps to secure the poles to the ground and awning.
- Designed for quick set up, under 5 minutes!

200-33070
CAREFREE STRAIGHT RAFTER - WHITE

200-33072
CAREFREE STRAIGHT RAFTER - BLACK

Carefree's new Straight Rafter is a straight rafter designed to add rigidity and further support to your awning.

Installing the Straight Rafter is simple and easy with two methods of connecting to the roller tube available. The rafter can be attached using the pin with a hole drilled into the roller tube or with no drilling into the roller tube required the mounting cradle fits around the roller tube and firmly holds the rafter in place.

The Straight Rafter also includes an industry first utility slot to quickly hang side blockers, side panels or other awning accessories.

The Straight Rafter is available in Black and White hardware colour options.

200-33080
CAREFREE CURVED RAFTER - WHITE

200-33082
CAREFREE CURVED RAFTER - BLACK

Carefree's new Curved Rafter is a curved rafter designed to add rigidity and further support to your awning.

Installing the Curved Rafter is simple and easy with two methods of connecting to the roller tube available. The rafter can be attached using the pin with a hole drilled into the roller tube or with no drilling into the roller tube required the mounting cradle fits around the roller tube and firmly holds the rafter in place.

The Curved Rafter also includes an industry first utility slot to quickly hang side blockers, side panels or other awning accessories.

The Curved rafter is available in Black and White hardware colour options .

CAREFREE ROLL OUT WINDOW AWNINGS

Window awnings offer an alternative to roll out awnings but still provide essential protection from the sun. Carefree have modified their window awnings to incorporate a more streamlined design. The vinyl has also been given an update to an opaque white, complementary to any RV exterior. Two types of Carefree Window Awnings are available, the SL and the SL XL. The SL window awning is suitable for windows less than 36" (91cm) in height. If your window is more than 36" in height, you will require the SL XL window awning.

CAREFREE FIESTA ROLL OUT AWNINGS (NO ARMS)

Carefree's vinyl fabric features a superior construction with the top portion being called the Weatherguard – this protects the fabric from the sun, scrapes and exposure when the awning is rolled up. The Carefree Fiesta has long been a favourite amongst RVers, not only in the USA but here in Australia as well. It is a simple to use manual, spring loaded, rollout awning featuring a vinyl weatherguard as previously mentioned. The 8' – 14' awnings project up to 7'3" (2.21m), while the awnings from 15' – 21' project up to 7'9" (2.36m).

FIESTA FEATURES

Remote and Travel Locks
These work together to ensure the Fiesta does not come undone during travel. They eliminate the need for you to stretch and fumble for the roller lock.

Canopy Clamps
Built onto the hardware and self storing. Canopy Clamps help to keep your awning taught and provide extra protection from the elements. Not available on arms supplied to suit poptops.

Heavy Duty Brackets
Solid and rugged, the awning hardware and castings are white to suit the trim of any RV.

Single Track Slider
Located on the inside of the hardware channels, it eliminates the rafter binding during setup and storage. You get a smooth gliding motion as soon as you slide the rafters up the hardware arms

When replacing the Spring Assembly on your Carefree Fiesta (rollout) awning, take note of the following:

SPRING WIND CHART		
Length of Awning	Winds with Awning Closed	Winds with Awning Open
7'11" or less	6	14
8' – 12'	5	13
12' 1" – 18'	7	15
18' 11" and longer	8	16
To wind, rotate the end plug over the top and away from the RV		
To unwind, rotate the end plug over the top and toward the RV		

CAREFREE ECLIPSE AWNINGS

The Carefree Eclipse awning is yet another innovative design from these 40 year strong manufacturers. It is a 12V electric awning that extends (and retracts) at the touch of a button (usually mounted near the door of your RV). You can choose to unwind it partially or to its 2.3m full extension. As the worm-gear motor unwinds the canopy, the arms glide up the vertical track (mounted to the outside wall of your RV). The end result is a stable canopy with truss like support. To retract the Eclipse simply hold the button and the motor will roll it up tight against your RV and that's it, eliminating the need to fumble for roller locks:

ECLIPSE FEATURES

Unmatched Performance Eclipse has remarkable strength and support for an automatic awning, not to mention it's stylish good looks.

SELF LEVELLING

No need to level the canopy before you roll it up and the genius part is that when you do unwind it again, it will unwind to its last setting.

RAIN-DUMP FEATURE

When your Eclipse is on a flat pitch and rain is pooling on the canopy, the gas strut will momentarily retract and dump the water.

ADJUSTABLE PITCH

There are 6 settings on the awning arm giving you options to maximise shelter from the sun and rain.

200-36840
18' ECLIPSE 12V SILVER SHALE FADE (NO ARMS, NO SPRINGS)

** All Carefree awnings are sold in two components, the vinyl and the hardware (arms). The hardware required will vary depending on size and type of RV. Please contact a Coast Team member to determine the correct hardware for your RV.*

200-33000
CAREFREE WHITE SHORT HARDWARE (POP TOP)
Best suited for Pop Tops or smaller caravans with a straight outer wall i.e. walls with a height of 1.6m – 1.7m from the floor line up to the awning railing.

200-33002
CAREFREE BLACK SHORT HARDWARE (POP TOP)
Suitable for use on Pop Tops or smaller caravans with a straight outer wall i.e. walls with a height of 1.6m – 1.7m from the floor line, up to the awning railing.

200-33008
CAREFREE BLACK LONG HARDWARE (UNIVERSAL)
Suitable for use on larger caravans with a straight outer wall i.e. walls with a height of 1.7m – 2.1m from the floor line, up to the awning railing.

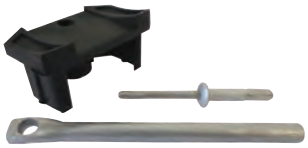
200-33010
CAREFREE WHITE LONG HARDWARE (UNIVERSAL)
Best suited for larger caravans with a straight outer wall i.e. walls with a height of 1.7m – 2.1m from the floor line up to the awning railing. Comes with remote lock.

200-33012
CAREFREE AWNING HARDWARE 12V ECLIPSE
12V Awning arms to suit the Eclipse awning. Must be fitted to a flat-walled caravan or motor home. It is 10.8cm wide and requires 1.8mt from the awning rail to the floor line.

200-33020
CAREFREE WHITE CURVED HARDWARE BENT TOP AND BENT LEG
Suits RV's with a curved outer wall.

200-33022
CAREFREE WHITE CURVED HARDWARE BENT TOP AND STRAIGHT LEG
Suits most RV's with a curved roof such as Winnebagos and Renault Trafic.

200-34150
CAREFREE SPIGOT KIT FOR CAREFREE RAFTERS
The Spigot pin fits into the end of the Carefree Centre Rafter, which is then inserted into the awning barrel when extended.



200-33030
CAREFREE RAFTER STANDARD
The standard rafter has an awning support cradle and is easy to use. The end with the awning support cradle attaches to your RV wall, allowing the rafter to swing out towards the awning roller (once extended). Simply tighten the knob on the roller and use the lever to fit to the roller. You can make the canopy as tight as you desire but take care not to stress your canopy roller. Comes in polar white and suits the Carefree Fiesta range of awnings.

200-33040 - White
200-33042 - Black
CAREFREE RAFTER WITH GROUND SUPPORT
Has the same benefits as the standard rafter but with an additional ground support leg. This prevents the awning roller from sagging (towards the ground) once the awning has been rolled out. The ground support and roller work together to keep the awning roller straight. Comes in polar white.

CAREFREE SUPPORT CRADLE

Fits all roller awning brands, the awning support has a pivoting head. Once you roll up your awning, the pivoting head receives the roller and supports it, eliminating weight stress and potential bowing in the centre of your awning roller. The awning supports will not damage the awning fabric. Recommended for use on flat walls of RVs and for awning widths of 16ft or greater.

Note: Awning 7'11" and shorter use only x1 R/Hand Spring i.e. there is no L/Hand Spring

TIPS FOR CAREFREE AWNINGS: CARE AND MAINTENANCE

FABRIC CARE

- Do not use oil-based cleaners or any granulated/ abrasive type cleaners on your Carefree awning.
- The easiest way to delay the need for a deep clean is to simply hose down the awning fabric once a month with clear water – this prevents dirt from becoming set in into the fabric.
- When the time comes for a thorough cleaning, you can leave the fabric on the frame. For vinyl fabric, simply use a soft brush and warm water with a natural soap. Allow the fabric to air dry completely before rolling back up.

MILDEW

- A fungus that looks like dirt.
- Common in areas where temperature and humidity is high, mildew can become a problem.
- Rinse fabric with clean water and allow to air dry completely before rolling back up.

LEAKING

- On vinyl canopies, side hems and poly cords are stitched with a sewing machine.
- The stitching may allow water to seep through – this is normal and not a warranty defect.
- In this instance, treat the seams with a seam sealer.

ARM CARE

- Always keep this clean to allow the arms and braces to operate smoothly.
- Periodically wash out the arm channels with a hose to keep them clean and eliminate dirt and debris.
- Once the arms have been cleaned and dried completely, you can spray the joints with a dry silicone lubricant.

CAREFREE FREEDOM 12V AWNINGS

Streamlined and easy to operate, Carefree have released the Freedom 12V box awning that mounts onto the side of your RV. By utilising the button installed inside your RV, you can open and retract the awning. Whilst opening the awning, the support arms (located in the lead bar) can be unfolded once it is at a comfortable and easy-to-reach height. The Freedom's support arms are adjustable by means of flip lock controls. To retract the awning, simply fold support arms back into the lead bar and press the button; the awning case closes and locks itself, so you are ready to continue your journey. The Freedom 12V awnings are housed in an attractive white aluminium casing and are available in two canopy colours.

Use the table below to determine which Freedom 12V awning is best for you:

Awning Size	Canopy Width	Canopy Extension
Freedom 2.5m	2.4m	2m
Freedom 3m	2.8m	2.4m
Freedom 3.5m	3.3m	2.4m
Freedom 4m	3.8m	2.4m
Freedom 4.5m	4.3m	2.4m

STABILUS GAS STRUTS

LIFT-O-MAT gas springs are non-locking gas springs. They are used whenever components must be brought conveniently into a defined end position. A LIFT-O-MAT can control the extension force and damping action depending on the function, ensuring user-friendly motion sequences.

ADVANTAGES AND PROPERTIES

- Optimised weight compensation during liftings, lowering, opening and closing actions
- Broad range of sizes and force variants available as standard products.
- Flat Spring characteristic curve; i.e., low force increase, even with high forces and large strokes
- Choice of linear, progressive or decreasing spring characteristic curves
- Compact form factor for installation in small spaces
- Large variety of end fittings for efficient assembly
- Dampened adjustment motion over defined ranges or continuously
- Extension speed control possible

CARAVAN BED FRAMES

Made from lightweight aluminium (which is 30% lighter than a standard steel bed frame), the Coast Bed Frames are designed in Australia. Their frame is powder coated in a neutral colour (stone beige) to compliment any RVs interior. Slats are made of sturdy European birch timber which is not a hard wood; it therefore offers more flexibility, making it more resilient to breaks. The slats have a textured finish on the side that makes contact with an applied mattress – this reduces shifting caused by movement. The slats are attached to the frame by means of rubber boots which are more flexible than the polypropylene alternative (as harder plastics tend to crack and split over time due to movement). Comes with a 1 year manufacturer's warranty on the frame.

250-00300
CARAVAN BED FRAME ALUMINIUM PRINCE SPLIT HEAD

Specifications
Dimensions (open): 1450W x 1580L (mm)
Dimensions (closed): 1450W x 1400L (mm)
Weight: 13.5kg

250-00302
CARAVAN BED FRAME ALUMINIUM DOUBLE SPLIT HEAD

Specifications
Dimensions (open): 1325W x 1580L (mm)
Dimensions (closed): 1325W x 1400L (mm)
Weight: 12.5kg

CANOPY LIFT MECHANISMS

150-00200
POP TOP INSERT BOWS
These curved bows slide into most pop top vinyl sleeves to ensure the vinyl or canvas folds in when the roof is lowered. They extend up to 255mm in length.

CANOPY LIFT MECHANISMS (FLAT)

A flat 'scissor' style canopy lifter which raises the roof on a pop-top or campervan. They are made of a steel track on the bottom and top sections, as well as two flat steel lengths that form an 'X' and pivot in the centre. Available in two lengths.

250-00500
CANOPY LIFT MECHANISM STANDARD TENSION SPRING

Specifications
Width: 900mm
Lift Height: 685mm
Weight Rating: 40kg

250-00510
CANOPY LIFT MECHANISM STANDARD TENSION SPRING

Specifications
Width: 700mm
Lift Height: 560mm
Weight Rating: 35kg

250-00520
CANOPY LIFT MECHANISM (TUBULAR)
A tubular 'scissor' style canopy lifter which raises the roof on a pop-top or campervan. It is made of a steel track on the bottom and top sections, as well as two tubular steel lengths that form an 'X' and pivot in the centre.

Specifications
Width: 900mm
Lift Height: 685mm

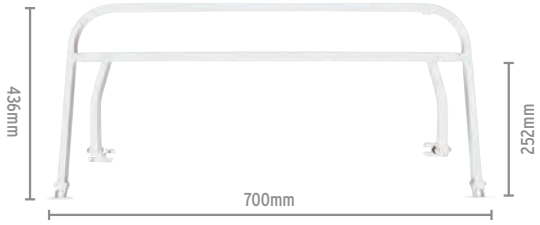
250-00530
CANOPY LIFT MECHANISM 1200MM
A flat 'scissor' style canopy lifter which raises the roof on a pop-top or campervan. It is made of a steel track on the bottom and top sections, as well as two steel lengths that form an 'X' and pivot in the centre.

Specifications
Width: 1200mm
Lift Height: 990mm
Weight Rating: 35kg

CANOPY EASY LIFT ARMS

Canopy easy lift arms (pair), made from 16mm square tube steel with a wall thickness of 1.2mm.
› White powder coat finish
› Sold per pair

250-00546
CANOPY EASY LIFT ARMS – SMALL



250-00548
CANOPY EASY LIFT ARMS – LARGE

250-00544

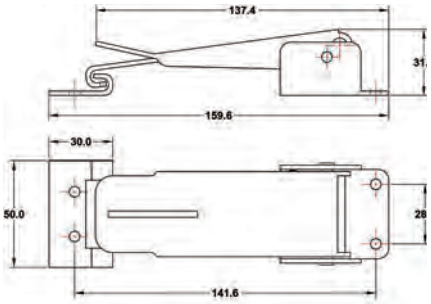
ROOF CLAMP FOR POP TOPS

250-00552
ROOF CLAMP FOR POP TOP – WHITE
(2 Part kit)



250-00554
ROOF CLAMP WITH J HOOK FOR POP-TOP BLACK
Essential for all pop tops, these roof clamps secure the roof in the lowered position whilst in travel. Comes as a 2-part kit, a clamp & small J bracket.

250-00560
J HOOK FOR WHITE POP-TOP CLAMP

250-00602
ROOF CLAMP FOR POP-TOP – SILVER
(2 Part kit)

250-00610
J HOOK FOR SILVER POP TOP CLAMP

250-00620
LOCKABLE ROOF CLAMP FOR POP-TOP – SILVER
Allows you to lock your pop top roof in the closed position by using a padlock. (Padlocks are not included).

200-08038
COAST POP TOP SUPPORT – WHITE
Give your pop top roof support when it is in the open position. Its telescopic mechanism makes it easy to use, and once the appropriate height is achieved, a simple twist locks it in position. Made from an aluminium tube with rubber caps on each end for a

Specifications
Closed Length: 34cm
Max Open Length: 50cm

250-03000
3 STAGE CAMPER LIFTER WITHOUT WINGS
Once you have successfully opened your Jayco camper trailer these lifters act as a support to keep your camper trailer in the 'open' position.

Specifications
Compacted ext: 770mm
Maximum ext: 2047mm

250-03100
COAST CAMPER ROOF SUPPORT POLE
Coast Camper Roof Support Poles are designed to provide additional support for your camper's roof.
Perfect for when your roof is up for long periods of time or if you have added additional load to your roof such as an awning. This product has the following great features:
› Made from white powder coated lightweight aluminium
› Rubber end caps for a non-slip fit
› Can be trimmed down to suit a range of RVs.

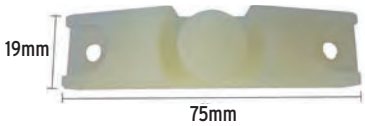
Specifications
Length: 1500mm
Width: 22mm
Length with Rubber End Caps: 1525mm
Rubber End Cap Width: 35mm

250-03009
CAMPER LIFTER CHANNEL DOOR
Door and surround to suit Jayco camper lifter channels.

250-03010
PUSH RODS 66"
These strong, flexible push rods guide the roof of your camper trailer upwards as you wind the crank. They help to push the lifter arm up.

PLASTIC BED SADDLES

250-03020
PLASTIC BED SADDLE TO SUIT CAMPER



TRULINE ALUMINIUM

250-02000
TRULINE ALUMINIUM WHITE 5M
Also known as Millard Series 80 Aluminium. This is a powder coated aluminium edging used to seal the joins of the exterior of your RV e.g. where the side wall meets the roof or the rear panel. (Has a 25mm lip to cover the roof or front/ rear).

250-02002

TAPE FOAM PVC SEALING

This general purpose foam tape is manufactured for use in applications requiring positive seals on irregular surfaces or when flex and conformability to tight radius curves are critical considerations.

- Low density foam is easy to compress and conformable, but is still strong and resilient
- Insulates against temperature, sound and vibration
- Formulated from durable Poly Vinyl Chloride (PVC) for long service life.
- Closed cell structure completely seals out air, moisture, light and dust when compressed at least 30%.

LIPPERT SLIDE OUT ROOMS

THE LIPPERT RANGE

Exclusively available through Coast to Coast, Lippert present their ready-to-use in Wall Slide Out Systems, allowing Autralian manufacturers to provide more living space to RV consumers without compromising overall size.
In order to provide greater flexibility, improved aesthetics and pricing, Lippert Slide Out Systems are no longer sold in kits. Individual components can now be ordered to suit your specific requirements and a list of parts and required quantities is now available.
For your convenience it is still possible to order all the components that make up each of the superseded kits. Just let your friendly Coast to Coast sales team know the kit number and quantity required and we'll handle the rest.

DURABLE AND CORROSION RESISTANT
Lightweight anodised aluminum resists rust better than systems with chains, cables and exterior mounting brackets.

MORE SPACE
Slide-Out mechanism fits inside the wall cavity leaving significantly more interior space. Other bulky systems require a slide room fascia to cover motor and pulleys.

LEAK FREE
The 50/50 power split ensures both slide room sides properly compress seals. Independent side control allows different stroke lengths to compensate for bulb seals setting or wearing down unequally.

LIGHTWEIGHT
Lightest slide system on the market keeps overall RV weight down.

NO ADJUSTMENTS
The In-Wall Slide-Out System never needs complicated adjustments.

SMART CONTROL TECHNOLOGY
Smart system continually monitors motors for safe operation, and stops the slide-out if an issue is detected.

SPECIFICATIONS
- Each Slide Out System (per side) consists of: x1 Motor Drive, x2 Drive Gears and x1 Torque Shaft
- Can be installed on RVs with a wall thickness of 25-38mm
- Has a manual override function
- Switch is mounted internally (to move room in or out)

GLO-X POWERLESS ILLUMINATION

Glo-X offers 'powerless illumination' and has been developed using the latest in light recycling technology. Due to its unique properties, Glo-X is ideal for use in areas where power is not readily available, but illumination is required.

300-01451
GLO-X 60MM ROUND MARKER

Glo-X Round Markers can be used for a wide range of applications including trailers, caravans, driveways, night guidance, fishing, boating, camping, post marking and safety markings. Easily attachable by a screw, rivet or bonding.

The Round Markers charge quickly with any form of powered or natural light and then illuminate for 10+ hours depending on light conditions. Applied to stairs or hidden obstacles during low light periods or in the event of a power failure. A Round Marker can add a personal touch of illumination to many products that will set you apart from others.

FULL LUMINANCE EFFECT IS BEST ACHIEVED IN TOTAL DARKNESS.

APPLICATIONS
- Trailer
- Guy rope tent peg marker
- Driveway / letterbox marker
- Night guidance
- Fishing, boating
- Camping
- Post marking
- Hazard safety marking

SPECIFICATIONS
Diameter: 60mm
Thickness: 4mm
Centre Hold Diameter: 5mm

GLO-X POWERLESS ILLUMINATION

300-01456

GLO-X 90 X 55MM SIGN TILE MARKER

Glo-X Sign Marker is easily locatable and encourages way finding and identification in low light situations. The size of a business card, this marker can be personally formatted into any symbol, wording or signage. Can be used for a wide range of applications including caravans, trailers, driveways, night guidance, fishing, boating, camping, emergency and personal identification, instructions and safety markings. The Sign Marker comes with a black marker pen to enable you to personalise the use and application of the signs.

FULL LUMINANCE EFFECT IS BEST ACHIEVED IN TOTAL DARKNESS.

APPLICATIONS

- Address and name marking
- Emergency equipment location marking
- Personal notes
- Hazard awareness
- Preventative signage

SPECIFICATIONS

Dimensions: 90 x 55mm
Thickness: 2.5mm

300-01457

GLO-X 42MM ZIP MARKER 4PK

Glo-X Zip Marker will charge quickly with any form of powered or natural light and then illuminate for 10+ hours depending on light conditions.

Glo-X Zip Markers can easily connect to an existing zip. With a wide range of applications available including tents, backpacks, sleeping bags and clothing, this zip marker is essential for use when locating a zipper in a low level light situation as well as being a powerless long lasting personal safety indicator. The Glo-X Zip Marker will charge quickly with any form of powered or natural light and then illuminate for 10+ hours depending on light conditions.

FULL LUMINANCE EFFECT IS BEST ACHIEVED IN TOTAL DARKNESS.

APPLICATIONS

- Easily clipped onto an existing zip
- Ideal for use when locating tent zips
- Perfect for backpacks, clothing and sleeping bag zips

SPECIFICATIONS

Length: 40mm
Height: 10mm
Thickness: 5mm

PALM PRODUCTS

Marc Newson Tritan Drinkware Collection
The Marc Newson Tritan Drinkware Collection is the result of a collaboration between designer Marc Newson, described as the most influential designer of his generation and the engineering and production skills of Robert Wilson and his team at Palm Products.

Their objective was to create the world's finest range of unbreakable drinkware which boasts the following features:

- Guaranteed unbreakable and dishwasher safe for 10 years in private use and one year in commercial use.
- Superior dishwasher stability – the drinkware will not crack, break, scratch or go grey and will resist staining.
- Non-slip base aids stability and acts as a coaster, protecting surfaces.
- Stable, shorter shapes with well-weighted, wide bases.
- Tumblers stack securely, saving space and preventing damage.

THE PALM CAFFE CUP

The Palm Caffe Cup has a beautiful, tactile design and many distinctive features:

- A leak-proof lid which clicks open and closed with a simple push.
- The lid has a ceramic feel and both the cup and lid area are made from a non-absorbent material eliminating stains and odours.
- A handy window showing how much is left in your cup
- The cup and lid click apart for easy and thorough cleaning.
- Dishwasher and microwave safe.
- Allows a natural drinking action- the lid allows the liquid to flow as it would from a cup and has a wider opening for other contents such a soup.
- Non-slip base and low centre of gravity for stability.

350-00052
BLACK SOFT PVC TOW BALL COVER

Protect your clothing from grease, fits securely thanks to the moulded shape, suits 50mm & 47.63mm (1 7/8") tow balls.

350-00054
BLACK CLIP-ON TOW BALL COVER

Fits securely thanks to the spring inside, suits 50mm & 47.63mm (1 7/8") tow balls.

350-00056
TOW BALL BUDDY COVER & SHIN PROTECTOR

Enhance the look of your tow bar and keep your shins out of trouble with the ark tow ball buddy.

- Clip on chrome cover
- Covers ball and ball mount
- Soft shin protector
- Suits 50mm and 1 7/8" tow balls

350-00060
HAYMAN REESE HITCH STEP

Designed to stay in place whilst towing, the Hitch Step mounts over your tow ball. Three simple steps is all it takes to assemble your step onto the towbar's tow ball mount. The step features a high grade aluminium body with machine cut non-slip tread, making it corrosion resistant and giving extra grip for those slippery situations.

- Easy to install, 4 bolts and you're done
- Fits virtually any towbar, with a flat sided tow ball mount
- Aluminium construction that is light-weight, corrosion resistant and looks great on the back of your car
- High-grip non-slip step, keeping you safe in the wet
- Raised upper lip to prevent you sliding off
- Ideal for boat owners, helps keep your feet dry when launching or retrieving your boat

SPECIFICATIONS
Weight Capacity: 120kg
Length: 355mm
Width: 75mm

350-00070
BLACK SHIN PROTECTOR

No more bruised shins. Made from soft rubber the shin protector fits securely over the tow bar goose neck.

SHACKLES

The current standard applying to shackles is AS 2741-2002, however this standard does not specifically cover the use of rated shackles in an application such as attaching a trailer to a tow bar. This standard covers the use of shackles for lifting purposes.

The Caravan Industry Association of Australia's recommendation is that a shackle meeting the requirements of AS 2741-2002 be used to secure rated safety chains up to 3500kg capacity.

Suitable shackles have the following specifications:

- Meet the requirements of AS 2741-2002
- Shackle grade is "S" or "6"
- Working load limit (WLL) is 1000kg
- Shackle diameter is 10mm
- Either "bow" or "dee" shackle design is suitable, although it is noted that the "bow" design provides greater angular displacement

A significant detail to understand is that the breaking load of a shackle is generally six times the working load limit." Source: RVMAP Technical Alert – D-Shackle Confusion Resolved, 20.10.2014

450-05000
DEE SHACKLE GALVANISED 8MM (5/16")

Not to be used with safety chains as this is a general purpose shackle.

450-05002
DEE SHACKLE GALVANISED 8MM (5/16")

Rated to 0.75t

450-05010
DEE SHACKLE GALVANISED 10MM (3/8")

With a working load rating of 320kg and a proof load rating of 640kg. Not to be used with safety chains as this is a general purpose shackle.

450-05012
DEE SHACKLE GALVANISED 10MM (3/8")

Rated to 1t

450-05020
DEE SHACKLE GALVANISED 12MM
A working load rating of 520Kg and a proof load rating of 1040Kg. Not to be used with safety chains as this is a general purpose shackle.

450-05022
DEE SHACKLE GALVANISED 11MM (7/16")
Rated to 1.5t

450-05024
DEE SHACKLE GALVANISED 13MM (1/2")
Rated to 2.0t

HYDRAULIC CONVERSION WITH 3/4" MASTER CYLINDER

Converts mechanical couplings to hydraulic couplings (a more reliable braking system), suited for vehicles with a hydraulic drum/brake set up, zinc plated.

MILENCO TOWING MIRRORS

350-00401
MILENCO AERO 4 GRAND - AUTOMOTIVE CONVEX GLASS - TOWING MIRROR (TWIN PACK)

The mirror head design (Registered Design) utilises airflow around your car to stabilise and balance the mirror head at speed. This mirror has been extensively tested at speeds up to 250kph (155 mph), to ensure that you get the best vision possible. This design also offers superior performance in high winds and the effect of passing large commercial vehicles has been minimised.

350-00402
MILENCO FALCON MIRRORS

Lightweight and strap free, these Falcon mirrors feature an aerodynamic head to limit vibration whilst towing. They're super easy to attach to your vehicle's existing side mirrors, simply position the rubber grips onto your side mirror and tighten the thumb wheels accordingly. The convex mirror head is adjustable to maximise your tow vision. The Falcon comes with a handy storage bag and is suitable for use on most 4WD's and vans e.g. Nissan Navara. Sold in pairs.

SPECIFICATIONS
Mirror Head: 220W x 140H (mm)
Arm: 420mm

350-00403
MILENCO GRAND FALCON CONVEX TOWING MIRROR (TWIN PACK)

The Grand Falcon Mirror offers a new design utilising a similar operation as the Milenco Grand Aero Mirror, but with using only a single thumb screw on each clamp for quick and easy fitting with a larger head, giving maximum field of view. Typically the larger field of view will show the roof, down to the wheels on the towed caravan/trailer.

Fitting is extremely simple with a single screw that clamps both the car mirror and the arm at the same time.

350-00405
MILENCO AERO 3 XXL WIDE CONVEX MIRROR (TWIN PACK)

The Aero Extra Wide Mirrors and Grand Aero Extra Wide Mirrors are the same as the Aero 3 Mirrors and the Grand Aero 3 Mirrors. This mirror has longer arms for wider caravans, RV's or travel trailers, the Extra Wide Mirrors are only available in convex.

This enables users to have a better field of vision, particularly in instances when they have a narrow car and a wide caravan.

350-00407
MILENCO GRAND AERO 3 EXTRA WIDE CONVEX TOWING MIRROR (TWIN PACK)

The Aero Extra Wide Mirrors and Grand Aero Extra Wide Mirrors are the same as the Aero 3 Mirrors and the Grand Aero 3 Mirrors. These mirrors have longer arms for wider caravans, RV's or travel trailers, the Extra Wide Mirrors are only available in convex.

The arm is approximately 41cm, as opposed to the Aero standard arm of 31cm.

This enables you to have a better field of view particularly when you have a narrow car and a wide caravan.

350-00409
MILENCO GRAND AERO PLATINUM TOW MIRRORS - TWIN PACK

The Aero Platinum Mirror is an innovative new design, specifically developed to securely fit to the extremely tapered mirror bezels, now found on increasing numbers of manufacturers vehicles to improve fuel efficiency by reducing aerodynamic drag.

350-00413
MILENCO MGI SAFETY TOWING MIRROR CONVEX SINGLES

This mirror is ideal for those who tow occasionally. The MGI - Milenco Safety Mirrors are simple to fit, but more importantly, they meet all the latest Safety Regulations for Towing Mirrors. The tensioning straps and handles means they can be adjusted to fit most typical traditional car mirrors. Sold in singles

REICH TOWING MIRRORS

Reich made quite a name for themselves when they developed the Move Control Series of caravan movers. Now these innovative Germans have produced a range of towing mirrors designed to give you a vibration free, hassle free & obstruction free towing experience. They feature a turn knob which controls the length of the straps, ensuring maximum tightening security onto the existing car mirror.

350-00600
REICH EXCELLENT VIEW TOWING MIRROR

The pioneer in the Reich Mirror Series, adjustable clip on mirror suitable for vans, 4x4's, motor homes etc, rigid construction minimizing vibration, has rubber suckers to protect your cars mirror, has a large 20 x 13(cm) convex mirror. Sold singularly.

350-00610
REICH HANDY MIRROR XL

Features positive adjustable straps with quick release, has an adjustable mirror head, the jointed arms allow for installation on large size vehicle mirrors, has a large 20 x 13cm convex mirror.
Sold singularly.

350-00620
REICH HANDY MIRROR XL EXTENDED

Same features as the XL mirror above but has longer arms making it suitable to tow wider & longer caravans. Sold singularly.

350-00640
REICH SPEEDFIX MIRROR

The name says it all! The Speedfix is a clip-on mirror with a patented rod end. The innovative fastening system, in conjunction with a semi-flex arm, ensures suitability with most 4WD and car mirrors. The rigid design and aerodynamic head ensures a vibration-free towing experience. Comes with a carry bag and is sold in pairs.

SPECIFICATIONS
Mirror Head: 220W x 120H (mm)
Arm: 350mm

350-01218
HAYMAN REESE COMPACT IQ PROPORTIONAL BRAKE CONTROLLER

The Compact IQ is the 'proportional' version of the 'time-activated' Compact brake controller (part number 350-01216 above). The Compact IQ encompasses minimalism, thanks to its super easy plug and play installation. Two dials are left on the dashboard facilitating easy operation, while the actual controller is installed behind or under the dashboard. Suitable for use with 1-3 axles, it includes a 'boost' function to give the driver the ability to set a minimum braking power. An LED indicator (one of the dials on the dashboard) constantly shows the status of the braking system. The Compact IQ is fully compatible with Electronic Stability Control systems and comes with a Hayman Reese 3yr warranty.

350-01232
TEKONSHA #9030 VOYAGER 12V BRAKE CONTROL

The Voyager has recessed controls which protect the gain and level settings from accidental readjustment. Its internal sensor measures the amount of deceleration and sends the required amount of power to the trailer brakes. Its circuitry ensures minimum interference with other electronic systems such as ABS & cruise control. The Voyager has the traditional 4-wire hook up and comes with a U-shaped bracket for permanent installation. The LED display shows a complete circuit when green and as power (whether manual or automatic) is applied, it will change colour. Suitable for single and double axle trailers.

350-01238
TEKONSHA PRODIGY P2 12V BRAKE CONTROL

Suitable for 1 - 4 axle trailers, the Prodigy P2 is a proportional style brake controller. It is designed to work in with electronic-over-hydraulic brake systems and has numerous mounting options, incorporating 360 degree vertical rotation. The Prodigy P2 adjusts itself to the terrain as you drive, making it especially handy when reversing into tough spots. It works proportionally in reverse, with the ability to disable itself when it is not needed. The "boost" feature gives users the ability to apply more braking power when towing heavier trailers/ horse floats, which also gives you more control. When not being used, the Prodigy P2 can be easily disconnected allowing for storage elsewhere.

SPECIFICATIONS
Weight: 590g
Dimensions: 76H x 114W x 267L (mm)

350-01250
TEKONSHA BREAKAWAY SWITCH (2010)

For trailers over 2000kg (Gross Trailer Mass) it is a requirement that a mechanism is in place in the event that if the trailer and tow vehicle separate accidentally, the trailer brakes are applied at full power for at least 15 minutes. One way to combat this is with a breakaway switch which sets the trailer brakes in case the trailer breaks away, however this is not to be used as a parking brake. Made from nylon with a weldable tab.

350-01260
TEKONSHA SHUR-SET III BREAKAWAY KIT

Kit includes a 5A battery with lockable case and nylon breakaway switch and only weighs 2.5kg.

SPECIFICATIONS
Dimensions: 15.9L x 16.2W x 21.6H (cm)

BRAKE CONTROLLERS

350-01274
BREAKSAFE REMOTE BATTERY MONITOR

To be used in conjunction with the Breaksafe 6000 (part #350-01280 below), this remote monitor is fitted to the tow vehicle and checks the charge condition of the Breaksafe battery each time the brakes are applied. If the battery is low, a red light will be visible on the front panel of the monitor and a buzzer will sound.

SPECIFICATIONS
Dimensions (mm): 63W x 22H x 49L

350-01276
BREAKSAFE BATTERY

A maintenance free and rechargeable sealed lead acid (SLA) battery. 12V, 7AH.

350-01280
BREAKSAFE BREAKAWAY SYSTEM 6000

The Breaksafe 6000 is suitable for use in caravans, trailers & horse floats. It is compact & easy to install &, has easy access to the battery compartment for servicing. Its lead acid battery as well as the internal circuit board case is enclosed offering better resistance to water. Suits all electric brakes & is charged using your vehicle's battery.

BREAKSAFE ACCESSORIES

350-01283
BREAKAWAY SWITCH WITH COIL CABLE

The Breaksafe Breakaway Switch now comes with a new coil cable and stainless steel quick release clip for easy connection to your towing vehicle. This also makes the connection to the tow vehicle much neater. The coil cable stretches to 1.2mts for connection to the tow vehicle and will compress to 100mm when disconnected.

350-01285
BREAKAWAY COIL CABLE WITH PIN AND RELEASE CLIP

Suitable for Breaksafe Breakaway switches only, this option is available if you already have a Breaksafe Breakaway Switch.

TOW SECURE BREAKAWAY KITS

350-01406
TOW SECURE TS2000 BREAKAWAY CONTROL + HARNESS WITH TEKONSHA SWITCH

The Tow Secure TS2000 automatically applies the trailer brakes and the trailer stop lights in the event that the trailer separates from the tow vehicle. The TS2000 uses the battery in your RV as its source of energy storage meaning that without an internal battery it is nice and compact. It features a 5m wiring harness to connect to the RVs battery which it will not draw power from while on standby

It has a wireless receiver which is housed on the dash so that the driver can monitor the battery status via LED and audible alarms. The control module performs a 'self-test' every time the tow vehicles' engine is started to ensure everything is operable and whilst towing. The control module can be paired with multiple wireless receivers – this may be required if the same trailer is towed by different vehicles.

- Reduced size thanks to no internal battery
- No power draw while on standby
- 5m Wiring Harness
- Power indicating LED

350-01500
TOW SECURE CHARGER

Input: 100/240VAC ~ 50/60Hz
Output: 15VDC ~ 1A Max.

350-01502

CURT BRAKE CONTROLLER'S

350-01340
CURT TRIFLEX™ BRAKE CONTROLLER

The TriFlex™ proportion-based brake controller features a compact size, a digital display and the ability to manage up to eight brakes at a time.

- Triple-axis, motion-sensing accelerometer for highly responsive, smooth stops
- Third axis provides dynamic power adjustments when going up or down a hill
- Nine levels of sensitivity adjustment for varying loads or driving conditions
- User-selectable power output and trailer brake light activation
- Automatic levelling and calibration eliminate setup requirements
- The digital display shows power adjustments in 0.1 increments
- Built-in reverse-polarity and short-circuit protection
- Tow vehicle 'low voltage' and trailer disconnect indicators
- Compatible with low-volt, PWM, ABS, cruise control and electric over hydraulic
- Mounts at various angles, above or below the dash, to increase usability
- Auto sleep mode prevents battery drain after five minutes of idle time
- Equipped with a quick plug for fast, easy installation
- Includes mounting hardware

350-01342
CURT SPECTRUM BRAKE CONTROLLER - DASH MOUNT

Powerful, precise braking operation in an extremely simple and subtle design, dash-mounted inside your vehicle.

- Controls all brake settings with a simple push-button rotary knob
- Clean, dash-mounted, OEM-style user interface with 10 tri-colour LEDs
- The main module can be mounted out of sight
- Motion-sensing accelerometer for highly responsive, smooth stops
- Easily accessible manual override with the press of a button
- Features two installation options: drill mount or surface adhesive mount
- User-selectable power output and trailer brake light activation
- Automatic levelling and calibration eliminate setup requirements
- Equipped with a quick plug for easy, plug-and-play installation
- Operates 2-8 trailer brakes at a time (1-4 axles)
- Built-in reverse-polarity and short-circuit protection
- Compatible with low-volt, PWM, ABS, cruise control and electric over hydraulic
- Tow vehicle 'low voltage' and trailer disconnect indicators
- Includes mounting hardware
- Knob outside diameter is 48mm

350-05232

SECURELATCH™ PINTLE HOOK

The CURT SecureLatch pintle hook is fast and easy to adjust, featuring an auto-locking system and rated to 13,500kg. For use with the Rebellion™ XD Pintle Mount Attachment.

- Auto-locking system secures primary latch without manual coupling required
- Cupped hook tightly holds pintle ring fore and aft to reduce chucking and noise
- Built-in backplate helps position pintle ring for easier hookup
- Fits SecureLatch pintle mounts with a slotted plate (sold separately)
- Quick, easy, one-tool height adjustments - no disassembly required
- Integrated, intermediate safety chain hangers keep chains off the ground
- Rated for 13,500kg gross trailer weight and 2720kg vertical load
- Couples to pintle rings with a 2-1/2" or 3" inside diameter
- Cast iron construction is austempered for superior strength and wear resistance
- Battleship grey finish for excellent exterior durability
- Bright zinc-plated hardware for corrosion resistance (mount bolts not included)
- Limited lifetime warranty (one-year finish, one-year parts)
- SecureLatch pintle mount and bolts required for installation (sold separately)
- Safety pin must be installed before towing

350-50000

CURT REBELLION™ XD BALL MOUNT

Dynamic, adaptive suspension ball mount featuring ShockDrop™ technology.

- Dynamic, adaptive suspension ball mount featuring ShockDrop technology
- Dampens jerking and jarring from bumps and potholes for smoother towing
- Cushioned isolator reduces rattling and vibration for a more comfortable ride
- Increases driver control by reducing the tendency for trailer sway
- Improved trailer control during events of sudden braking
- Virtually maintenance-free with no airbag or bearings to service
- Minimises stress on tow vehicle's suspension and brakes for extended longevity
- Lighter-weight design for less stress on the trailer hitch receiver
- Adjustable, six-position head for precise levelling with different trailers
- 152mm maximum drop (shank cannot be flipped)
- Cast steel construction for dependable towing power
- Textured, dark grey teridium finish for a premium look on your vehicle
- Tested and rated to 4500kg/450kg
- Fits 50mm Square Hitch (Class 4)

350-50002

REBELLION™ XD TONGUE ATTACHMENT (50MM TOW BALL)

7/8" hole to accept a 50mm tow ball. Mounts onto CURT Rebellion™ XD Adjustable Ball Mount.

- Mounts onto CURT Rebellion XD Adjustable Ball Mount
- 7/8" hole to accept a 50mm tow ball
- Constructed from cast steel for optimum strength
- Protected by a dark grey teridium powder coat finish
- Weight capacity: 3500kg/350kg

350-50004

REBELLION™ XD TONGUE ATTACHMENT (70MM TOW BALL)

1-1/4" hole to accept a 70mm tow ball. Mounts onto CURT Rebellion™ XD Adjustable Ball Mount.

- Mounts onto CURT Rebellion XD Adjustable Shank
- 1-1/4" hole to accept a 70mm tow ball
- Constructed from cast steel for optimum strength
- Protected by a dark grey teridium powder coat finish
- Weight capacity: 4500kg/450kg

350-50006

REBELLION™ XD PINTLE MOUNT ATTACHMENT

Accepts any CURT mount-style pintle hook or ball and pintle combination hitch. Mounts onto CURT Rebellion™ XD Adjustable Ball Mount.

- Mounts onto CURT Rebellion XD Adjustable Shank
- Accepts any CURT mount-style pintle hook or ball and pintle combination hitch
- Integrated rubber dampener for enhanced vibration resistance
- Constructed from cast steel for optimum strength
- Protected by a dark grey teridium powder coat finish
- Standard pintle plate holes spaced 84mm wide by 31mm high
- Weight capacity limited to Rebellion XD ball mount
- Includes four bolts to mount the pintle hitch (Rebellion XD sold separately)

350-50010

REBELLION™ XD TONGUE & HITCH LOCK SET

This lock set for the Rebellion™ XD ball mount provides enhanced security for your towing setup. The unique, integrated design fits all CURT Rebellion XD accessories.

- Lock set secures both Rebellion XD tongue and shank
- Locks replace standard clips and hitch pin for increased security
- The unique, integrated design fits all CURT Rebellion XD accessories
- Easy-to-operate, 1/4-turn lock activation
- Locks keyed alike for convenient one-key operation
- Cast aluminium accessory lock for superior weather resistance
- Stainless steel hitch lock for lasting rust resistance
- Includes two locks and two keys

350-51000

CURT 5/8" TOW HITCH PIN WITH CLIP SET

- 15.8mm diameter pin fits 50 Square Hitch (Class 4)
- Secures ball mounts and other receiver tube inserts
- Bent handle for an easier grip

350-51002
CURT 5/8" GROOVED TOW HITCH PIN WITH CLIP SET

- 15.8mm diameter pin fits 50mm Square Hitch (Class 4)
- Secures ball mounts and other receiver tube inserts
- Grooved pin allows clip attachment at any angle
- Protected by a durable zinc-plated finish

350-51010
CURT 5/8 IN RIGHT ANGLE LOCKING TOW HITCH PIN

- 15.8mm diameter pin fits 50mm Square Hitch (Class 4)
- Right-angle design with swivel head for easier access
- Protected by a durable chrome-plated finish
- Easy-to-operate, 1/4-turn lock activation
- Watertight dust cap prevents internal corrosion
- Includes two keys for added convenience

350-51012
CURT 5/8 IN DOGBONE LOCKING SS TOW HITCH PIN

- 5.8mm diameter pin fits 50mm Square Hitch (Class 4)
- Stainless steel construction for lasting rust resistance
- Easy-to-operate, 1/4-turn lock activation
- Watertight dust cap prevents internal corrosion
- Includes two keys for added convenience

350-51014
CURT 5/8 IN DOGBONE CHROME LOCKING TOW HITCH PIN

- 15.8mm diameter pin fits 50mm Square Hitch (Class 4)
- Protected by a durable chrome-plated finish
- Easy-to-operate, 1/4-turn lock activation
- Watertight dust cap prevents internal corrosion
- Includes two keys for added convenience

350-52000
CURT TRUTRACK™ WEIGHT DISTRIBUTION HITCH WITH SWAY CONTROL

TruTrack™ weight distribution hitches with sway control are one of the most advanced weight distribution hitches on the market.

- Integrated sway control actively resists sway and levels the vehicle and trailer
- Welded head with cast pieces provides solid spring bar attachment
- Uses spring & cam system with hardened components, instead of metal friction
- Adjustable brackets provide fixed support unlike spring bar chain models
- Brackets use friction to resist lateral movement, replacing a sway control

350-53000
ROCKERBALL™ 50MM CUSHION HITCH TRAILER BALL

As your trailer passes over bumps and potholes, it produces all kinds of vibrations, jolting, chucking and noise. With a traditional metal-on-metal connection, these annoyances are directly transferred to your tow vehicle, making your ride noisy, uncomfortable and taking a toll on your towing system.

The CURT RockerBall™ trailer ball provides improved comfort and enhanced control while towing, featuring our unique ShockDrop™ technology. An integrated cushion isolator allows this hitch ball to turn a standard ball mount into a cushion hitch with anti-rattle capabilities.

- Dynamic trailer ball featuring ShockDrop technology
- Dampens jerking and jarring from bumps and potholes for smoother towing
- Cushioned isolators reduce rattling and vibration for a more comfortable ride
- Reduces shock loads to the vehicle during sudden braking or acceleration
- Minimizes stress on tow vehicle's suspension and brakes for extended longevity
- Retrofits onto most existing ball mounts to improve current towing experience

350-52500
CURT SWAY CONTROL KIT

CURT Sway Control Kit is adjustable and easy to install. It comes with a sway unit, a trailer-mounted attachment ball, and bolts, a hitch-mounted attachment ball, a weld-on tab, a mount reinforcement plate, and attachment clips.

Though a weight-distribution hitch is not an ideal solution for trailer sway on its own, CURT weight distribution hitches are made to be combined with a sway control unit and many are available with sway controls included for a complete package.

- Features adjustment bolt to accommodate different load sizes
- On/Off handle makes it easy to engage or disengage sway control as needed
- Two sway control units are recommended for larger trailers
- Compatible with most A-frame trailers (bolt-on bracket included)
- Includes sway control unit, trailer-mounted attachment ball & bolt, hitch-mounted attachment ball, weld-on tab to adapt for left-hand use or for use without weight distribution hitch, mount reinforcement plate and attachment clips.

CURT CARGO BAGS

350-00030
CURT TRAILER BALLS

CURT Trailer Balls are designed for strength, ease of use, and ultimately, to get you to your destination without hassle.

These tow balls are an excellent extension of your class 3 or class 4 trailer hitch and ball mount, and are the ideal choice for most pickup trucks and SUVs (NOTE: Never exceed the lowest weight capacity of any towing component; i.e. the vehicle, hitch, trailer, etc).

To give you peace of mind while towing to that next destination, we also carefully test our trailer balls and ensure that each one meets U.S. VESC specifications.

- Fine threads for superior hold
- Chrome-plated finish
- Zinc-plated hardware
- VESC tested for safety

450-00500
CURT WHEEL CHOCK SET (UP TO 17" WIDE WHEELS)

- Ideal for chocking wheels on parked trailer
- Perfect for adding safety during vehicle maintenance
- Compatible with wheels up to 17" wide
- Raised tread offers a better grip on the wheel
- Saw-tooth edges on the base provide solid traction on the ground
- Constructed from durable plastic
- Always to be used with vehicle brake
- Not for commercial use

CURT CARGO BAGS

CURT cargo bags are the ideal way to keep your belongings well protected from water, dirt, road grime and even wind damage, all while being easy to manage and perfectly fitted for a CURT cargo carrier or roof basket. Unlike other cargo bags that use a thin vinyl material, our cargo bags are made from a thick UV-resistant vinyl and have welded seams to be highly water-resistant. Thick, 1" wide polypropylene straps keep the bag firmly attached to the carrier and ensure your belongings will not jostle around.

LIPPERT TIRE LINC

ALWAYS BE READY FOR THE ROAD.

Is your RV ready for the road? The Tire Linc® (TPMS) by Lippert™ is the easy-to-install, always-on tyre pressure and temperature monitoring system that makes sure you're always ready for the road. Integrated with Lippert's OneControl® app, you can monitor your camper trailer, caravan, motorhome, or towed vehicle's tyre pressure and temperature right from your smartphone — don't mess with additional dashboard interfaces again.

350-01624

LCI LIPPERT TIRE LINC 2.0 AU BLUETOOTH TPMS KIT

Tire Linc® comes complete with four sensors that easily screw on to your existing tyre valves. Additional sets of two extra sensors are sold separately. Installation is a breeze. Starting in 2021, certain RV models will be prepped for the Tire Linc system. For these models, simply place the repeater in the preinstalled docking station and you're ready to go. For those campers not prepped for Tire Linc, the repeater dock (sold separately) will need to be wired into the RV's 12V power system. The Tire Linc® repeater boosts your tyre's sensor signals to ensure that wherever you are, your system is communicating tyre pressure and temperature effectively.

Before a trip, on the road, and in any weather conditions, make sure you know the state of your tyres, with the monitoring system from a manufacturer you trust.

SPECIFICATIONS

- **CONSTANT PRESSURE/TEMPERATURE MONITORING** — Sensors update pressure and temperature several times each minute while your RV is moving and check every 15 minutes while parked. Plus, sensors notify you any time the tires inflate, deflate, or in the case of a blowout
- REPEATER TECH BOOSTS SIGNAL — Repeater technology "repeats" the signal your sensors send, but stronger, so that your smartphone always has the most up-to-date information.
- **INTEGRATION WITH ONECONTROL APP** — Manage your sensors, set tyre pressure ranges, get notifications, and view alerts all from your smartphone with the OneControl® app from Lippert™
- MONITOR MORE TIRES — Tire Linc® Tire Sensors allow you to monitor up to 20 tyres at a time with your Tire Linc system. Our additional sensor packs (sold separately) are a perfect way to monitor all tyres on larger RVs, motorhomes, and even tow vehicles
- **SIMPLE INSTALLATION** — Sensors easily screw on to existing tyre valves, and the repeater plugs into a pre-installed dock (on specific 2021 and beyond models only). Use your OneControl® app to configure sensors and set acceptable tyre pressure ranges

LIPPERT LCI SWAY COMMAND KIT

LIPPERT LCI SWAY COMMAND KIT

Tow with confidence. Tow with peace of mind. If you tow a travel trailer RV you know all too well how scary a sway event can be, especially when making emergency maneuvers at high speeds or in heavy crosswinds.

Lippert's new patent pending Sway Command Tow Control Technology is here to take away those fears and promote safety by applying the brakes before a sway event can get out of control!

The Sway Command utilizes both an accelerometer (measures lateral force) and gyroscope (measures angular velocity) to quickly and accurately differentiate between side-to-side and up-and-down movement to prevent false activation - very useful, especially off road!

It has an advanced, patent pending, microprocessor technology that electronically detects trailer sway to apply the brakes swiftly to suppress unwayed sway. A light pod mounts to the front of the trailer to signal to the driver when the system is functioning properly.

The Sway Command has been rigorously tested in sway-inducing towing conditions, including emergency maneuvers, so you can be confident in its abilities. Plus, the controller works independently from your existing brake control so if there is a short or disconnect in the tow vehicle connection, the Sway Command won't also be affected.

QUICK FIT BIKE RACKS

Coast's new Quick Fit Bike Racks are designed to make it easier than ever to take bikes with you on your next adventure. They feature a patented quick connector that makes it extremely quick and easy to fit the racks onto your tow ball!

Unlike other bulky bike racks, the Quick Fit range is made with an ingenious folding system unique to the XF series. This allows you to collapse the Bike Racks to a convenient size that make them easy to carry and store . They even have a clever tilt mechanism that gives you clear access to your boot while the Quick Fit Racks are installed.

The Quick Fit XF series are designed to suit all 50mm tow balls thanks to the adjustable quick connector and can carry nearly all bikes (including e-bikes) and wheel dimensions on their wide aluminium wheel holders. The Quick Fit Pro offers incredible value for money and allows you to mount your bikes so there is no force on the pedals and uses wide plastic wheel holders. The full range features optional Assist Ramps that allows users to maneuver bikes onto the rack effortlessly.

You won't need to worry about putting them together either - they come ready to go straight out of the box and come with everything you need including a handy storage bag.

350-20100
QUICK FIT XF3 FOLDING BIKE RACK - 60KG CAP

The Quick Fit XF3 is a safe and reliable bike carrier for the transportation of 3 bicycles.

- Suitable for almost all tow bars, all bicycles (also e-bikes) and wheel dimensions
- An ingenious folding system makes it easy to carry and store
- Extremely easy and quick fitting onto the tow bar with the patented quick connector
- Boot is always accessible thanks to the easy to use tilt mechanism
- The bicycles are held in wide, stable aluminium wheel holders
- Flexible lockable and removable Quick Fit frame holders
- Storage bag included
- Lighting via a 7 plug
- Immediate usable from the carton
- The bike carrier can be secured with the lock on quick connector
- In combination with the ride-on ramp (350-20120) you can even more easily manoeuvrer your bicycle onto the bike carrier

SPECIFICATIONS

Number of bicycles: 3
Tiltable: Yes
Foldable: Yes
Mounting of bicycles by lockable and removable frame holders
Weight: approx. 21 kg
Maximum load: 60 kg
Bicycle frame diameter: Ø 22 - 75 mm*
Wheel base bicycle max:. 1250 mm
Bicycle tyre width max:. 55 mm
Wheel holder distance: approx. 220mm
Colour: Black
Material: Coated steel + aluminium

QUICK FIT BIKE RACKS

350-20102

QUICK FIT XF2 FOLDING BIKE RACK - 60KG CAP

The Quick Fit XF2 is a safe and reliable bike carrier for the transportation of 2 bicycles.

- Suitable for almost all tow bars, all bicycles (also e-bikes) and wheel dimensions
- An ingenious folding system makes it easy to carry and store
- Extremely easy and quick fitting onto the tow bar with the patented quick connector
- Boot is always accessible thanks to the easy to use tilt mechanism
- The bicycles are held in wide, stable aluminium wheel holders
- Flexible lockable and removable Quick Fit frame holders
- Storage bag included
- Lighting via a 7 plug
- Immediate usable from the carton.
- The bike carrier can be secured with the lock on quick connector
- In combination with the ride-on ramp (350-20120) you can even more easily manoeuvrer your bicycle onto the bike carrier

SPECIFICATIONS

Number of bicycles: 2
Tiltable: Yes
Foldable: Yes
Mounting of bicycles by lockable and removable frame holders
Weight: approx. 17 kg
Maximum load: 60 kg
Bicycle frame diameter: Ø 22 - 75 mm*
Wheel base bicycle max:. 1400 mm
Bicycle tyre width max:. 50 mm
Wheel holder distance: approx. 210mm
Colour: Black
Material: Coated steel + aluminium

350-20106

QUICK FIT PRO BIKE RACK - 60KG CAP

The Quick Fit Pro is a safe and reliable bike carrier for the transportation of 2 bicycles.

- Suitable for almost all tow bars, allbicycles (also e-bikes) and wheel dimensions
- Extremely easy and quick fitting onto the tow bar with the patented quick connector
- Boot stays always accessible by an easy to use tilt mechanism
- The bicycles are held in wide, stable plastic wheel holders
- Mounting the bicycles with the frame, so there is no force on the pedals of the bicycle
- Flexible and lockable frame holders
- Lighting via a 7 plug
- The bike carrier can be locked with lock on quick connector
- European permission given by the RDW

In combination with the ride-on ramp (350-20124) you can even more easily manoeuvrer your bicycle onto the bike carrier

SPECIFICATIONS

Number of bicycles: 2
Tiltable: Yes
Foldable: No
Mounting of bicycles by lockable and removable frame holders
Weight: approx. 17 kg
Maximum load: 60 kg
Bicycle frame diameter: Ø 22 - 75 mm*
Wheel base bicycle max:. 1300 mm
Bicycle tyre width max:. 50 mm
Wheel holder distance: approx. 200mm
Colour: Silver
Material: Coated steel

* The maximum dimensions for any vehicle, including its load, are 2.5m in width and 4.3m in height. A vehicle fitted with a bicycle carrier, along with any bicycles must not exceed these limits. Rear-mounted bicycle carriers must also comply with rear overhang limits. Any rear overhang on a vehicle must not exceed 60% of the wheelbase or 3.7m, whichever is less.

QUICK FIT ASSIST RAMPS

A ramp makes effort unnecessary and bicycles can be easily manoeuvred onto the bike carrier. These ramps are suitable for Quick Fit bike carriers and are easy to fold up and store.

By placing a pin in the bike carrier's wheel holder, you can attach the ride-on ramp firmly and manoeuvre the bikes on and off easily.

FIAMMA CARRY BIKES

CARRY BIKES

Flexible and sturdy with a renewed design , the best-selling Fiamma bike carriers boast a new shape and colour to blend perfectly with most modern RVs.

350-02008
FIAMMA CARRY BIKE XL A PRO 200 A FRAME MOUNT 2 BIKES

Equipped with the external rail in two pieces to grant maximum possibility of installation and use. Smaller size for short drawbars.

SPECIFICATIONS
Weight: 7.5kg
Max Load Weight: 50kg

350-02022
FIAMMA CARRY BIKE CARAVAN XL A BLACK 2 BIKES

Compact and inexpensive, fits almost all Caravan frames (including Al-Ko).

SPECIFICATIONS
Weight: 5.3kg
Max Load Weight: 35kg

350-02013
FIAMMA CARRY BIKE CARAVAN XL A PRO 200 E-BIKE

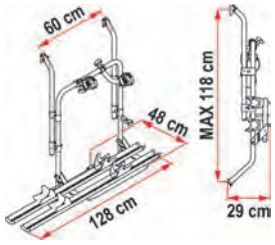
The installation does not require holes on standard.

A-frame

- Installation brackets Supplied as standard. Bike carriers installation without drilling holes on standard A-frames.
- Quick Lock Quick and safe locking of the wheel to the rail
- Protective bumpers To protect the bike from impacts with the bike carrier structure
- Bike-Block Pro / Pro S Bike locking system
- Rails The model changes according to technical characteristics
- Security block Locks the support rail during transport
- Tensioning strap In the Active and Active E-Bike versions it makes access to the storage compartment easy and immediate

350-02017
FIAMMA CARRY BIKE VAN 200D

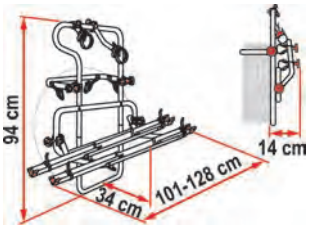
An easily installed bike carrier for vans with double rear doors (no need to drill the vehicle). The wheelbase is adaptable, from 58 - 62cm, to adapt to different sized doors. Carries up to two bicycles and is suited to vehicles such as: Fiat Ducato before 1999, Ford Transit and Ford Transit (high roof).



SPECIFICATIONS
Max Load Weight: 35kg

350-02020
FIAMMA CARRY BIKE BACKPACK 4X4

Best suited to minivans.
The Backpack 4x4 is quickly installed onto the rear spare tyre by means of sturdy straps, however it will be necessary to remove the cover of the spare tyre. Has a folding rail support and can hold two bicycles. When installing, be sure not to cover the license plate or lights.

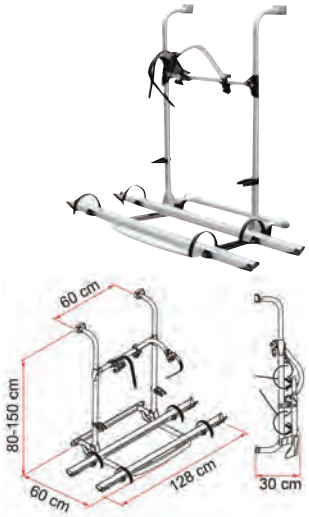


SPECIFICATIONS
Max Load Weight: 35kg

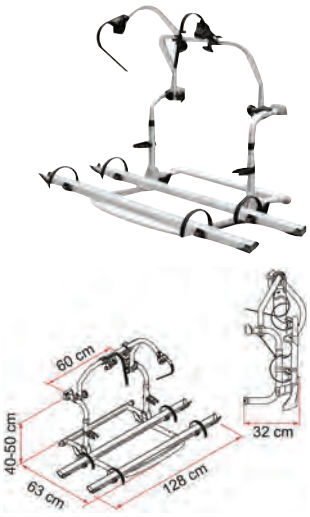
350-02041
FIAMMA CARRY BIKE PRO M, BLACK

FIAMMA CARRY BIKES

350-02042
FIAMMA CARRY BIKE PRO WITH BLACK AESTHETICS
This telescopic bike carrier, the longer version of the pro series, has a highly adjustable upper structure for better stability and is height adjustable from 80cm to 150cm. Able to carry up to 4 bicycles.



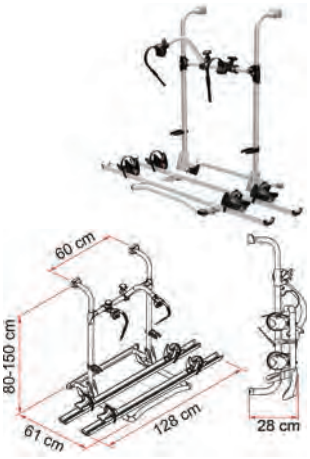
350-02044
FIAMMA CARRY BIKE PRO C WITH BLACK AESTHETICS
This compact and classic bike carrier is the short version of the pro series. It can be installed under the rear window while still allowing the window to open. The Pro C can be installed on most motorhomes and has been recommended as one of the strongest bike carriers on the market. Able to carry up to four bicycles.



PRO SERIES E CARRY-BIKES

Two structurally sturdy models, equipped with fixed rail support base designed specifically for electric bikes, featuring the Bike Block Pro S and Rail Premium.

350-02047
FIAMMA CARRY BIKE PRO E-BIKE WITH BLACK AESTHETICS
The telescopic bike carrier, leader of Pro line, here is the special version for E-Bikes. Has a highly adjustable upper structure for better stability. The rounded tube structure is easily adjustable from 80 to 150cm in height to fit different installation requirements.



350-02049
FIAMMA CARRY BIKE PRO C E-BIKE W/ BLACK AESTHETICS

350-02063
FIAMMA CARRY BIKE VWT5
Another one of Fiamma's best sellers, the Carry Bike VWT5 is easily installed (no drilling required) on VWT5's built after July 2003. It is designed for T5's with a single rear door and has the capacity to fit up to four bicycles.

SPECIFICATIONS
Max Load Weight: 60kg

350-02033
FIAMMA CARAVAN ACTIVE E-BIKE
Special version specifically designed for the transportation of two electric bicycles. Thanks to the system with tensioning strap, access to the storage compartment is easy and quick.

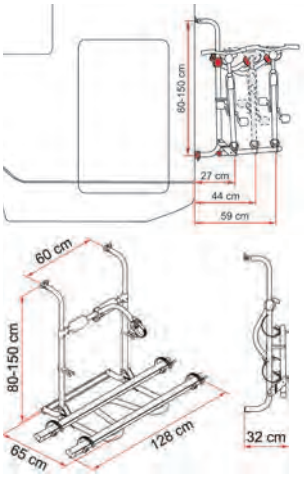
350-02080
FIAMMA CARRY BIKE LIFT 77 BLACK
Standard version, lowering as much as 77cm and enabling the bikes to be loaded and unloaded easily.

ONLY AVAILABLE IN NEW ZEALAND

350-02083
FIAMMA CARRY BIKE LIFT 77 E-BIKE
Special version for transporting two electric bikes. It has been further strengthened to carry up to 60 kg in complete safety and with maximum ease of loading.

350-02052
FIAMMA CARRY BIKE UL
The UL is suitable for installation on motorhomes without a rear window. It is able to carry two bikes as standard, to carry a third bike (with a max load of 55Kg) an extra Bike-Block and Rail will need to be purchased. The mounting bars can be adjusted from 80-150cm, making the UL the preferred choice of many motorhome manufacturers.

SPECIFICATIONS
Weighs: 5.6kg



FIAMMA CARRY BIKE ACCESSORIES

350-02000
FIAMMA BIKE FRAME ADAPTER
Frame adapter for easy attachment to Bike-Block of bikes with non-standard frames without a cross bar such as ladies bikes and BMX's.

350-02210
E-BIKE REPLACEMENT RACK FOR PRO & PRO C
Now you can turn your Carry-Bike Pro / Pro C into a E-Bike bike carrier by purchasing the new Kit Upgrade E-Bike.

Complete rail support base with two Rail Premium, structurally designed to carry two electric bicycles.

FIAMMA BIKE COVER PREMIUM S 2/4 BIKES
Same features as the Bike Cover S but with self-lubricating side zippers and velcro, forms a complete enclosure around the bikes. For a correct installation, you must place it before bicycles.

350-02503
FIAMMA BIKE COVER S 2 TO 3 BIKES (SOLD EACH)
It adapts to any size load thanks to ts adjustable straps. Delivered as standard with transparent pocket to insert the rear signal plate.

350-02521
FIAMMA BIKE COVER EXTRA STRONG "CARAVAN"
With K-Way system, special version to cover bikes on Carry-Bike CaravanXL A, XL A PRO / E-Bike and Active / E-Bike.

350-02530N
FIAMMA CARRY BIKE COVER S

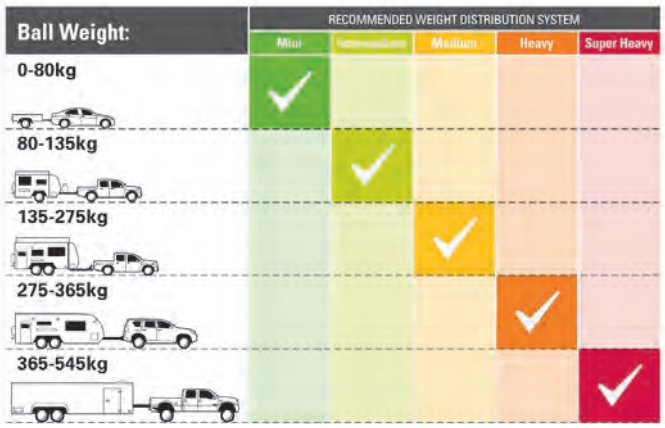
Made from lightweight and waterproof polyester, the Bike Cover S has the capacity to cover up to x4 bicycles, thanks to its adjustable straps (with hooks). It comes with a transparent pocket to insert a rear signal plate. Please note, the Bike Cover S is not suitable for bike racks where the bicycles are exposed over the top of the roof. Weighs: 1kg

HAYMAN REESE WEIGHT DISTRIBUTION SYSTEMS

Hayman Reese have been Australia's number 1 towing brand for over 60 years and that is why they back their products with a Hayman Reese Lifetime Warranty. Weight Distribution Systems (WDS) restore the geometry of the tow vehicle (such as a ute) to its natural state. A WDS transfers the weight from the rear wheels of the ute to two places: the front wheels of the ute and the wheels of the trailer. To put it simply, a good WDS will level the link between trailer and ute so it is in parallel alignment to the road.

When towing a trailer, the trailer's total ball weight is applied to the rear of your vehicle. When this happens, the front suspension of your vehicle is raised because of the added rear weight. Towing in this way can cause excess swaying of your trailer, reduced steering and breaking responsiveness, less traction and headlights that beam upwards instead of down onto the road in front of you. Over time, you may also experience reduced fuel economy and increased tyre wear (especially on the rear tyres). Hayman Reese have a number of WDS's available to improve control over your vehicle while towing and reducing the amount of sway you experience.

Use the table below to find out which Hayman Reese WDS is best for you:



350-05300
HAYMAN REESE 180LB MINI

The Mini WDS is the solution for towing lighter ball weights such as a trailer. It is a two bar system (19mm diameter) which uses chains to hold the spring bars into position and can be used with any Hayman Reese towbar. It is easily setup and removed and is best suited to trailers with a ball weight up to 80kg.

350-05310
HAYMAN REESE 285LB INTERMEDIATE

The Intermediate WDS is the solution for towing intermediate ball weights such as a camper trailer. It is a four bar system (19mm diameter) which has a working range of between 80kg and 135kg ball weights. The snap up brackets make raising and lowering the chains effortless. There are also triangular plates which allow you to adjust and equalize each pair of bars together.

350-05320
HAYMAN REESE 600LB STANDARD MEDIUM 30" SPRING BARS

The most popular towing aid in Australia which is rated for trailers that have a ball weight of between 135kg and 275kg (suitable for most popular caravans). It has a durable and light cast steel head. Its round, hook style spring bars have integrated cams which are ideal for caravans with 6" deep A-frames. It also features a Hex Cam adjustment washer which allows for up to six head-angle adjustments.

350-05330
HAYMAN REESE 600LB CLASSIC MEDIUM 30" SPRING BARS

Similar to the 600lbs Standard WDS except that the Classic WDS is composed of the Hayman Reese traditional welded head. The Classic WDS has straight, trunnion style, high performance spring bars with integrated cams and an updated lightweight (but extra durable) cast steel shank. Suitable to towing most popular caravans, it has a ball weight capacity of between 135kg and 275kg.

HAYMAN REESE HITCHES

350-05340
HAYMAN REESE 600LB CLASSIC MEDIUM 28" SPRING BARS

This WDS has all the same features and benefits as the 600lbs Classic Medium WDS above, except that it has slightly shorter spring bars. This is to accommodate caravans or horse floats with a shorter A-frame. It is also suitable for towing most popular caravans and also has a ball weight capacity of between 135kg and 275kg.

350-05350
HAYMAN REESE 800LB STANDARD HEAVY DUTY 30" SPRING BARS

Suitable for towing larger and heavier trailers (such as twin axle caravans), the Standard Heavy Duty WDS relies on heavier gauge spring bars to handle the heavier load. This WDS has a ball weight capacity of between 275kg and 365kg and has 30" hook style spring bars with integrated cams. A Hex Cam adjustment washer allows for up to six head-angle adjustments, while the drop shank allows for up to six height adjustments.

350-05360
HAYMAN REESE 800LBS CLASSIC HEAVY DUTY 30" SPRING BARS

Similar to the 800lbs Standard WDS except that it is composed of the Hayman Reese traditional welded head. The 800lbs Classic WDS has straight, trunnion style, high performance spring bars with integrated cams and an updated lightweight (but extra durable) cast steel shank. Suitable for towing larger twin axle caravans, it has a ball weight capacity of between 275kg and 365kg.

350-05370
HAYMAN REESE 800LB CLASSIC HEAVY DUTY 28" SPRING BARS

This WDS has all the same features and benefits as the 800lbs Classic Heavy Duty WDS except that has slightly shorter spring bars. This is to accommodate caravans or horse floats with a shorter A-frame. It is also suitable for towing most larger twin axle caravans and also has a ball weight capacity of between 275kg and 365kg.

350-05380
HAYMAN REESE 1200LB SUPER HEAVY DUTY

The Super Heavy WDS has a working ball weight range of between 365kg and 545kg. Please note however, that if you intend to carry a load in excess of 3,500kg, you will need a 70mm tow ball. Manufactured for serious heavy duty towing, it has a fine tooth adjustment washer which allows for up to nine head-angle adjustments. The drop shank allows for six height adjustments and because of the added weight, Hayman Reese have made it compatible with the Dual Cam HP Sway Control (this is available separately).

DROP SHANKS AVAILABLE TO SUIT HAYMAN REESE WEIGHT DISTRIBUTION SYSTEMS

Hayman Reese have a range of Drop Shanks available to setup the system on 4WD's and other vehicles where the lowest/ highest setting is not low/ high enough. Please seek advice from your Coast stockist to check which Drop Shanks are compatible with your vehicle.

350-05390

350-05420
HAYMAN REESE DROP SHANK - 160MM

EAZ LIFT WEIGHT DISTRIBUTION HITCHES

Over 50 years ago, Eaz Lift became the first patented weight distribution system in North America and is still the most popular WDH in the USA. Coast to Coast has recognised a product that has been tried and tested and now re-developed to suit Australian standards. It has been designed with fewer parts, making it easier to use and install. The Eaz Lift WDHs are constructed from high grade, machine tapered, round spring steel bars and are available in a 600 or 800 series. Both the 600 and 800 series include bolt-together tow ball mounts that are completely adjustable from changing tow ball heights and angles, to suit different application. The left and right sway control mounting facility is already provided should you later require a sway control kit for additional towing comfort and safety. All necessary parts come with each WDH including hook-up brackets, spring bars, chains, tow ball mount, hitch pin and a clip and bolt package for adjusting your hitch. Rated for trailer masses of up to 3.5t. Limited lifetime warranty. Please note shanks are sold separately.

350-05600
EAZ LIFT 600 SERIES
For tow ball weights of up to 272kg – for use with a standard 7/8"(22.23) tow ball mounting hole. Shank sold separately

350-05610
EAZ LIFT 800 SERIES
For tow ball weights of up to 363kg - for use with a standard 7/8" (22.23mm) tow ball mounting hole. Shank sold separately.

EAZ LIFT HITCHES

350-05720

EAZLIFT SHANK SOLID ADJ HI-LOW 3 HOLES 2"X12"L

The 3 hole shank combines both the LONG and SHORT shank into one unit. Can be used in either the raised or dropped position to match the ball mount to any coupler height.
Low mounted: + 45mm lift / + 135mm lift
High mounted: + 135mm lift / + 225mm lift

350-05724

EAZLIFT SHANK ADJ EXTRA HI-LOW 3 HOLES 2"X12"L

The 3 hole shank combines both the LONG and SHORT shank into one unit. Can be used in either the raised or dropped position to match the ball mount to any coupler height.
Low mounted: - 50mm lift / + 40mm lift
High mounted: + 225mm lift / + 315mm lift

350-05728

EAZLIFT SHANK ADJ EXTRA LOW ONLY 3 HOLES 2"X12"L

The 3 hole shank combines both the LONG and SHORT shank into one unit. Can be used in either the raised or dropped position to match the ball mount to any coupler height.
Low mounted:
- 50mm lift / - 140mm lift

350-05730

EAZLIFT BM35KAR - ADJUSTABLE BALL-MOUNT ATTACHMENT W/ANTI-RATTLE 3500KG

**Shank not included*

The EazLift Adjustable Ball Mount is the ultimate height adjustable trailer hitch. It offers a huge range tow ball height adjustment, up to 680mm across EazLift's range of compatible shanks.

This simple and easy to use adjustable tow shank uses a pin and r-clip system rather than nuts and bolts allowing for effortless installation, adjustment and removal. Designed and tested in Australia, the Adjustable Ball Mount meets and exceeds ADR requirements and is rated up to 3,500kg.

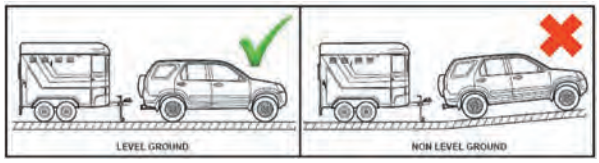
- Reversible shank and ball platform allow for a huge range of drop or rise heights
- Up to 40 levels of adjustment across EazLift's range of compatible shanks.
- 3,500kg Maximum Gross Trailer Mass to cover the biggest vehicle and trailer combinations utilising a 50mm Tow-Ball.
- Designed, tested and certified for use in Australia.
- Anti-Rattle Grub Screw
- Genuine EazLift accessory, it is only recommended & warranted for use with genuine EazLift Shanks only.

SPECIFICATIONS

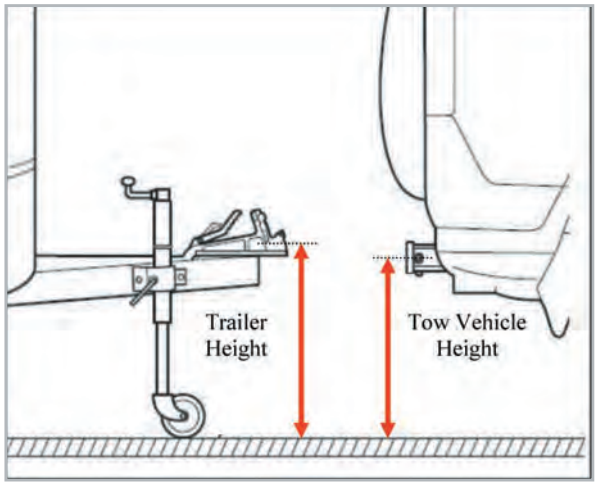
Designed and tested in Australia
Exceeds the design and testing requirements for AS4177.1-2004 and ADR61/02
MAX Rise 302mm when used with EazLift Extra Hi shank (350-05724)
MAX Drop 387mm when used with EazLift Extra Low shank (350-05728)
Maximum Towball Down Load: 350kg
Maximum Gross Trailer Mass: 3,500kg

SHANK SELECTION GUIDE FOR EAZ LIFT WDH'S

Step 1. Ensure that both Tow vehicle and Caravan/Horse Float/Trailer are sitting on level ground.



Step 2. Level the Caravan/Horse Float/Trailer with the aid of the jockey wheel and take the below measurements.



Trailer Height = 445mm
Tow Vehicle Height = 400mm
A +45mm lift is required from the Shank.

Example 1

445mm - 400mm = +45mm

Trailer Height	-	Tow Vehicle	=	Required Lift

Example 2

370mm - 450mm = -80mm

Trailer Height	-	Tow Vehicle	=	Required Lift

EAZ LIFT SWAY CONTROLS

Eaz Lift screw on sway controls minimise the sway caused by passing trucks and sudden gusts of wind. It works by using a double friction disc brake principle which provides constant sway reduction and therefore improves handling. They are attached with easy socket and spring clip connectors which also make them easy to remove for convenient storage. The slide bar is zinc plated which ensures consistent smooth gliding action.

Note: Trailers/ caravans over 24' may require two sway controls.

EAZ LIFT TRAILER TONGUE BALL PLATE

SOME EAZ LIFT WDH QUESTIONS

How do I work out if I require the 600 or 800 series hitch? Use the guide below to help you determine what size hitch you need:

- Determine the ball weight of the trailer - ball weight includes the trailer ball weight with full gas, water, waste systems and a packed trailer.
- Estimate the car boot load - be sure to include all items carried in the back of the vehicle.
- Match the sum of these weights to the Correct EAZ-LIFT® Hitch - For example, a ball weight of 500lbs (227kg) coupled with a car boot load of 200lbs (90kg) equates total hitch weight of 700lbs (317kg).

From the guide above, this example of vehicle-trailer combination would require an Eaz Lift 800 Series WDH - 800 Series for weights higher than 272kg and up to 363kg. Make sure the ball weight and the gross trailer weight do not exceed the tow vehicle manufacturer's recommended capacities. The hitch selected must have a maximum Gross Trailer Weight rating equal to or greater than the trailer rating. Ball weight is generally 10% of gross trailer weight.

Towing Tips

All trailers, including caravans, affect the performance of the towing vehicle. They affect fuel consumption, acceleration, braking ability, general control and maneuverability. These effects worsen as the size and weight of the trailer increase relative to that of the towing vehicle. The extra length and width can be hard to manage, with wind, road roughness and passing vehicles having a greater effect than on the vehicle alone. This puts additional responsibilities on a driver.

The following information applies to vehicles not exceeding 4.5 tons gross vehicle mass (GVM).

Rules for Towing

- Towing more than one trailer at a time is not allowed
- Nobody is allowed to ride in trailers or caravans
- When towing and driving on a road without street lights, drive at least 60m behind heavy vehicles or other vehicles towing trailers, unless overtaking
- Learner drivers and learner and provisional motorcycle riders are not allowed to tow
- P1 car license holders can tow small trailers with up to 250kg of unloaded weight.

Remember

- Allow longer distances for braking, overtaking and joining a traffic stream
- When reversing, it is advisable to have someone outside the vehicle giving directions
- Look further ahead than normal so you can react to changes in traffic or road conditions
- Use a lower gear when travelling downhill to increase vehicle control and reduce strain on brakes
- Slow down well before entering corners and curves
- Trailers tend to jerk the back of the vehicle around and can cause sway (snaking).If a trailer starts to sway, the vehicle's brakes should not be applied, except as an absolute last resort. If the trailer's brakes can be operated by themselves they should be applied gently, otherwise a steady speed or slight acceleration should be held if possible until the sway stops
- Take care not to hold up traffic unnecessarily
- Plan more rest stops and shorter travelling days as towing is more stressful and tiring than normal driving
- There is no specific speed restriction while towing a trailer. However, the posted speed limits must not be exceeded Always drive to the road, traffic and weather conditions.

Before each trip, check

- Vehicle and trailer are roadworthy.
- All tyres are properly inflated.
- Trailer's wheel-bearings, suspension and brakes work properly.
- All lights work and safety chains are properly connected.
- Oil, water, brake fluid, battery and other service checks on the vehicle.

At regular intervals during the trip, check

- Couplings, all doors, hatches, covers and any load or equipment are still properly secured.
- If travelling to another State, check with the relevant roads authority whether there are different rules.

The Towing Vehicle

Vehicles must be suited to the trailer. Vehicle manufacturers usually indicate in the owner's manuals the maximum weight and other features of trailers appropriate for the vehicle. These limits should not be exceeded.

Registration

- All vehicles must comply with all relevant standards for registration and be roadworthy at all times
- Rear number plates and lights must not be obscured by the tow bar when there is no trailer connected.

Towing vehicles must be properly equipped with:

- Tow bars and couplings of a suitable type and capacity
- Electrical sockets for lighting
- Brake connections if the trailer is fitted with power or electric brakes

Additionally

- For vehicles with automatic transmission, an extra transmission oil cooler may be needed
- Some vehicles need structural reinforcement and/or special suspension and transmission options and load-istributing devices to be able to tow heavier trailers.

Tow Bar

A properly designed and fitted tow bar is essential for towing. The rated capacity of the tow bar and coupling should not be exceeded.

The tow bar should be clearly and permanently marked with its:

- Maximum rated capacity
- Make and model of the vehicle it is intended for or the manufacturer's part number
- Manufacturer's name or trade mark.

TIPS FOR SAFER TOWING

This is compulsory for vehicles built after 1 January 1992 The exception is where the tow bar is a permanent part of the vehicle.

Tow bars must not protrude dangerously when there is no trailer connected

Load Equalizers

- Help the vehicle retain normal suspension height and effective steering control
- Transfer some of the weight from the tow bar to the front and rear suspension of the vehicle.

As load equalizers may overload the tow bar and its components, check with the tow bar manufacturer for advice before use.

The Trailer

Trailers must be a suitable size and type for their intended tasks. They must be built to meet the standards for registration. If a trailer is required to be registered it must be fitted with a rear number plate.

Towing Ratio Requirement

The loaded mass of the trailer must not exceed the lesser of:

- Rated capacity of the tow bar and tow coupling.
- Maximum towing capacity of the vehicle.
- Maximum carrying capacity of the trailer.
- Maximum rated carrying capacity of the tyres.

If the vehicle manufacturer has not specified the maximum towing mass, the maximum towing mass is:

- One and a half times the unladed mass of the towing vehicle, provided that the trailer is fitted with brakes which are connected and in working order, or
- The unladed mass of the towing vehicle if the trailer does not require brakes. Vehicles with a manufacturer's gross combination mass (GCM) more than 4.5 tons may tow in accordance with the above requirements. The GCM is the gross combination mass of the car and loaded trailer.

Braking System

The minimum braking system for a trailer depends on the type of trailer, its weight and the weight of the vehicle:

- 0 – 750 kg loaded weight – no brakes required.
- 751 – 2000 kg loaded weight – braking on both wheels on at least one axle.
- 2001– 4500 kg loaded weight – braking on all wheels, and an automatic breakaway system in case the trailer becomes detached from the vehicle.

Brakes must be operable from the driver's seating position.

Towing Coupling

All couplings:

- Must be strong enough to take the weight of a fullyloaded trailer.
- Should be marked with the manufacturer's name or trade mark and rated capacity.
- Must be equipped with a positive locking mechanism. The locking mechanism must be able to be released regardless of the angle of the trailer to the towing vehicle.

Safety Chains

- Must comply with Australian Standards.
- Trailers less than 2500kg when loaded must be fitted with at least one safety chain.
- Trailers over 2500kg when loaded must be fitted with two safety chains.

To prevent the front end of the drawbar from hitting the ground if the coupling is disconnected, safety chains must be:

- As short as practicable and connected to the towing vehicle.
- Crossed over if two chains are fitted.

Loading Trailers

It is important that trailers are not overloaded and that loads are properly secured to or contained within the trailer:

- A load must not project more than 150mm beyond the trailer's width or be more than 2.5m overall width, whichever is less.
- Loads that project more than 1.2m behind a trailer must have a red flag attached to the end of the load. This flag must be at least 300 mm square and clearly visible. To avoid having an overhanging load, you should purchase a trailer that suitably contains the load.
- Overall length of the vehicle and trailer combination including its load must not be more than 19m.
- To reduce sway, heavy loads should be concentrated towards the centre of the trailer.
- Loads should be kept as low and as close as possible to the axle or axles with about 60% of the total weight forward of the centre of the axle or axles. As a general rule, about 5-10% of the total mass of the trailer plus load should be supported by the vehicle through the coupling. The trailer drawbar should be level or slightly 'nose down'.

PEDALBOX ELECTRONIC THROTTLE CONTROLLER RANGE

PedalBox throttle controllers are the newest tool to help you drive smoothly and more effectively. They remove delays in the accelerator to help you manoeuvre your car easily, even when towing or on difficult terrain!

Our throttle controllers alter the acceleration curve on electronic throttle controlled vehicles. They digitally alter the shape of the curve increasing throttle response and improving your overall driving experience. There are four driving modes, Off, Sport+, Sport and Eco/City and each mode can be optimised by a further six levels of curve control. This means that the settings can be adjusted to best suit your driving style.

- A huge range of cars, 4WDs, vans and trucks supported
- Improved throttle response for all vehicle types
- Simple installation and removal–leave no trace
- Made in Germany for quality guarantee
- Two year warranty for peace of mind

400-90000N
BOATIES FRYPAN

Designed for use in RVs where stove and cooking space is limited, the Boaties Frypan has a rectangular shape and is made of heavy gauge aluminium. This, combined with a double layer of non-stick coating, creates a quality frypan with excellent heat transfer and even cooking temperatures. The handle is compact and has an ovenproof (max oven temperature: 220°C) silicone grip—remember to take care as the grip will get very hot! The front edge is conveniently sloped whilst the rounded corners make pouring liquid contents easy. Suitable to use on gas, electric and induction hobs.

SPECIFICATIONS
Dimensions: 25L x 20W x 4.5H (cm)

400-90010N
BOATIES BAKING PAN

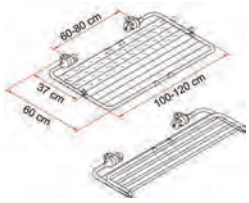
The Boaties Baking pan has all the same structural features as the Boaties Frypan (above) except that it is slightly larger and has a detachable silicone grip handle. With the Boaties Baking pan, you're able to roast and bake. Meals can be prepared on the stove top and then transferred to the oven for cooking.

SPECIFICATIONS
Dimensions: 21L x 31W x 6D (cm)

400-90020N
BOATIES FRYPAN LID

The Boaties Frypan Lid is made from stainless steel and is suitable for use on the Boaties Frypan only. It stops splatter and enables the Frypan to be used as a stovetop casserole dish. It also features a handy steam vent.

400-00495
FIAMMA EASY DRY



Suitable for use with any Fiamma Carry Bike, the Easy Dry is quickly installed onto the rail support base, without the need to drill anything. It can also be used on other bike carriers, provided their tube diameter is 35mm. The Easy Dry is a great option to dry towels or swimmers as they come with plasticized ropes and the width is adjustable for slightly larger items. It is made from anodized aluminium with a 22mm diameter, making it sturdy but lightweight. Has eight lines.

SPECIFICATIONS
Length (cm): Adjustable from 100 - 120
Closed Width (cm): 37
Open Width (cm): 60
Weight (kg): 1.2

400-00530
RV & MARINE MINI DISH DRAINER

Fits RV sinks & is sized just right for limited counter space. Its sloped drainer tray keeps counters dry. When your dishes are dry, simply snap the drain tray back onto the top of the rack for handy storage. Made from a durable, heavy duty plastic it even has space for utensils.

400-00546
CAMCO STACK-A-PLATE

The Stack-A-Plate keeps your plates tidy and safe during travel. It features a non-slip backing thus eliminating movement whilst stowed in your RVs cupboard. Made from plastic, the Stack-A-Plate is available in bright white and is even safe for the top rack of your dishwasher. Comes as a two-piece set - the larger of which fits plates up to 26cm in diameter and the smaller one fits plates up to 18.4cm in diameter.

400-00642
POP-A-BAG HOLDER
Stores grocery bags efficiently. The plastic bag holder/ dispenser mounts easily onto walls or inside cabinets with screws or double-sided tape. Comes in white & holds up to 25 grocery bags.

400-00650
ADJUSTABLE BROOM WITH CLIP ON DUST PAN
Full size broom telescopes down to store compactly. Soft-bristled head adjusts to different angles for maximum cleaning power. The handle length is adjustable from 61 - 132(cm) & the dustpan clips onto the broom handle for storage.

400-00654
RV FOLDING IRONING BOARD
A wooden tabletop ironing board with fabric cover that is small & easy to use. It features a sturdy chrome-wire iron rest & measures 81L x 30W (cm) when set up for use.

400-00656
RV WALL MOUNT TRASH CAN
A compact trash can that can be mounted onto a wall or inside a cabinet. Features a handy swing-top lid & comes with screws for mounting.

SPECIFICATIONS
Dimensions: 13W x 28H (cm)

CAMCO FRIDGE ACCESSORIES

400-00690
FRIDGE BRACE
Keep food from sliding as you travel. The Fridge Brace helps to keep cartons upright to reduce the risk of messy spills. Comes in a pack of 2.

SPECIFICATIONS
Weight: 145g
Dimensions: 73D x 130W x 135H (mm)

400-00692
DOUBLE FRIDGE BAR
Keep order in your RV's fridge whilst travelling. These spring-loaded bars keep items in place and extend from 406 – 711 (mm).

SPECIFICATIONS
Weight: 295g
Dimensions: 19D x 102W x 476H (mm)

400-00694
REFRIGERATOR BARS
These are x3 single bars that act in the same manner as the Double Fridge Bar (above).

SPECIFICATIONS
Weight: 349g
Dimensions: 17D x 92W x 594H (mm)

400-00686
CAMCO FRIDGE AIRATOR WITH ON/OFF SWITCH
Camco RV Fridge Airator helps to cool the RV fridge evenly and keeps your food fresher. The Fridge Airator features a high-volume air circulator that absorbs odours with replaceable activated charcoal pack. Battery operated. Version with on/off switch available for easy use.

- Absorbs odors with activated charcoal
- Keeps food fresher by cooling your fridge evenly
- On/off switch saves battery life
- Perfect for any small sized refrigerator
- Replaceable charcoal pack included
- Runs on two size D batteries (not included)

400-00688
CAMCO FRIDGE AIRATOR CHARCOAL PACKS
Fridge Airator Replacement Charcoal Packs. Replace the charcoal pack monthly to stop odours and keep your Camco Fridge Airaton working efficently.

400-00696
CAMCO MINI ICE CUBE TRAY PACK OF 2
Small trays fit perfectly into RV or marine freezers. Provides small size cubes for quick freezing.

SPECIFICATIONS
Length: 22.86cm
Width: 10.16cm
Height: 2.54cm

FLAT OUT STORAGE REELS

Flat Out Storage Reels were made for the harsh Australian environment. They are the ideal storage solution for electrical leads or any of the Flat Out Hoses. Made from a grey, impact resistant plastic, they feature a turning handle (to assist with winding up) & a grip handle for comfortable carrying. Great for domestic, travelling & even the construction industry, they come with a Flat Out limited 3 year guarantee.

400-00700
FLAT OUT MULTI-REEL
Can hold one of the following:
› 40m of heavy duty power lead
› 18m of flat drink water hose
› 9m of flat sullage hose
› 375 x 80 (mm)

400-00710
FLAT-OUT BARE COMPACT-REEL
Can hold one of the following:
› 20m of heavy duty power lead
› 12m of flat drink water hose
› 7m of flat sullage hose
› 300 x 65 (mm)

400-00800
FIAMMA OMNI STOP
An innovative yet simple accessory, ideal for keeping plates & items in place as you travel. Easy to lock & unlock, the securing bar is made from anodized aluminium & is 25cm high. The support handle is made from a sturdy plastic & is 20cm long.

400-00850
FIAMMA SOAP DISPENSER
A 200ml refillable liquid dispenser ideal for soap or shampoo. The container is transparent which helps to identify when you're running low. Its heavy duty push style pump ensures no mess with every use.

SPECIFICATIONS
Dimensions: 150H x 8D x 55W (mm)

400-00900
FIAMMA MOSQUITO NET FOR MOTORHOMES & CARAVANS
The mosquito net consists of two overlapping panels, each being 230 x 35 (cm). The bottom of each panel is reinforced & stays taught. It is easily installed by sliding into the wall track provided.

POLE CARRIERS & ACCESSORIES

400-01100
POLE CARRIER (200CM X 15CM)
Comes with a pair of mounting brackets - great storage place for fishing rods, annexe poles or even cable for the humble tradie.

400-01102
POLE CARRIER (200CM X 10CM)
Comes with a pair of mounting brackets.

400-01110
SINGLE BRACKET (150MM)
For pole carrier
- sold separately.

400-01120
POLE CARRIER END CAP
To suit 400-01100

400-01130
POLE CARRIER END PIN ASSEMBLY
To suit 400-01100
(15cm diameter)

400-01132
POLE CARRIER END PIN ASSEMBLY
To suit 400-01102
(10cm diameter)

400-01140
SINGLE BRACKET (100MM)
To suit pole carrier (suits part number 400-01102) - sold separately.

COAST CARRIERS COAST CARRIERS

If you're tired of wrapping cable or hose around your elbow to tidy up an area and then worry about where to store it, then the Coast range of Carriers is what you need. Made from a durable mesh and a vinyl front, each bag comes with a convenient handle to either hang somewhere for storage or for easy transportation. Available in 3 sizes.

400-01510
ELECTRIC CABLE CARRIER
Holds up to 20m of cable

SPECIFICATIONS
Dimensions: 270mm Diameter

400-01520
DRINK WATER HOSE CARRIER
Holds up to 20m of drink hose

SPECIFICATIONS
Dimensions: 345mm Diameter

400-01530
GREY WATER HOSE CARRIER
Holds up to 10m of grey water hose (with 27mm diameter)

SPECIFICATIONS
Dimensions: 440mm Diameter

400-02210
1KG ABE FIRE EXTINGUISHER
Australian standard approved, this fire extinguisher is rechargeable & lightweight. It has a mounting bracket for convenient storage & is suitable for use in vehicles, boats, RV's, residential, garages, workshops & the like.

SPECIFICATIONS
Fire rating: 1A1ØBE
Range of discharge: 3-4m

400-02220
FIRE BLANKET
Suitable for cooking & clothing fires the blanket measures 1 x 1m

400-02250
FIRE EXTINGUISHER HOLDER MAPLE
Made from a 3mm ABS plastic this holder is a suitable housing for the 1kg Fire Extinguisher (part number: 400-02210). The cavity measures 135W x 345H x 95D (mm).

400-02252
FIRE EXTINGUISHER HOLDER WHITE
The white version of the extinguisher holder above.

400-02254
FIRE EXTINGUISHER HOLDER BLACK 3MM ABS PLASTIC

400-02260
MINI FIRST AID KIT
Contains all the essentials: a first aid leaflet, a pair of latex gloves, a towel dressing, antiseptic wipes, non adherent dressing, a crepe bandage, gauze swabs & splinter forceps.

400-02292
CARAVAN & RV OWNERS HANDBOOK WALLET
- Professional, sleek all black document wallet.
- Perfect way to store owner manuals, receipts, cards & service logs
- Cheap, presentable way to bundle in all handover paperwork
- Clear plastic pockets for business cards and elastic pocket for A4 documents.

400-02310
WINEGLASS TABLE LEG COMPLETE WITH BASE & TOP
Popular table leg which stands 70cm tall. Comes in 4 parts - top plate, tube, bottom plate & anchor (which is bolted to the floor for extra stability). Powder coated in a neutral beige paint.

FIAMMA TABLE LEGS & PARTS

400-02362
FIAMMA TABLE LEG TRIPOD PRO
A newly reinforced and more stable tripod promoting carrying the table outside. Made from UV resistant plastic, it comes standard delivered with an anti-closing device.

400-02364
FIAMMA TABLE LEG RECESSED BASE

400-02366
FIAMMA CONIC TOP MOUNT CONNECTION
Made of aluminium & supplied with self threading fixing screws.

400-02368
FIAMMA RECESSED BASE PLUG
Covers the hole in the centre of the recessed base - part number 400-02364.

400-02370
FIAMMA TABLE LEG TUBE PRO (70CM)
This new leg is made of anodized aluminium with a 70cm max extension. It comes with 2 plastic joint caps.

TABLE LEGS

400-02400
SWING AWAY TABLE LEG
Comes complete with base & top. Has a sturdy construction with a chrome finish. Stands 73cm high.

400-02402
EAZY LIFT TABLE LEG
A height adjustable table leg with an adjustable collar for specific heights. Functioned by a single gas strut & requires 22kg to compress or increase height.

SPECIFICATIONS
Height Range: 48 - 85.5 (cm)

400-02403
EAZY LIFT TABLE LEG WITH ROUND PLATE
All the same features as 400-02402 (above) but now comes with a round base plate.

SPECIFICATIONS
Height Range: 48 - 85.5 (cm)

400-02409
WING NUT HANDLE FOR SWING AWAY TABLE LEG

400-02412
V-TYPE TABLE LEG
Stands 705mm in height & has x4 predrilled screw holes.

400-02414
TABLE SUPPORT LEG - 305 (MM)

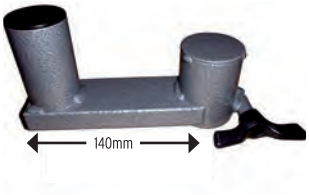
TABLE LEGS & COMPONENTS

400-02416
TABLE SUPPORT LEG - 355 (MM)

400-02418
TABLE SUPPORT LEG - 457 (MM)

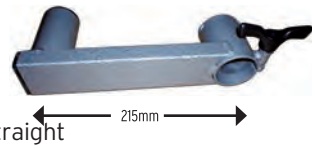
400-02420
PLASTIC HINGE
To suit 400-02414, 400-02416 and 400-02418.

400-02422
WINE GLASS EXTENSION IN GREY HAMMER-TONE (140MM)



Suitable for use on an existing straight table leg, this extension converts a normal table top to a swivel table top. Simply remove the existing table top (and plate), and place the extension piece into the top of the existing table leg. Tighten the wingnut to secure the extension piece into place. Refit the table top (and plate) on the extension piece. Fits all table legs with a 45mm tube diameter.

400-02424
WINE GLASS EXTENSION IN GREY HAMMER-TONE (215MM)



Suitable for use on an existing straight table leg, this extension converts a normal table top to a swivel table top. Simply remove the existing table top (and plate) and place the extension piece into the top of the existing table leg. Tighten the wingnut to secure the extension piece into place. Refit the table top (and plate) on the extension piece. Fits all table legs with a 45mm tube diameter.

NUOVA MAPA TABLE LEG AND SLIDE

The Nuova Mapa table leg is a fully adjustable telescopic table leg with turntable and slide system. This table can be easily adjusted into bed position if required. The bed position is factory set at 330mm and can be easily adjusted if another measurement is required.

400-02600
NUOVA MAPA TELESCOPIC AND ADJUSTABLE TABLE LEG (WITH TURNTABLE/SLIDING TABLETOP MECHANISM)
Encompassing ease and versatility, this revolutionary table leg is made in Italy from galvanised steel. Its spring loaded leg, can be lowered by pressing on the foot pump at the base and pushing down on the table top. Raising the table top is just as simple – press the foot pump again. The table top mechanism, made from lightweight aluminium, facilitates movement in and out of the dining area. A lift lever allows the table top to swivel up to 180°, as well as in a N, S, E or W direction.

SPECIFICATIONS
Diameter of leg base: 260mm
Max Weight Capacity (in bed position): 100Kg
Max Height (from floor to underside of table top): 710mm
Min Height (from floor to underside of table top): 330mm

COAST PICNIC TABLES

We all know storage space is at a premium whilst you're travelling, so to taking the essentials (like tables and chairs) can sometimes be a pain. Why not install a picnic table on the outer wall of your RV? It's one less thing you have to pack and you can never leave it behind! Quick and easy to install, the Coast Picnic Tables feature powder coated, stainless steel hinges and are rated to a huge 30kg*. The table itself is made from SMC (sheet moulding compound) which is the same material used by Audi and Porsche! Available in white, the Coast Picnic Tables are suitable for installation on fibreglass and aluminium cladded RVs (note that in the case of aluminium cladded vans, the Picnic Table with Backing Plate must be installed). Comes with 2 keys so that you can lock your table in a "closed" position when not in use.

**Whilst the Coast Picnic Tables are rated to hold 30kg, you should ensure that the structure you're fitting it onto (i.e. aluminum cladding or fibreglass paneling) can hold that weight. Coast recommends that you: 1) Check with your RV's manufacturer, prior to installation, how much weight the walls will hold. 2) Ensure you do not exceed the weight that your RV manufacturer has recommended.*

400-02700
PICNIC TABLE (WITH BACKING PLATE)

The backing plate creates a neat frame between the two fixed brackets on the picnic table. It Allows for extra mounting points should there not be any supporting studs behind the spot you've chosen to install it.

ADCO RV COVERS

Australia and New Zealand has seen the new era of RV protection, thanks to the American RV cover giant ADCO making their newest Designer Series covers exclusively available from Coast to Coast. Backed by a huge 3-year warranty, the ADCO Designer Series Olefin HD™ RV Cover is available to suit Camper Trailers, Caravans, Pop Tops and Motorhomes. They're designed for high sun exposure, high moisture, long term storage and even snow, making it the most durable cover on the market! It features superior UV stabilised and breathable fabric that blocks out 99.8% of the suns damaging UV rays. On the Caravan, Pop Top and Motorhome models, there are zippered panels along one side. These allow you access to the interior of your RV whilst the cover is on, and because of the eyelets on these panels, they can also double as an awning!

FEATURES

- Top panel is made of Olefin HD™ fabric. This new proprietary fabric has outperformed other leading roof materials and beads water on contact. Some water may penetrate the cover in heavy rains.
- Side panels are made of four layers of polypropylene with a soft lining that won't scratch your RV paintwork.
- A cinching system with buckles prevent billowing fabric on the front and rear.
- The lining of the cover is reinforced on all corners to protect against tears caused by sharp edges.
- Air vents help to eliminate moisture build-up.

ADCO CAMPER COVERS

Fits Camper Trailers up to 86" (2.18m) wide and 54" (1.37m) high.

Part Number	Description
400-06500	10' - 12' (3.06 - 3.67m)

PREMIER ONE CLEANING PRODUCTS

If you've ever found giving your RV a good clean bit of a mission, Premier One have come up with a great, practical idea! Telescopic, industrial strength poles that have a screw-end to attach a brush head. The brush head has super soft, non-abrasive fibres on it... so you don't have to worry about scratching the paint work on your RV.

There are two types of telescopic options available:
- A non-flow through pole, with a comfortable safety grip
- A flow through pole, with a comfortable safety grip.

This one is particularly useful because you can attach hose to it, allowing water to flow through the pole and onto the brush head. There is also an "on/ off" switch at the end of the pole so that you're able to minimise water wastage.

These poles and brushes are great for use on your RV or around the home, cleaning those hard to reach windows is now a breeze. Also great for the marine, transport and manufacturing industries.

400-05100
PREMIER ONE QUAD BRUSH HEAD

400-05110
PREMIER ONE BI-LEVEL BRUSH HEAD
Two-sided, contoured brush head. Soft bristles that are safe to use on all vehicles and designed to get into difficult spots.

TRAIL-A-MATE

450-00060
TRAIL A MATE HYDRAULIC JOCKEY WHEEL AND JACK KIT
Specifically designed for use with a caravan chassis, the Trail A Mate provides a unique way of making the hitching and unhitching of your caravan or camper trailer very easy (no matter how low your caravan or camper trailer might be). By removing the pin, the wheel can be replaced by the base plate and an adjustable clamp, thus turning the jockey wheel into a jack.
The kit includes: hydraulic jack on shaft, lifting clamp, jockey wheel, base plate with pin, lifting handle, bracket and bars, and a comprehensive instruction guide.

450-00085
TRAIL A MATE MARK II HYDRAULIC JACK ONLY
A heavy duty jack designed for lifting large caravans, boats and trailers. It comes with a base that enables the Mark II to be used not only as a lifting device but also as a jack stand. Manufactured to Australian and New Zealand standard 2693/2007, it has a lift capacity of up to 35cm.

SPECIFICATIONS
Working Load Limit: 1500kg
Aggregated Trailer Mass: 3500kg

* Does not include A-Frame Clamp

450-00087
TRAIL-A-MATE JACK COVER
Keep your Trail-A-Mate jacks in the best possible condition with the Trail-A-Mate Jack Cover. The cover ensures thorough protection all year round from the harsh Australian elements. Made from heavy duty all-weather material, the high-quality construction is made to last.

450-00089
TRAIL A MATE 60MM CLAMP FOR MARK II HYDRAULIC JACK
An optional clamp to enable you to use the Mark II Hydraulic Jack as a jockey wheel instead of having it permanently fixed to your RVs frame.

450-00940
TRAIL-A-MATE JOCKEY WHEEL CLAMP ANTI-THEFT LOCK
Brand new, easy to install anti-theft lock by Trail-A-Mate. Designed to secure their popular Hydraulic Trailer Jacks. This anti-theft device protects your expensive jockey wheels such as Trail-a-Mate or any jockey
wheel from being stolen, features:
- Converts a standard jockey wheel clamp into a lockable clamp
- Fits in minutes
- Comes complete with dust cap

450-00102
COAST JACK PADS (80MM)
Made with a durable plastic construction, Coast's Jack Pads are easy to attach. They have a universal fit & a unique channel that prevents ants from crawling up the stabilizer legs. Comes in a set of 4 & includes 4 anti-rattle sleeves.

SPECIFICATIONS
Dimensions: 158L x 138W x 74H (mm)

450-00118
STABILISER JACK PADS
Prevent your jacks or awning legs from sinking into grass or sand. Interlocking for convenient storage with a handy velcro strap. Built in handle for ease of use. Solidly constructed of a durable polypropylene with UV filters & comes in a set of 4.

- Compact length makes leveller compatible with tandem wheel spacing without modification

EXPLORE LEVELLING SYSTEM

450-00396
EXPLORE CVL2 LEVELLING RAMP (PAIR)

Made in Australia and specifically designed for tandem axle trailers, these levellers have a 5 tonne capacity. Super strong, they're able to raise a wheel up to 100mm (without the use of a jockey wheel)! They feature an extra wide tread to cater for tyre widths of up to 250mm and are lightweight at just 1.8kg each.

SPECIFICATIONS
Dimensions: 140H x 570L x 250W (mm)

450-00398
WHEEL CHOCKS TO SUIT CVL2 LEVELLING RAMPS

450-00399
STORAGE BAGS FOR CVL2 LEVELLING RAMPS

Designed specifically for the CVL2 range, the storage bag is made from tough polyester with a PVC backing. Each bag will fit a set of CVL2 levellers and a set of wheel chocks.

COAST RED LEVELLERS

Essential for all Caravanners, Coast's range of RV levelling solutions, highly visible they are made from UV resistant polypropylene to withstand prolonged outdoor use.

450-00460
COAST RED STD SINGLE WHEEL LEVEL & CHOCK KIT

Each kit comes with 1 x wheel ramp with grip spikes, 1 x chock to suit and 1 x anti-slip plate. Comes with a carry bag.

- Highly Visible
- Rated to 2 ton
- Includes handy storage bag
- Level ramp has a solid base with anti-slip spikes which means that it will not sink into soft ground
- Anti-Slip plate clips onto the leading edge of the level ramp
- Manufactured from tough UV resistant polypropylene plastic for superior strength
- Kit includes level, chock and anti-slip plate, with bonus storage bag
- Two ramps can link together side by side. Ideal for Dual Axle Motorhomes

SPECIFICATIONS
Level ramp dimensions: 520mm (l) x 200mm (w) x 125mm (h)
Chock dimension: 150mm (l) x 120mm (w) x 100mm (h)

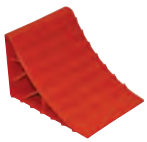
450-00462
COAST RED SINGLE MULTI LEVEL RAMP

Each pack contains:
x1 Tri-Level Wheel Ramp

- High visibility
- Each level has three different heights
- Rated to 2 ton
- Includes a handy storage bag
- Made from UV-resistant polypropylene
- Helps to level caravans or motorhomes on uneven ground
- Lightweight
- 3 height levels 4, 7 & 10 cm
- Anti-slip surface for extra grip
- Suitable for vehicles up to 2 ton

SPECIFICATIONS
Level ramp dimensions: 610mm (l) x 210mm (w) x 120mm (h)

450-00464
COAST RED STD SINGLE WHEEL CHOCK

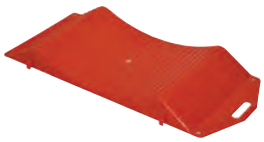


Suitable for use with the standard wheel ramp part number 450-00460. These are sold singularly.

SPECIFICATIONS
Chock dimensions: 150mm (l) x 120mm (w) x 100mm (h)

JOCKEY WHEELS

450-00466
COAST RED TYRE SAVERS 2-PACK



- Prevents flat spots on your tyres
- Suitable for tyres with diameters from 10" to 20"
- Works with most types of security wheel clamp
- Suitable as a "Stop" by bolting to garage floor
- Suitable for use with caravans, trailers & any vehicle that is stationary for long periods
- Two ramps can link together side by side. Ideal for Dual Axle Motorhomes

SPECIFICATIONS
Tyre Saver dimension: 440mm (l) x 200mm (w) x 40mm (h)

COAST RED TREAD AND STORE

450-00490
COAST RED TREAD AND STORE - FOLDING COMBINATION RECOVERY BOARDS & STORAGE BOX

- Set of folding vehicle recovery boards
- Provides traction if stuck in sand, mud or snow
- Doubles as a heavy-duty storage box
- Hinged lid for easy access to stored content

COAST JOCKEY WHEELS

Coast to Coast's range of quality jockey wheels is now available. Perfectly suited for most caravan, trailer and horse float applications, this new range has all of your jockey wheel needs sorted.

The range features three jockey wheel size variants from 6" to 10". The smaller wheels are ideal for use on paved and hard surfaces while the 10" wheels allow for even soft ground surfaces to be navigated safely.
Each jockey wheel size is available with the choice of standard or swivel clamp. The swivel clamp allows the jockey wheel to be quickly and conveniently rotated out of the way when your hitched up and ready to hit the road.

Coast Jockey Wheels come individually packaged in shipping cartons while additional standard clamps are available in retail packaging. Don't miss out, stock up on these exceptional value Jockey Wheels today.

450-10020
COAST STD JOCKEY WHEEL CLAMP (50MM/750LBS)

ALKO JOCKEY WHEELS

450-00600
ALKO 6" JOCKEY WHEEL
Has a standard clamp with a solid rubber tyre (150D x 50W mm).

450-00610
ALKO 6" JOCKEY WHEEL
Has a locking pin swivel bracket with a rubber tyre (150D x 50W mm).

450-00620
ALKO 8" JOCKEY WHEEL
Has a standard clamp with a rubber tyre (200mm diameter) & steel rim.

450-00632
ALKO 10" JOCKEY WHEEL
Has a standard clamp with a solid tyre (250mm diameter), suitable for softer ground thanks to the larger wheel diameter.

450-00642
ALKO 10" JOCKEY WHEEL
has a large locking pin swivel bracket with a solid tyre (250mm diameter).

450-00644
ALKO THRUST BEARING
Used on 6", 8" and 10" Alko jockey wheels and power mover.

450-00646
ALKO JOCKEY WHEEL HANDLE
Suitable for pin-type handles.

450-00660
ALKO POWER MOVER
Has a ratchet mechanism for added convenience & a solid tyre (250mm diameter).

450-00684
ALKO 6" SOLID RUBBER WHEEL

450-00686
ALKO 8" SOLID TYRE WHEEL

JOCKEY WHEELS

450-00698
SOLID RUBBER TWIN JOCKEY WHEEL (WITH CLAMP)

Perfect for using in combination with your caravan or trailer mover and is suitable for use with single axle and dual axle trailers. The benefit of using the Twin Jockey Wheel is that it does not dig in or jam up on surfaces like some single jockey wheels. It greatly improves the operation on a single and dual axle caravan/ trailer mover regardless of the caravan/ trailer weight. The Twin Jockey Wheel has a heavy duty clamp and the wheels are 10" solid rubber. The tyre has a steel centre with a bronze bush bore while the jockey wheel itself is zinc plated to deter rust.

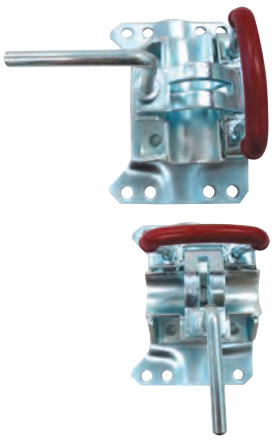
SPECIFICATIONS
Weight: 17kg
Lift Capacity: 225mm
Static Load Capacity: 1000kg

JOCKEY WHEEL CLAMPS

450-00669
ALKO PREMIUM WIDE CLAMP

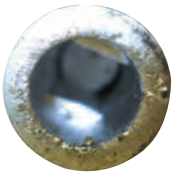
450-00700
STANDARD BOLT ON CLAMP
(no swivel function) to suit jockey wheel.

450-00702
ADJUSTABLE SWIVEL JOCKEY WHEEL BRACKET
Has a locking pin swivel function (150H x 210W mm).



WINDER HANDLES

450-00711
SLOTTED STYLE WINDER HANDLE TO SUIT REAR JACKS



SPECIFICATIONS
Length: 700mm (including the handle)

450-00742
ARK XO SERIES JOCKEY WHEEL

Ark's new Extreme Off road Series (XO) Jockey Wheel is probably the toughest, most advanced Jockey Wheel in Australia today. But not only is it tough, it's also versatile – with multiple height options, a highly maneuverable trailing yoke design and 5 different yoke locking positions.

- Magnetic, removable, side-winding handle
- Heavy duty body with 750kg rating
- 4 x adjustable height positions
- Heavy duty swivel clamp
- Dual wheel with sealed bearings & off road tread
- Rust resistant finish

450-00750
6" SOLID RUBBER WHEEL TO SUIT JOCKEY WHEEL

SPECIFICATIONS
Wheel diameter: 140mm
Tread width: 40mm

450-00910
TRAILER COP ANTI-THEFT COUPLING LOCK

The ball type anti-theft trailer lock that prevents thieves from towing your trailer away by expanding in your coupler. Suitable for use on 50mm couplers, it takes just a minute to install.

450-00924
KOVIX TRAILER HEAVY DUTY PADLOCK

Built for maximum security, this unique alarmed trailer lock is the ultimate deterrent to would-be thieves.
Designed by Kovix Australia the heavy duty KTR-18 alarmed trailer lock is made from 304 grade stainless steel. Resistant to impact, drilling and cutting this ultra-strong trailer lock features an 18mm pin with an anti-cutting sleeve.

This smart lock's alarm can be turned on or off and is triggered by a motion sensor that activates the 120dB alarm for 10 seconds. The lock is rust resistant and its electronics are water proof so it can be left out in the elements. Built to suit standard 50mm ball hitches, Off Road DO35 and Treg-style block hitches, the KTR-18 is as versatile and smart as it is tough.

FEATURES
- Anti-Impact and Drill Resistant
- Weatherproof Electronics (IP67)
- Removable Ball to Fit a Wide Range of Hitches - (H 100mm x W 155mm x D 35mm - Inside W 80mm)
- Built in Loud Alarm - Sounds at 120dB
- Long Life 3V Lithium Battery Included
- Double Locking Pin System

450-00932
KOVIX DO35 COUPLING LOCK

Protect your caravan, camper or boat with this purpose-built lock for the DO35.
Unique Features:
- Fits the D035 coupling
- Weather resistant
- Ultra-Strong. Heavy duty, 304 stainless steel construction
- 18mm locking pin
- Anti-impact, saw and drill resistant

450-00927
MILENCO SECURITY PIN LOCK T/S DO35 PIN COUPLING

- Secures your RV
- Complete with plastic storage case
- Made from Heavy Duty Steel
- Integrated high security lock
- Fast and simple to fit
- Compact and lightweight
- Variable height setting

MILENCO SECURITY CABLE

- Coated braided stainless steel cable
- Secure your valuables- Bicycles, BBQ, Portable Fridge
- Integrated combination security lock
- Fast and Simple to Fit
- Compact and Lightweight design
- Combination lock – set your own code.

MILENCO AUSTRALIAN HITCHLOCK WITH CHAIN LOCK

- Tough and dependable steel
- Clamps over tow ball and secured chains
- Complete with 3 Keys

450-00931
DUAL TRAILER COUPLING LOCK HEAVY DUTY - INC. PADLOCK
Secure your parked caravan to the towing vehicle and secure it even when its not attached to a vehicle,

Features

- Heavy duty coupling lock
- Works when hitched and unhitched.
- Simple and easy to use
- Supplied with high-quality padlock
- Suits Australian 50mm ball couplings
- Suitable for use with caravans, trailers and horse floats

450-01050
CAMCO FOLDING STEP
Holds up to 136kg (300lbs) & has a large non-slip surface. Folds flat for easy storage (grey).

450-01070
MGI MILENCO GIANT SINGLE STEP - 200KG RATED
Features a giant tread area that strictly meets safety guidelines to allow a safe carry load of 200kg, skid resistance, and a tread that is non-slip, even when wet. Produced using 100% recycled plastic.

SPECIFICATIONS
Tread Size: 455mm x 363mm
Height: 265mm
Weight: 1.7kg

450-01072
MGI MILENCO DOUBLE STEP - 200KG RATED
Emphasizes safety with non-slip tread and highly skid-resistant upper tread surface for maximum safety in both wet and dry conditions. Fitted with four rubber feet to prevent skidding on asphalt and peg holes for use on grass.

SPECIFICATIONS
Tread Size: 360mm x 220mm
Height: 185mm x 365mm
Weight: 2.9kg

450-01104
COAST FOLDING ALUMINUM RV STEP (220KG CAPACITY)
This folding aluminium RV Step features a light weight and sturdy design and can support up to 220kg. It has anti-slip strips and grippy rubber feet for extra stability.

SPECIFICATIONS
Folded size: 47.5 x 30 x 7cm
Open size: 47.5 x 30 x 22.5cm
Net weight: 2.2kgs

450-01106
COAST HEIGHT ADJUSTABLE - FOLDING ALUMINUM RV STEP (150KG CAPACITY)

This folding aluminium RV Step features a light weight and sturdy design and can support up to 150kg. It has anti-slip strips, grippy rubber feet for extra stability and adjustable feet that offer four height adjustments.

SPECIFICATIONS
Folded size: 48.5x36.8x7cm
Open size: 18.5 - 19.8 - 21 - 22.5cm
Net weight: 2.6kgs

450-01405
SINGLE PULL-OUT CARAVAN STEP

SPECIFICATIONS
Step Width: 514mm
Tread Depth: 180mm
Closed Dimensions: 300D x 530W x 180H (mm)
Mounting plate to top of step: 145mm

450-01415
DOUBLE PULL-OUT CARAVAN STEP

SPECIFICATIONS
Bottom Step Width: 520mm
Bottom Step Tread Depth: 180mm
Top Step Width: 510mm
Top Step Tread Depth: 305mm
Closed Dimensions: 380D x 590w X 310H (mm)
Mounting plate to top of step: 180mm
Mounting plate to the top of bottom step: 305mm

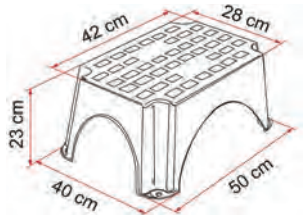
450-01422
COAST MK2 SILVER SPRING LOADED ALUMINIUM FOLD OUT SINGLE STEP - 588MM WIDE

This folding aluminium RV Step features a light weight and sturdy design and can support up to 150kg. It has anti-slip strips, grippy rubber feet for extra stability and adjustable feet that offer four height adjustments.

FEATURES
- Anit skid tread
- Spring loaded
- Rated to 200kg
- Step weight 4.7kg
- Dimensions: 588mm wide overall - Tread width 552mm

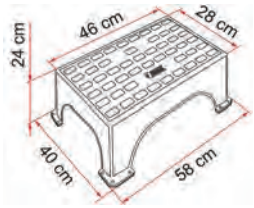
450-01530
FIAMMA PLASTIC STEP SMALL

Step in & out of your RV safely! Has a non-skid surface & is made from UV resistant HD polyethylene. Holds up to 150kg & comes in grey.



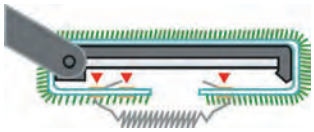
450-01552
FIAMMA MAGNUM PLASTIC STEP

An improved version of Fiamma's best selling step. Made from UV resistant HD polyethylene for great stability & strength. Comes in grey & can hold up to 200kg.



450-01570
FIAMMA CLEAN STEP

Suitable for use on electric or manual steps, it helps to keep your RV clean. Made from durable plastic it has a grass appearance & is supplied with springs for installation. Can be adapted to fit steps from: 380 x 400mm up to 450 x 400mm. Available in green.



450-01990
WHEEL NUT

Wheel nut for alloy rim

SPECIFICATIONS
Dimensions: ½" thread diameter with a 2mm pitch

450-02020
COAST SPARE WHEEL CARRIER 6 STUD SILVER

Coast to Coast very own Spare Wheel Carrier to suit popular 4, 5 and 6 stud wheels. Ideal for caravans, campers, horse floats and all trailers.

FEATURES
- Heavy duty galvanized spare wheel mount
- Suits 4, 5, and 6 stud wheels
- Comes ready for easy installation and simple use
- Designed to fit 4 and 5 inch A frames.

NUOVA MAPA ELECTRIC STEPS

This series of innovative electrical steps are made from galvanised steel for durability & stability. The footrests are made with anodized aluminium (so they won't rust) & are spaced at a comfortable height for your convenience. Order separate wiring loom as required.

450-02100
12V SINGLE ELECTRIC STEP

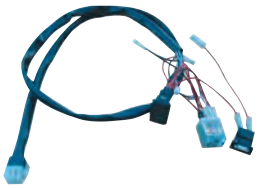
SPECIFICATIONS
Step Width: 575mm
Step Tread Depth: 210mm
Step Weight: 7.8kg
Step to Mounting Plate: 197mm

450-02110
12V DOUBLE ELECTRIC STEP

Order separate wiring loom as required.

SPECIFICATIONS
Step Width: 575mm
Step Tread Depth: 210mm
Step Weight: 11.7kg
Bottom Step to Top Step: 200mm Top
Step to Mounting Plate: 197mm
Width from center hole to center hole on the mounting plate: 530mm

450-02120
WIRING HARNESS WITH AUTO CLOSE ON IGNITION



If you forget to close your step, on ignition of your vehicle, the step will close automatically.

450-02130
STANDARD WIRING HARNESS WITH SWITCH

A standard in/ out switch which can be installed near the entry to engage or disengage the step.

450-02140
MANUAL SINGLE STEP

Made with the same quality and precision as the electric steps, the Manual Single Step holds up to 200kg. It requires minimal effort to open or close as it is spring loaded.

SPECIFICATIONS
Step Width: 560mm
Step Weight: 5.5kg
Step to Mounting Plate: 197mm

450-02150
SPRINGS FOR MANUAL STEP

Sold in pairs.

450-02300
RV WRAP AROUND STEP RUG (GREY)

Adjusts to fit almost any RV step. Just wrap it around your existing step & hook springs into the holes that fit your step. No screws, glues or tools needed! Helps to keep your RV clean.

JERRY CAN HOLDER
Has a lockable chain.

450-02500
ADJUSTABLE JERRY CAN HOLDER
Designed to fit many jerry can sizes & has an anti-theft adjustable locking bar.

450-02510
WELD ON JERRY CAN HOLDER
An economical solution to jerry can storage, this metal strap type holder is zinc plated to help minimise the occurrence of rust.

SPECIFICATIONS
Dimensions: 370W x 180L x 295D (mm) Weight: 3kg

LCI LIPPERT ELEC-BRAKE HUB DRUMS

Lippert Components Brake Drum Hub Assemblies are an industry standard. Lippert Trailer hub assembly (hub and drum) provides surface area for brake shoes to grip when brakes are activated and are compatible with standard axles from most manufacturers.

LIPPERT Brake assembly plates feature a bushed oval magnet. This feature comes as standard and for good reason as the bush provides added protection against dust. In a standard magnet dust intrusion quickly builds up and provides a friction point for the magnet and causes accelerated wear.

Electric Brake Hub Drums
The hub drum is what connects the trailers wheels to the trailers axle and houses the wheel bearings. The hub drum is the part that rotates and inside this drum sits a stationary electric brake assembly plate containing the braking shoes and magnet. The Hub also provides a steel inner face for the magnet to stick onto when powered. When this happens, the shoes are activated and they expand out to grip the inner walls of the rotating drum providing friction which in-turn drastically slows down the spinning drum.

Due to the magnet dragging on the inner-face of hub-drum they wear out. They can be machined to provide a flat surface for the magnet to comfortable adhere to but eventually you will need to simply replace them. Electric Hub drums also feature bearings so they can be attached as one unit to your axle and have the wheel studs already fitted so you can easily attach them to your wheels – both bearings & wheel stud PCD's will vary depending on what they are suited for.

450-11002
LCI LIPPERT 10" ELEC-BRAKE HUB DRUM - 6-STUD LANDCRUISER PCD

450-11004
LCI LIPPERT 12" ELEC-BRAKE HUB DRUM - 6-STUD LANDCRUISER PCD

Electric Brake Backing Plate
The Electric Brake Backing Plate sits inside the hub drum and holds the shoes, magnet, actuator levers, connections and mechanical handbrake.

The backing plates magnet is attached to a lever which is connected to the shoes, when the magnet is electrified it sticks to the spinning hub drum which pulls the magnet in the same direction as the spinning hub.

As the magnet is attached to a lever that when pulled opens up the brake shoes to grip the spinning hub drum and slow down its momentum causing the trailer to brake. Another important function with the brake plate is the inclusion mechanical handbrake which is for when the trailer is parked, how it works is that is separate lever connected to the shoes & on the other end of this lever is a hole when you can connect the trailers park brake cable, when you activate your trailers hand brake this pulls on the lever which then opens the shoes providing your park brake.

BRAKE MAGNET KIT
Electric Brake Magnet Oval Type - comes in a box complete with springs, suits DEXTER 10" x 2.25" / Hayes 10" x 2.25" & 1.625" (after 1987 up to 1993)

ELECTRIC DRUM BRAKES

Electric drum brakes are an efficient & reliable braking system that provides smooth braking when used by a vehicle mounted with a brake controller.

450-03030
ALKO 10" X 2-1/4" RIGHT HAND ELECTRIC DRUM BRAKE
With park brake provision.

450-03032
ALKO 10" X 2-1/4" LEFT HAND ELECTRIC DRUM BRAKE
With park brake provision.

ELECTRIC HUB DRUMS

These hub drums are machined for slimline bearings. Note when replacing magnets, it is recommended that the inside face of the hub drum be re-machined or the magnet performance will be affected.

450-03034
ALKO 10" X 2-1/4" FORD 5 STUD PATTERN ELECTRIC HUB DRUM
Machined for slimline bearings.

450-03036
ALKO 10" X 2-1/4" LANDCRUISER 6 STUD PATTERN ELECTRIC HUB DRUM
Machined for slimline bearings.

450-03065
ALKO BOXED 10" BRAKE SHOE KIT
Used to support and move the braking lining material, this electric brake shoe kit consists of two primary and two secondary brake shoes conveniently packaged in a box.

BEARING KITS

Bearings comprise of two parts, the cup which is pressed into the hub & the cone, this is the part that contains the rollers of the bearing. Bearings should always be replaced in pairs.

450-03069
ALKO PARALLEL BEARING KIT
A Japanese caravan bearing kit, rated to 1600kg per pair. Always ensure that only quality studs and nuts are used, which are correct for the wheel selected. Comes in a skin pack.

450-03070
ALKO SLIMLINE/FORD CARAVAN BEARING KIT (JAPANESE)
Slimline Components Include
1x L68110 cup, 1x LM12710 cup, 1x L68149 & 1x LM12749 cone.

450-03072
ALKO LM/HOLDEN TRAILER BEARING KIT (JAPANESE)
LM Components Include
1x LM67010 cup, 1x LM11910 cup, 1x LM67048 cone, 1x LM11949 cone, 1x grease cap, 1x seal & 1x split pin

ELECTRIC DRUMS

Brake drums are selected by the drum diameter, the wheel drilling pattern and in the case of hub drums, the machining profile and appropriate bearings. It is important to select the appropriate brake capacity and seek advice on the correct axle machining profile and bearing configuration to carry and stop the load on the wheel to which it is fitted.

LEVEL INDICATORS

450-03504
TREG T BAR PIN AND LOCK
- Locks the trailer to the vehicle or locks the trailer when un-hitched.
- Hardened 3/4" steel pin
- Zinc plated for corrosion protection
- Precision Zinc alloy screw pin lock with 1/4" pin and 2 keys.

450-03506
TOW BALL SPANNER
- Tow Ball Sizes 33mm
- Adj. Ball Mount Bolts 24mm
- WDH Head Bolts
- WDH Chain Bracket Bolts
- D Shackle Pins

450-03520
COUPLE - MATE REVERSING HITCH AID
An easy to install device which makes hitching your caravan or trailer a breeze. The side arms 'guide' the trailer hitch towards the tow ball, thus preventing damage to the tow vehicle. Made from double dipped, zinc plated steel.

450-03530
COUPLE-MATE TREG PIN LOCK
Featuring a latch lock with a screw lock for added security, the treg pin lock is used to lock the trailer onto your tow vehicle, or simply lock the trailer when left unattended. It has a 3/4" diameter for use with treg couplings. Note that the lock mechanism needs lubricant periodically to ensure correct operation.

450-04006
SCREW ON LEVEL
Screw-mounted level provides front-to-back or side-to-side levelling.
Comes in a set of 2.

450-04010
2-WAY PLASTIC TEE BUBBLE LEVEL
Screw-mounted level, providing front to back or side to side levelling. Sold separately.

450-04030
BULLSEYE MULTI-DIRECTIONAL LEVEL
Round, dome-shaped level reads 360o at once.

450-04032
CAMCO CURVED BALL LEVEL
A screw-mounted level, with graduated markings for accurate front-to-back or side-to-side levelling.
Comes in a set of 2.

450-04810
HEAVY DUTY BOLT ON JOCKEY WHEEL DOUBLE CLAMP

Heavy Duty Bolt on DOUBLE Clamp offers superior clamping force over other clamps available in the market. The Universal backing plate allows for easy fitment on 4", 5" or 6" chassis", no need for drilling or welding. Comes complete with bolts.

ARK XO EXTREME OFF ROAD COUPLING

Quick-hitch off road coupling. Suits all 50mm tow balls that comply with Australian Standards AS4177.2 except 50mm tow balls with a flat flange. No more switching hitches!

Choice of 2 ratings

- 2 tonne for mechanical over-ride brake systems. Part No. 450-04900
- 3.5 tonne for electric brake systems. Part No. ORXOF50 450-04902
- Full off road articulation
- No more switching hitches
- Quick-hitch locking system
- Fits 50mm tow balls that comply with Australian Standards AS4177.2 and don't have a flat flange
- Complies to Australian standards AS4177.3
- Strong fully cast steel parts

Whether you are looking to improve your off road capability, or just tired of constantly having to switch between an off road hitch and a standard ball hitch, then the Ark Extreme off road Coupling is for you!

450-04900
ARK XO EXTREME OFF ROAD COUPLING 2 TONNE

450-04902
ARK XO EXTREME OFF ROAD COUPLING 3.5 TONNE

450-04996
CRUISEMASTER 3500KG DO35 V3-PLUS COUPLING - INCLUDES TOW-PIN & H/ BRAKE.

FOR SAFETY ON ROAD AND CAPABILITY OFF IT
High articulation in all direction ensures the trailer always follows you in challenging terrains. High articulation also provides safety in the event of an accident on the road.

SIMPLE TO USE LOCKING MECHANISM
The DO35 features a simple positive locking mechanism. Once locked the Check lock cap is then fitted to keep the dirt out and to show that the coupling is securely attached.

PATENTED DROP ON DESIGN ALLOWS EASY HITCH IN ANY TERRAIN
This is the key to the success of the DO35. Combined our patented tow pin and view port, allows easy alignment of the vehicle and trailer even in technical terrain.

ARTICULATION: 360 degrees axial, minimum 70 degrees other axes.
LOCKING: Fully ADR 62/02 compliant including automatic secondary lock
FINISH: Supa Alloy 5
BOLT PATTERN: 4 bolts at 185mm x 54mm
RATING: 3.5 Tonne
ACTION: Drop-On
MAINTENANCE: Fully Greasable
NEW FEATURES: New polyurethane bushed Tow Pin, Dustcap & Bumpstop. New Integrated Handbrake lever

SHACKLES

"The current standard applying to shackles is AS 2741-2002, however this standard does not specifically cover the use of rated shackles in an application such as attaching a trailer to a tow bar. This standard covers the use of shackles for lifting purposes.

The Caravan Industry Association of Australia's recommendation is that a shackle meeting the requirements of AS 2741-2002 be used to secure rated safety chains up to 3500kg capacity.

Suitable shackles have the following specifications:

- Meet the requirements of AS 2741-2002
- Shackle grade is "S" or "6"
- Working load limit (WLL) is 1000kg
- Shackle diameter is 10mm
- Either "bow" or "dee" shackle design is suitable, although it is noted that the "bow" design provides greater angular displacement

A significant detail to understand is that the breaking load of a shackle is generally six times the working load limit."

Source: RVMAP Technical Alert – D-Shackle Confusion Resolved, 20.10.2014

450-05000
DEE SHACKLE GALVANISED – 8MM (5/16)
Not to be used with safety chains as this is a general purpose shackle.

450-05002
DEE SHACKLE GALVANISED – 8MM (5/16) RATED TO 0.75T

450-05010

ALKO COUPLINGS

450-05110
2000KG 2-HOLE SNAP ON COUPLING WITH BALL ADJUSTER
Mounting Hole: 101.6L x 13.5W (mm) zinc plated surface, ball to first centre.
Hole: 77mm

450-05120
3500KG ELECTRIC COUPLING WITH HAND BRAKE
A zinc plated coupling that is simple to attach to the tow ball.

SPECIFICATIONS
Mounting Hole: 182.5L x 55W (mm)
Diameter: 13.5mm

450-05130
2000KG MECHANICAL OVERRIDE COUPLING (NO PLATE)
A zinc plated coupling that is suited to 50mm ball types.

SPECIFICATIONS
Mounting Hole: 184L x 54W x 13.5 Diameter (mm)
Ball to first centre hole: 137mm

450-05140
BRAKE PLATE FOR MECHANICAL OVERRIDE COUPLING
Has a painted surface.

SPECIFICATIONS
Mounting Hole: 184L x 54W x 13.5 Diameter (mm)

450-05146
ALKO AKS TOW BALL RETENTION PLATE
AKS anti-rotation 50mm tow ball plate for lug type tow bar 75mm wide.

450-05147
ALKO AKS HIGH RISE 50MM TOW BALL
AKS anti-rotation 50mm high rise tow ball (black)

450-05150
HYDRAULIC CONVERSION WITH 3/4" MASTER CYLINDER
Converts mechanical couplings to hydraulic couplings (a more reliable braking system), suited for vehicles with a hydraulic drum/brake set up, zinc plated.

ALKO CORNER STEADIES

Corner steadies are not designed to be used as a jack or as the method of lifting the trailer off the ground. They are designed to stabilize the trailer or caravan when stationary.

450-05300
500MM CORNER STEADY
Has a front hex drive & is zinc plated.

ALKO WHEEL NUT 1/2" UNF
(Nut Angle 60 Degrees) - 20.5mm diameter

TOWSAFE TOW BALL WEIGHT SCALES

450-05990
TOWSAFE TOW BALL WEIGHT SCALE

Avoid unnecessary fines or even worse-accidents-by knowing your tow ball weight before you head out on a trip. Why do you need to know your tow ball weight? To put it simply, it is unsafe. Too much weight on your tow ball can cause excessive trailer sway, diminished handling and decreased braking ability. Not to mention it can be costly. The laws vary between states but on-the-spot fines can be issued if you exceed your RVs and your vehicles' tow ball weights. The Towsafe Scale is compact and easy to store. It is made from heavy-duty metal but is gentle on your RV's coupling thanks to a soft rubber head. The gauge is easy to read and will handle up to 350kg. It has also been tested to Australian Standards (AS/NZS ISO10012:2004) so you know you're getting a quality product.

REICH CARAVAN WEIGHT CONTROLS

Caravan Weight Control provides you with complete control over the total weight and the partial loads on the individual wheels. The handy scale will help you prevent overloading as well as loading unevenly which will negatively affect driving behavior. Caravan Weight Control works reliably and precisely and is suitable for cars, delivery vehicles, motorhomes, caravans and trailers.

Three measuring programs for:
1. Caravan with one axle and support wheel
2. Caravan with tandem axle and support wheel
3. Motorhome

450-05910
REICH CARAVAN WEIGHT CONTROL YELLOW 1000KG

SPECIFICATIONS
Max. load per wheel: 1,000 kg (yellow)
Deviation: < 3 %
Temperature range: 0 to 50°C
Batteries: 3 x 1.5 V Alkaline Type AAA
Dimensions: 360 x 70 x 45 mm

450-05912
REICH CARAVAN WEIGHT CONTROL ORANGE 1500KG

SPECIFICATIONS
Max. load per wheel: 1,500 kg (orange)
Deviation: < 3 %
Temperature range: 0 to 50°C
Batteries: 3 x 1.5 V Alkaline Type AAA
Dimensions: 360 x 70 x 45 mm

PURPLELINE

A leading supplier to the RV market, offering a comprehensive range of remote caravan movers and one of the largest and most varied caravan security and safety product ranges in Australia. As a design-led company, Purple Line specialises in manufacturing innovative and affordable product solutions based on the needs of the market.

450-06002
KOJACK 4T JACK KIT (NEW) HIGHER EXTENSION

The ideal caravan jack that is able to lift a huge 4tons almost effortlessly. Its 3-piece jack handle ensures a smooth hydraulic action. The Kojack mounts under the caravan chassis, so there's no need to dismantle jockey wheels, and its compatible with both ball and block fittings to match most Australian caravans such as Goldstream, Elite and Jayco. Each kit includes: x1 4ton hydraulic Kojack, x1 ball fitting, x1 block fitting, x1 100mm extension, x1 Allen key, x1 3-piece jack handle, x1 fitted carry case and attachment collars.

SPECIFICATIONS

Weight: 12kg

Lift Range: 220mm (more if extension pieces are used)

450-06010
KOJACK BASEPLATE

Kojack® Baseplate adds stability: If you have a Purple Line® Kojack® 4 tonne caravan jack and want to make it even more stable and secure, the new Kojack® Baseplate is the answer. Ideal for soft ground, gravel or sand, Baseplate gives you a footprint three times the size of the Kojack® itself, which means three times the stability and a third of the downward pressure. It clips onto the Kojack® easily and securely and can also double as a secure footing for your jockey wheel.

Features

- Can be used under jockey wheels to keep them in place and stop them from sinking
- Spring loaded latch keeps the jack in place
- Solid metal construction
- The ideal upgrade for kojack jack
- Suitable for most terrain including: sand, mud, grass, bitumen and gravel
- Australian designed and developed
- 2 Year warranty

450-06032
PURPLELINE TORPEDO HITCH PIN LOCK

Add extra security to your vehicle
- Towing rating 3500kg
- Resistant to cutting, drilling & gas freezing
- Suits class 4 receiver up to 75mm
- Compliant with Australian Standards: 4177.1-2004

450-06040
SOCKET EXTENSION

An extender socket great for use on corner steady legs and the Kojack Leveller (to stabilise, raise or lower an RV). It can also be used to tighten or loosen other bolts and nuts provided they are 19mm in size. Made from high tensile steel and designed for use with a torque sensitive rechargeable drill.

450-06050
SOCKET EXTENSION WITH UNIVERSAL JOINT

Similar to the Socket Extension (above) except that it has a universal joint to facilitate tight spots. It can also be used to tighten or loosen bolts and nuts of 19mm, and is also made from high tensile steel.

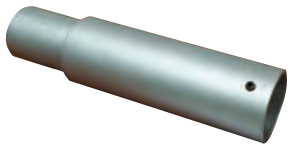
450-06064
NEMESIS WHEEL CLAMP

The Nemesis wheel lock is made from specially hardened high tensile steel which is resistant to cutting and drilling and incorporates an exclusive high security 9-lever barrel lock, resistant to picking drilling and gas freezing. The lock is made by Lowe and Fletcher (UK). It is supplied with a handy carry bag to store the unit when not in use. Built with composite metals, resistant to cutting, drilling and gas freezing. Incorporating a seven-pin anti-pick and anti-drill locking bolt with a tubular anti-copy key. Strong, secure and tough, it remains quick and easy to fit.

Suitable for steel and alloy wheels. New Model, 'one size fits all' - suitable for on and off road wheels up 17" and tyres up to 275mm cross-section. Now comes with three keys. The Nemesis wheel lock is the perfect highly visible deterrent.

Ideal for
- Cars
- Large Off-Road Tyres
- Some light commercial vehicles (check wheel/Tyre combinations)
- Motorhomes
- Caravans
- Camper Trailers
- Boat trailers
- Horse floats
- General trailers
- The Purpleline Nemesis comes with a 2 year warranty.

450-06059
KOJACK 150MM EXTENSION PIECE



450-06072
PURPLELINE ANTI THEFT PACK

Complete Security Kit keeps you safe: Purple Line® has made it a whole lot easier to guard your caravan against thieves with its new Complete Security Kit, which combines the tough Samurai wheel clamp and Saracen® hitch lock in one compact, easy-to-use kit. Keyed alike for maximum convenience, both units have Purple Line's tough, 7-pin locking mechanism, as also used in the big Nemesis® wheel clamp and the Saracen Australian Hitch Lock. All in a convenient carry bag and backed by a 2 year warranty.

Features

Samurai Wheel Clamp
- Simple to use, compact and quick fit
- Fits tyre widths 145 to 275mm
- Suitable for both on and off road wheels
- 2 Year warranty

Saracen Hitch Lock
- High security hitch lock
- Quick and easy to fit
- Resistant to cutting, picking, drilling and gas freezing
- Made from high strength composite materials
- 2 Year warranty

450-06085
GULLWING EURO HITCH LOCK

Designed to fit Alko stabilizer hitches AKS2004 and AKS3004, found predominantly on European RVs such as Bailey, Swift and Adria. It is highly secure, easy to fit and takes a couple of minutes to install. The Gullwing can be fitted to a van whether it is hitched or not.

450-06086
SARACEN ULTRA HITCH LOCK

The Saracen Ultra hitch lock suits Australian standard 50mm ball hitches and fits both when HITCHED and UNHITCHED.

Saracen Ultra suits any trailer with a standard 50mm ball hitch – boat and work trailers, caravans and camper trailers, horse floats, box trailers, car and motorcycle trailers – any trailer at all.

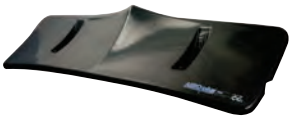
FEATURES
- Made from specially hardened high strength steel
- Resistant to cutting and drilling
- Incorporates a high-security, 7-pin barrel lock, resistant to picking, drilling and gas freezing.
- Suits Australian standard 50mm ball hitches
- Fits both when HITCHED and UNHITCHED.

450-06088
SARACEN OFF ROAD HITCH LOCK

Today's tough Aussie off-road vans are increasingly fitted with the Vehicle Components Hitchmaster® DO35 articulated hitch, and now Purple Line® has developed a tough new hitch lock to protect it. The new Saracen® Off-Road hitch lock provides the same combination of toughness and easy fitting for the DO35 as the standard Saracen® models do for standard 50mm ball hitches. As with all Purple Line® anti-theft products, it features tough metal construction, engineered to give maximum protection for Aussie caravanners. It comes with Purple Line's tough, 7-pin locking mechanism, and is fitted simply by placing the backing plate in position, clamping over the cover and locking the stout locking pin. Backed by a 2 year warranty, it is as touch as the tough Aussie vans it protects – and it makes life even tougher for would-be thieves.

It has all the proven Saracen features including
- High strength steel construction
- Anti-pick seven-pin cylinder lock
- Anti-copy tubular key
- Suits V1, V2 & V3 DO35

450-06090
AEROPLUS CARAVAN WIND DEFLECTOR



Proven to reduce drag, the Aeroplus improves towing stability by directing airflow over your RV. This in turn, helps to minimize wear and tear to your tow vehicle whether it be mechanical or your tyres. It is made from ABS plastic and fits most 4WDs, SUVs and station wagons. The Aeroplus is easily fitted onto an existing horizontal roof rail by means of two clamps which are tightened by hand. As you drive, it directs the air over the top of your RV and thus reduces drag and improves fuel economy. It is suitable for use on most roof rails such as Rola, Rhino and Thule (providing that the rail is not wider than 80mm). Comes with angled spacers to increase the angle of the Aeroplus and a two year manufacturer's warranty.

SPECIFICATIONS
Weight: 7kg (including packaging and fittings)
3.5kg (ABS plastic tail only)
Dimensions: 135W x 20H (cm)

Note: The Aeroplus has been wind tunnel tested up to a speed of 60mph (96kmph). It is therefore advised that if travelling whilst the Aeroplus is fitted, 96kmph is not exceeded. Drivers should always adhere to the road rules of the state they are travelling in.

450-06082
SARACEN AUSTRALIAN HITCH LOCK V2

The new and improved Saracen V2 features a unique tow chain lock feature allowing the user to lock their tow chains & hitch together. To further aid security, Saracen V2 also features additional hardened steel collars around the edges of the pin lock.

Made from especially hardened, high tensile steel, the Saracen is a high security hitch lock that is resistant to cutting and drilling. It is a quick and easy to fit solution to prevent your RV from being towed away. Featuring a Lowe and Fletcher lock, which is also resistant to picking and freezing, the Saracen comes with two keys and is suitable for use on most Australian caravan coupling hitches.

SPECIFICATIONS
Compatible with the following hitches: Alko, Trigg Boss, Meher, Trojan and some other standard Australian hitches.

Comes with a one year manufacturer's warranty.

450-06400
MILENCO INTERNAL UNIVERSAL SILVER THERMAL CAB BLIND

This one-size-fits-all blind features high quality, black sucker pads with their own handles to stop any distracting light through for you to get a good night sleep! For optimum performance in winter conditions, warm up demister before removing.

450-08002
MILENCO QUATTRO LEVEL PAIR (160MM MAX LIFT)

Sold in pairs complete with carry case. Europe's best-selling large Level lifts to 160mm and incorporates a lattice, high-grip upper tread surface. It pockets the wheel at every height and features a solid base to stop sinking on soft terrain. The high grip leading edge prevents slippage when approaching and avoids the need for gripper plates.

SPECIFICATIONS
Dimensions: 20cm H x 24.5cm W x 81cm L
Height of Each Step: 4cm/8cm/12cm/18cm
Weight: 3.8kg Per Level
Capacity: 1500kg Per Wheel = 6000kg Motorhome or 3000kg Caravan

450-08006
MILENCO MGI WEDGE LEVELS (TWIN PACK)

A conventional wedge-shaped Level with 50% Base and 50% Top surface area featuring a lightweight, strong construction. The high grip leading edge removes the need for gripper plates. Compatible with MGI Milenco Wedge Level Chock.

SPECIFICATIONS
Dimensions (approx): 11cm H x 18cm W x 46cm L
Height of Each Step: 4cm/8cm/12cm/18cm
Weight: 1kg Per Level
Capacity: 1000kg Per Wheel = 4000kg Motorhome or 2000kg Caravan

450-08008
MILENCO MGI WEDGE LEVEL CHOCK

An extra wide chock with side handles to reduce the risk of hand trap. Compatible with MGI Milenco Wedge Levels. Available singularly.

450-08010
MILENCO MGI WEDGE LEVEL WITH CHOCK

A pack consisting of 1x MGI Wedge Level (450-08006) and 1x MGI Chock (450-08008).

450-08020
MILENCO STACKA TYRE SAVER (TWIN PACK)

These heavy duty tyre savers feature a durable design and a solid base to prevent sinking on soft terrain. Suitable for twin axle, single axle, and tag axle.

SPECIFICATIONS
Capacity: 1500kg Per Wheel = 6000kg Motorhome or 3000kg Caravan

450-08022
MILENCO GIANT LATTICE TREAD GRIP MAT (TWIN PACK)

This heavy-duty, extra large set of Grip Mats is designed to provide excellent performance in wet conditions. The Lattice design allows them to be linked together without being tied.

SPECIFICATIONS
Dimensions Per Mat: 106cm L x 33cm W

STONE SHIELDS

Protect your RV, and prolong the life of its paintwork, by installing a Stone Shield. Supplied as a flat pack, it is quick and easy to install of the A-frame of your caravan or camper trailer. Made from tough rip stop mesh (resistant to rips or tears), the Stone Shield stops stones (and other hard debris) from chipping, or potentially even denting your RVs paintwork. Comes with two extra-large rubber mud flaps to protect the undercarriage of your caravan or camper trailer.

450-06500
CARAVAN STONE SHIELD

FAN AND LIGHT COMBO (WHITE)

Suitable for use in Jayco Campers and Expandas, this reading light has a 2-speed fan. It has a 1/4" (6.4mm) jack which allows it to fit into an existing 12V internal light (such as 500-05004, 500-05005, 500-05006 and 500-05007). There are also two plastic U-brackets on the rear/top that will clip onto a 3/4" - 1" (19.1mm - 25.4mm) camper support pole. Alternatively, it can be hung using the single U-bracket at the back to hang it vertically. Made in the USA to Australian and NZ standards, it also features a curly cord that extends up to 8ft (2.4mt) and comes with a globe*.

** You can replace this globe with a Coast LED, either 500-05758 or 500-05760 will fit.*

SPECIFICATIONS
Power: 12VDC, 1.3A (max)
Dimensions: 250L x 145W (mm)

500-00200
SAFETY HUSH SMOKE ALARM

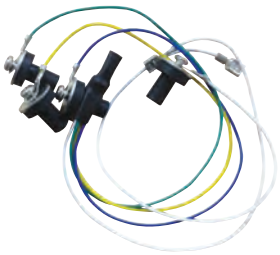
Ideal for fast flaming fires, the Hush Smoke Alarm is easy to install with no wiring necessary. It has a feature that enables the alarm to be switched off for 10 minutes in case of false alarms. It also has an ionisation sensing chamber which automatically resets once the smoke is cleared. This smoke alarm comes with a 9V battery which lasts approximately nine months. A warning signal will sound when the battery is running low.

500-00730
SETEC DRIFTER

The Setec Drifter is an LCD display unit with the capacity to monitor up to four water tanks and a 12V battery. This means that you'll know when you're running low on fresh water or when your waste tank needs to be emptied (if you choose this as an option to monitor), all whilst observing your battery's status (current going in and out). It is compatible with any 12V lead acid battery, including VRLA, AGM, Gel and even the traditional non-sealed batteries.

SPECIFICATIONS
DC Power Input: 8-15V DC, 0.7-0.35A
USB Output: 5V DC at 0.9A C-Tick Approved
Complies with IEC 61010-1, ED: 2001, CISPR 11:2009
Dimensions: 149L x 85H x 22W (mm)
Weight: 0.21kg

500-00749
SETEC DRIFTER WATER SENSOR TANK SET



The Setec Drifter, part number 500-00730 (above) comes with wiring for up to two tanks. You could choose to utilize this to monitor two water tanks or, one water tank and one waste tank. Should you want to monitor extra tanks, a Water Sensor Tank Set must be purchased (one set per tank).

500-00222
QUELL PD04 CARBON MONOXIDE DIGITAL DISPLAY ALARM

Protect your family and safeguard your RV by adding a Carbon Monoxide alarm, these units are cost effective and easy to install.
What is Carbon Monoxide? Carbon monoxide (CO) is a highly poisonous gas with no taste, colour or smell.

Carbon monoxide (CO) alarms detect the early presence of carbon monoxide emitted from gas sources such as heating and cooking systems, vehicle engines, fuels and blocked chimneys. CO alarms are intended to supplement conventional smoke alarms, not replace them. A CO alarm is not a smoke alarm and, therefore, will not satisfy legal requirements regarding the installation of smoke alarms in the home.

FEATURES
- Peak level memory Displays the highest CO concentrate measured since the last reset
- Self-activation Alarm automatically activates when attached to the mounting bracket
- Test/Reset button Tests the alarm circuitry and horn. Resets memory after the alarm has sounded
- LED indicators Flashing green LED every 30 seconds indicates the unit is operating properly. Pulsing red LED with alarm indicates a dangerous level of carbon monoxide has been detected. Amber LED indicates the unit is in fault mode
- Deactivation switch Disables the alarm to allow for safe battery disposal once the unit has reached the end of its 10-year life
- 10-year limited warranty Provides peace-of-mind with a decade of carbon monoxide detection
- 3 x AA batteries included

SPECIFICATIONS
Dimensions: 120mm x 75mm x 40mm

SPHERE BATTERIES

Sphere 12V Valve Regulated AGM Rechargeable Batteries are available in two models to suit most needs. Ideal for use in caravanning and camping, the AGM design offers improved discharge and recharge efficiencies. They require less maintenance, are spill proof and are safer for you and the environment compared to conventional alternatives.

500-00820
SPHERE 12V 100AH VALVE REGULATED AGM RECHARGEABLE BATTERY

SPECIFICATIONS
Internal resistance: Fully Charged at 25°C: 4.9 Ohm
Max. Discharge Current: 1200A(5s)
Operating Temperature
Discharge: -15 ~50°C
Charge: 0 ~40°C
Storage: -15 ~40°C
Charge Method (25°C)
Max. Charge current: 40
Cycle use: 14.4-15.0v(-30mv/ °c)
Float use: 13.5-13.8v(-20mv/ °c)
Self Discharge: 3% of capacity declined per month at 20°C
Dimensions: 307L x 168W x 214H (mm)

500-00822
SPHERE 12V 120AH VALVE REGULATED AGM RECHARGEABLE BATTERY

SPECIFICATIONS

Dimensions: 330L x 171W x 219H (mm)

SPHERE LITHIUM BATTERIES

Sphere lithium batteries are the future of mobile power storage. Lithium batteries are much lighter than traditional lead acid and AGM batteries and deliver unrivalled cycle life, more than four times more cycles compared to lead acid and AGM batteries.

Perfect for use in caravans, marine, camping and home storage applications, Sphere Lithium batteries are fully sealed and feature a built-in battery management system for safety.

If you are replacing an existing deep cycle lead acid or AGM battery you can continue to use your same battery charging system and the built-in battery management system will do the rest for you. You will also notice that lithium batteries charge more efficiently than lead acid and AGM batteries so the recovery will be much quicker.

Sphere lithium batteries use active cell balancing technology to balance the internal battery cells not only whilst charging but also whilst discharging. This assist's in getting the battery as close to 100% charge levels as possible.

- 100AH AND 120AHLithium Ion
- 2000+Cycles
- Built in advanced BMS with Dynamic cell balancing
- Lightweight
- 5 Year Warranty
- Can be connected in series or parallel. Maximum in series voltage of 30.4V

Note: These batteries can't be used to start motor vehicles

500-00831
SPHERE 12V 100AH LITHIUM RECHARGEABLE BATTERY

SPECIFICATIONS
Capacity: 100AH
Voltage: 12.8VDC
Discharge Rate Max: 100A
Maximum Pulse Rate (3 sec): 250A
Nominal Charge Rate: 30A
Max Charge Rate: 60A
Cycles@ 100% DOD: 2000
Operating Range : -20°C to +60°C
Weight: 12.6Kg
IP Rating: IP65

500-00833
SPHERE 12V 120AH LITHIUM RECHARGEABLE BATTERY

SPECIFICATIONS
Capacity: 120AH
Voltage: 12.8VDC
Discharge Rate Max: 100A
Maximum Pulse Rate (3 sec): 250A
Nominal Charge Rate: 30A
Max Charge Rate: 60A
Cycles@ 100% DOD: 2000
Operating Range : -20°C to +60°C
Weight: 14.2Kg
IP Rating: IP65

500-00835
SPHERE 12V 200AH LITHIUM RECHARGEABLE BATTERY

SPECIFICATIONS
Capacity: 200AH
Voltage: 12.8VDC
Discharge Rate Max: 100A
Maximum Pulse Rate (3 sec): 250A
Nominal Charge Rate: 40A
Max Charge Rate: 60A
Cycles@ 100% DOD: 2000
Operating Range : -20°C to +60°C
Recommended Charge Rate: 30A
Maximum In-series voltage: 30.4V

CAMCO BATTERY BOX

500-02012
BATTERY BOX - LARGE. C/W LID + STRAP 328L X 188D X 195H

500-02032
CAMCO BATTERY BOX - SMALL

Camco RV Standard Battery Box is a black, lightweight, heavy-duty corrosion-resistant polypropylene box which is designed to secure and protect batteries. It includes a lift-off lid, durable woven hold-down strap, foot clamps and stainless steel screws.

- Includes lift-off lid, durable woven hold-down strap, foot clamps and stainless steel screws
- Lightweight, heavy-duty corrosion-resistant polypropylene box
- It has internal dimensions of 273L x 184D x 200H (mm) with 50mm additional head room for battery terminals.

500-02034
CAMCO BATTERY BOX - LARGE

Camco RV Large Battery Box is a black, lightweight, heavy-duty corrosion-resistant polypropylene box which is designed to secure and protect batteries. It includes a lift-off lid, durable woven hold-down strap, foot clamps and stainless steel screws.

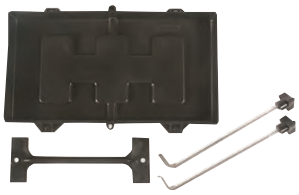
- Includes lift-off lid, durable woven hold-down strap, foot clamps and stainless steel screws
- Lightweight, heavy-duty corrosion-resistant polypropylene box
- It has internal dimensions of 336L x 184D x 219H (mm) with 50mm additional head room for battery terminals.

500-02036
CAMCO REPLACEMENT BATTERY BOX STRAP & HARDWARE

Camco's Replacement Strap for Battery Box measures 990mm long x 38mm wide. It is made of woven polypropylene and includes the hardware to attach it to the battery box.

- 990mm long x 38mm wide
- Includes hardware to attach to battery box
- Made of woven polypropylene
- Heavy-duty and durable
- Easy to install

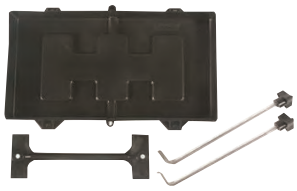
500-02038
CAMCO STANDARD BATTERY TRAY - PLASTIC



It is heavy-duty acid-resistant plastic with stainless steel hardware

- Heavy-duty acid-resistant plastic
- Stainless steel hardware

500-02040
CAMCO LARGE BATTERY TRAY - PLASTIC



It is heavy-duty acid-resistant plastic with stainless steel hardware.

- Heavy-duty acid-resistant plastic
- Stainless steel hardware

ANBI SWITCH BATTERY ISOLATOR

The ANBI Battery Switch eliminates drainage of stored power by isolating the battery from power-hungry components like clocks, and general energy leakage. Installation is quick and easy and can be completed in less than 15 minutes.

Even when your ignition key is off, there are still components that draw current and continue to drain your battery. That's why it's common to find it flat when you to go to start a vehicle, like a caravan, classic car, or ride-on mower after it's sitting for an extended period of time. This is both inconvenient and costly as a completely flat dead battery can often become damaged if left uncharged for an extended period.

ANBI also provides a theft deterrent by virtually immobilising the vehicle when activated. This can result in significant savings on insurance premiums. Make sure your steed is ready to go when you are, install an ANBI Battery Switch today!

500-02120

ANBI SWITCH - BATTERY ISOLATOR

The ANBI Switch is a simple, high quality, robust solution to help you avoid flat batteries.

- 5 Year Warranty
- Simple installation
- Suitable for wide range of applications
- Proven anti-corrosive. Exceeds international standards for salt and sea spray.
- Accelerated life tested for proven durability
- Designed and manufactured in Australia

500-02121

ANBI SWITCH CARAVAN & CAMPERTRAILER - BATTERY ISOLATOR

Nothing's more frustrating than going to hitch-up your caravan or camper only to discover that you've fallen foul of a flat battery! Now you can avoid disappointment and inconvenience, with an inexpensive and simple to install ANBI Battery Switch. The ANBI Battery Switch eliminates drainage of stored power, by isolating the battery from energy leakage. Installation is quick and easy and can be completed in less than 15mins. Make sure you're always ready to go and install an ANBI Battery Switch today!

SPECIFICATIONS

Vibration tested to Australian Standard
1200A at 12V for 5ms
600A at 24V for 5ms
120A at 12V continuous load max
60A at 24V continuous load max

500-02124

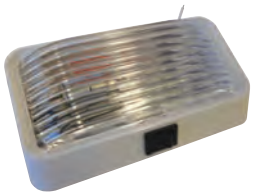
ANBI SWITCH - EXTENSION KIT

Allows the user to fit the ANBI Switch more remotely, out of sight if needed or to avoid a tight space.

EXTERNAL LIGHTING

500-01014
BARGMAN LIGHT REPLACEMENT LENS ONLY

500-01030
HALOGEN PORCH LIGHT WITH SWITCH
Porch light c/w switch white base - clear lens 12V



500-01033
LENS ONLY TO SUIT CURRENT PORCH LIGHT (CLEAR)

500-01036
LED ANNEX LIGHT
Has a white base that mounts onto your RV wall (comes with screws for installation). Also has a clear lens.
Note: This is an interior LED light. It can be used on the exterior provided it is sealed.

500-01038
ANNEX LIGHT WITH SWITCH - BLACK

500-01051
LENS FOR COAST LIGHT WITH GRAB HANDLE

500-01055
REPLACEMENT SWITCH, LOCKING RING + BUTTON COVER T/S XC9HANDLE03/ C4323B. C4235

500-01057
GRAB HANDLE WITH LED
Featuring a simple and modern design, the latest Coast Grab Handle sheds light around your RV entry area. Turn it on or off (as required) using the trigger switch found on the underside of the handle. Comes with a five year manufacturer's warranty.

SPECIFICATIONS
Dimensions: 175H x 149W x 50D (mm)
Voltage: 10 - 36V
Material: Polycarbonate

500-01059
GRAB HANDLE WITH LIGHT - BLACK

COAST LED ASSIST HANDLES

Available in 3 colours - Black, White and Chrome, Coast to Coast LED Assist Handles offer practical convenience, stylish modern design and the following great features:

- LED mode touch switch conveniently located behind the handle
- IP65 water resistance, built for outdoor use
- Natural white LED illumination
- Blue LED courtesy light

SPECIFICATIONS
Voltage: 12V
White Power Draw: 2W
Blue Power Draw: 0.8W
Light Operation: White - Blue - Off
IP Rating: IP65

COAST LED LAMPS

500-05500
COAST LED SIDE MARKER LAMP RED/AMBER
Has a clear polycarbonate lens with a white bracket, a 0.5m wire outlet with blade terminals (12V)

SPECIFICATIONS
Dimensions (mm): 75 x 40

500-05502
COAST LED FRONT POSITION LAMP WHITE
Has a clear polycarbonate lens with a white bracket, a 0.5m wire outlet with blade terminals (12V)

SPECIFICATIONS
Dimensions (mm): 75 x 40

500-05504
COAST LED FRONT MARKER LAMP AMBER
Has a clear polycarbonate lens with a white bracket, a 0.5m wire outlet with blade terminals (12V)

SPECIFICATIONS
Dimensions (mm): 75 x 40

500-05506
REAR POSITION LAMP RED
Has a red polycarbonate lens with a white bracket, 0.5mt wire outlet with blade terminals (12V)

SPECIFICATIONS
Dimensions (mm): 75 x 40

500-05520
COAST LED LICENSE PLATE LAMP (WHITE)

Has a polycarbonate lens with dark grey bracket & a 0.5m wire lead outlet. Note: there is no terminal or connector and two lamps are required for ADR compliance (12v DC)

LED REPLACEMENT BULBS

500-05748
LED MR8 REPLACEMENT BULB (COOL WHITE) 0.8W

Used to replace traditional MR8 halogen bulbs, it has x6 super bright LEDs and a luminous flux of 60 lumens. Operating on 12V DC, it is the equivalent to a 10W MR8 halogen bulb.

SPECIFICATIONS
Dimensions (mm): 34 x 25

500-05751
LED MR16 REPLACEMENT BULB (COOL WHITE) 4W

Used to replace the traditional MR16 halogen bulb, has x3 super bright LED's and a luminous flux of 210 lumens. Operating on 12V DC, it is the equivalent to a 45W MR16 halogen bulb.

SPECIFICATIONS
Dimensions (mm): 50 x 47.8

500-05752
LED MR11 REPLACEMENT BULB (COOL WHITE) 1.8W

Used to replace the traditional MR11 halogen bulb, has x12 super bright LEDs and a luminous flux of 150 lumens. Operating on 12V DC, it is the equivalent to a 24W MR11 halogen bulb.

SPECIFICATIONS
Dimensions (mm): 34 x 34.6

500-05753
LED G4 REPLACEMENT BULB WITH SIDE PIN (COOL WHITE) 1.6W

Used to replace the traditional G4 halogen bulbs, it has x6 super bright LEDs and a luminous flux of 120 lumens. Operates on 12V DC.

SPECIFICATIONS
Dimensions (mm): 35 x 23

500-05754
LED G4 SINGLE REPLACEMENT BULB (COOL WHITE) 1W

Used to replace reading light bulbs, it has a single super bright LED and a luminous flux of 70 lumens. Operating on 12V DC, it is the equivalent to a 10W G4 halogen bulb.

SPECIFICATIONS
Dimensions (mm): 28 x 12

500-05756
LED G4 REPLACEMENT BULB WITH SIDE PIN (COOL WHITE) 1.8W

Used to replace the traditional G4 halogen bulb, it has x12 super bright LEDs and a luminous flux of 150 lumens. Operating on 12V DC, it is the equivalent to a 27W G4 halogen bulb.

SPECIFICATIONS
Dimensions (mm): 42 x 30

500-05757
LED G4 REPLACEMENT BULB TOWER TYPE (COOL WHITE) 2.7W

Used to replace the traditional G4 halogen bulb, it has x18 super bright LEDs and a luminous flux of 210 lumens. Operating on 12V DC, it is the equivalent to a 27W G4 halogen bulb.

SPECIFICATIONS
Dimensions (mm): 45 x 15

500-05758
LED T10 REPLACEMENT BULB (COOL WHITE) 1.35W

Used to replace the traditional T10 halogen bulb, it has x6 super bright LEDs and a luminous flux of 105 lumens. Operating on 12V DC, it is the equivalent to a 16W T10 halogen bulb.

SPECIFICATIONS
Dimensions (mm): 37 x 13

500-05760
LED T10 REPLACEMENT BULB (COOL WHITE) 2.7W

Used to replace the traditional T10 halogen bulb, it has x18 super bright LEDs and a luminous flux of 210 lumens. Operating on 12V DC, it is the equivalent to a 35W T10 halogen bulb.

Specifications
Dimensions (mm): 55 x 27

500-05761
LED T10 REPLACEMENT BULB WEDGE TYPE (COOL WHITE) 1.76W

Used to replace the traditional T10 halogen bulb, it has x13 super bright LEDs and a luminous flux of 150 lumens. Operating on 12V DC.

SPECIFICATIONS
Dimensions (mm): 43.2 x 10

500-05762
LED BA15S REPLACEMENT BULB (COOL WHITE) 2.7W

Used to replace traditional BA15S halogen bulbs, it has a single connector parallel pin and x18 super bright LEDs. Operating on 12V DC, and with a luminous flux of 250 lumens, it is the equivalent to a 36W BA15S halogen bulb.

SPECIFICATIONS
Dimensions (mm): 49 x 15

500-05764
LED BA15D REPLACEMENT BULB (COOL WHITE) 2.7W

Used to replace traditional BA15D halogen bulbs, it has a double connector parallel pin and x18 super bright LEDs. Operating on 12V DC, and with a luminous flux of 250 lumens, it is the equivalent to a 36W BA15D halogen bulb.

SPECIFICATIONS
Dimensions (mm): 49 x 15

500-05766
LED FESTOON REPLACEMENT BULB (COOL WHITE) 0.54W

Used to replace traditional festoon halogen bulbs, it has x6 super bright LED's. Operating on 12V DC, and with a luminous flux of 36 lumens, it is the equivalent to a 5.4W festoon halogen bulb.

SPECIFICATIONS
Dimensions (mm): 42 x 24

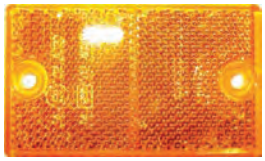
500-05770
LED 2D FLUORESCENT TUBE REPLACEMENT LAMP (COOL WHITE) 10.1W

Used to replace traditional round fluorescent lamps, it has x60 super bright LEDs. Operating on 12V DC, it has a luminous flux of 900 lumens.

SPECIFICATIONS
Dimensions (mm): 130 x 15

REFLECTORS

500-05550
COAST RECTANGULAR SCREW MOUNT REFLECTOR AMBER
Has an acrylic lens and screw mount.



SPECIFICATIONS

SPHERE™ WIRELESS LIGHTING CONTROL SYSTEM

The Sphere™ Wireless Lighting Control System is the way of the future. Easily installed on any flat surface, the system requires no drilling, no wires and no hassle—a simple lighting system at its best! How does the system work you ask? Firstly you will need the 6-Channel Receiver and a selection of Wireless Switches (whichever you feel is best for your RV setup). The Receiver will control the lighting for up to six individual zones in your RV e.g. the kitchen or the bathroom. A simple pairing procedure allows for multiple switches to be programmed to each zone and vice versa.

A master OFF function is available with all switches, enabling you to turn all lights off in all zones with one simple button. Alternatively, for a true wireless experience, the remote control can be purchased.

500-07132
SPHERE WIRELESS LIGHT SWITCH REMOTE CONTROL
A six button, multifunction remote control with six available channels enabling the user to tailor the system to their needs. The Remote Control is a handy accessory to keep in your pocket. If, for example, you have spent the day exploring your surroundings, with the Remote Control in your pocket, you can turn your RV lights on as you approach. It will work up to 50m away (provided nothing obscures the signal). Comes with a belt and clip for the user to wear when away from their RV.

SPECIFICATIONS
Battery Type: CR2032 Lithium Battery
Working Frequency: 433.92MHz

500-07134
SPHERE WIRELESS LIGHT SWITCH REMOTE CONTROL WITH MASTER OFF
A six button, multifunction remote control with six available channels enabling the user to tailor the system to their needs.

An 18mm wide cover to suit single circuit breakers (such as 500-03105)

ELECTRICAL LEADS

500-03102
CLIPSAL COVER TO SUIT CIRCUIT BREAKER
Suitable for covering 36mm wide circuit breakers.

500-03105
CIRCUIT BREAKER (WITH EARTH LEAKAGE)
Clipsal Max 4 – combination residual current devices and miniature circuit breaker, remember to test these on a monthly basis by operating their inbuilt test button, standard slim type, non-delayed, 240V, 16A – 30mA, 1-phase +N, 6kA, 1 module wide, 50Hz.

500-03110
CLIPSAL 75 OHM COAXIAL CABLE SURFACE SOCKET
These sockets are designed to accommodate solid core conductor coaxial cables with insulation up to 5mm (diameter) for solderless connections.

500-03120
CLIPSAL 492/32 FIXED POLARITY PLUG GREY
Flexible two-pin plugs do not require insulated pins to comply with Australian/New Zealand Standards. This is a flexible plug with two parallel pins, 10A.

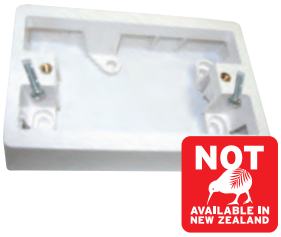
500-03122
CLIPSAL 438/32 FIXED POLARITY CORD SOCKET GREY
32V Socket, 15A 2pin polar to suit 1.5mm² (ordinary duty)

500-03124
402/32 FIXED POLARITY SOCKET WHITE
Front connecting surface socket with two polarized pins, 32V, 15A.

500-03200
SINGLE POWER OUTLET DOUBLE POLE 15D WHITE
Double pole power outlet single, 250V, 10A.

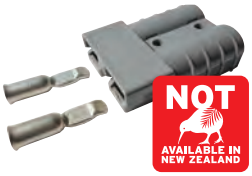
500-03204
DOUBLE POWER OUTLET DOUBLE POLE 25D WHITE
Twin (standard) size horizontal mount power outlet with double plate, 250V, 10A.

500-03206
MOUNTING BLOCK WHITE
Moulded mounting block, one gang to suit all standard size accessories.



500-03208
DOUBLE POLE SWITCH 30D WHITE
Conventional architrave switch, the terminals accommodate 3 x 2.5mm sq. cables. 250V 10A AC only.

500-03400
ELECTUS ANDERSON PLUG (50AMP)
A 50A, high current connector that is used in domestic and industrial applications e.g. 4WD, boating and automotive. It comes with a pair of contacts.



SPECIFICATIONS
Contact Wire Size: 6AWG
Voltage Rating: 600V (AC or DC)
Max Wire Insulation Diameter: 11mm

COAST HEAVY DUTY EXTENSION LEADS

Coast to Coast's new extension leads offer you a wider variety of length options so you can find the perfect sized lead for your RV or campsite, including an extra short size of 8m and extra-long size of 25m!

Our new leads are LED equipped and made from a 3 core, 1.5mm^2 cable with a moulded 15A plug and socket.To protect the face of the socket, they have a full 360° projecting shroud as well. All of Coast's extension leads are approved and manufactured to Australian Standards and are not suitable for use with domestic power points. Keep your site powered from any distance, with Coast to Coast's new heavy-duty extension leads!

20A, 240V, IP4X

CMS POWER OUTLETS

240v CMS Electrical products are not your usual fittings as they feature a soft-wire install with interconnecting leads instead of the hard-wire install of standard fittings. The advantage to this is that it is fast and simple to install or un-install as it is just a coupling connection to a lead rather than hard-wiring actual wire to connect the fitting.

500-04400
DOUBLE NATURAL - WHITE

500-04402
SINGLE N/W + DUAL 4A USB W/12VDC TERMINAL

15AMP TO 10 AMP ADAPTORS

500-04504
ELECTUS PORTABLE RCD WITH 15A TO 10A MAINS PLUG CONVERSION
Featuring a 10A circuit breaker/RCD for overload protection, this portable RCD is ideal if you have a device with a 15A mains plug but no 15A power outlet available.

SPECIFICATIONS
Voltage: 240V AC, 50Hz
Max Load: 2400W, 10A
Rated Residual Current: 30mA
Dimensions: 180H x 135D x 124W (mm)

500-04501
AMP-FIBIAN RV-02MAX 15AMP TO 10AMP ADAPTER
The Ampfibian adaptor allows for a 15A load (e.g. that of a caravan) to connect to a standard household power point (10A). With upgraded features such as being waterproof to IP55, being able to accept leads up to 12mm in diameter and with a new H-Class rating, the Ampfibian is the safe option to connect to domestic outlets. It will automatically trip at 10A if the power outlet becomes overloaded. Designed and made in Australia, the Ampfibian comes with RCD and overload protection, as well as a two year warranty.

500-04503
AMP-FIBIAN MINI 15AMP TO 10AMP ADAPTER
Suitable for use where a waterproof rating is not essential, the Ampfibian Mini has all the same features as its big brother but with an IP33 rating. It has all the essentials such as RCD and overload protection, and a 10A circuit breaker which prevents overloading by cutting the power if it exceeds 10A (2400W). Designed and made in Australia, it comes with a two year manufacturer's warranty.

SPECIFICATIONS
Class: L – suitable for DIY/Handyman jobs
RCD: 30mA, 10kA fault current
Power: 220-240VAC, 50-60Hz

500-04506
AMP-FIBIAN RV-PLUS 15AMP TO 10AMP ADAPTER WITH OVERLOAD

The Ampfibian RV Plus is the perfect power adapter for caravan/RV owners. Compact for travel, and weatherproof for outdoor use, it lets 15A devices connect legally to 10A power points and includes fast acting earth leakage safety protection.

Features
- It is water resistant to IP-55 (jets of water from all directions) and made from impact resistant plastic.
- Works with ordinary and heavy-duty caravan leads up to 12mm diameter.
- 240V 10A 2400W circuit breaker
- R.C.D. for personal protection
- Padlock attachment point locks lid
- Power indicator light in socket
- Certified to comply with Australian Standards AS/NZS-3190 & AS/NZS-3001
- Two year warranty
- Designed & Made in Australia)

500-04508
AMP-FIBIAN WEATHERPROOF CARAVAN SURGE PROTECTOR

Australia's only portable 15A caravan surge protector! Protects your inverter and electronic gear from power spikes and surges. Rated at 15 Amps, with a 1000 Joule power absorption rating and four integrated fuses, this touch little product protects your expensive investment.

Features
- Red warning light tells you if the power point is incorrectly wired before plugging in
- Tough weatherproof housing seals the connection and allows you to see the indicator lights.
- Two spring-loaded cleats stop the caravan lead pulling out
- Flip-up hook lets you hang it off the ground
- 15 Amp plug goes into the site's power supply or generator before your caravan.
- Compatible with Ampfibian 15A to 10A Power Adaptors
- Meets Australian and New Zealand electrical standards (AS/NZS 3120:2011)

SPECIFICATIONS
240V / 50Hz / 15A / 3600W
1000 Joule protection
Meets AS/NZ 3120:2011
IP55 Weatherproof

500-04509
AMP-FIBIAN WEATHERPROOF CARAVAN SURGE PROTECTOR REPLACEMENT CARTRIDGE

500-04520
POD 15 AMP TO 10 AMP ADAPTER

Designed in South Australia, the POD is great for the RV and tradie industry. Its yellow and compact housing, makes it a portable powerhouse resulting in an efficient 15Amp to 10Amp power adapter. It has water ingress protection (IP55) and has been tested to comply with AS/NZ3190:2011. Safety comes first with the POD, it also features RCD overload protection as well as an inbuilt circuit breaker for current overload protection. Other handy features include a clear lid for easy inspection, a cord clamp to ensure your domestic supply cannot pull free and a convenient hook for hanging when in use. Comes with a one year manufacturer's warranty.

SPECIFICATIONS
Max loading: 10A
Suits ordinary duty 15A leads & features a 1.5m lead

NARVA ACCESSORY SOCKETS

500-05070
SURFACE MOUNT ACCESSORY SOCKET

Ideally suited for RV and marine type applications, the socket has a dustproof rubber cover and a plastic housing. It is suitable for interior or exterior installations, however in the case of an exterior fitment, the socket opening should point towards the ground. Comes in a single blister pack.

SPECIFICATIONS
Amperage Rating: 20A at 12V, 10A at 24V
Dimensions (mm): 80 x 50

NARVA ACCESSORY SOCKETS

500-05072
NARVA SURFACE MOUNT ACCESSORY (BLACK)

Features dustproof cover and heavy-duty construction. Can be installed with or without the mounting panel. The fitting mechanism allows installation into interior or exterior panels including steel and aluminium. Can be installed with or without the mounting panel.

Moulded housing allows fitment to interior or exterior panels for easy installation.

SPECIFICATIONS
Rating: 20A at 12V, 10A at 24V
Dimensions (mm): 80 x 55

500-05304
ACCESSORY SOCKET H/D

SPECIFICATIONS
Amperage Rating: 20A at 12V, 10A at 24V
Mounting Opening: 29mm diameter

500-05312
ACCESSORY SOCKET DUAL USB H/D

SPECIFICATIONS
Output: 5V, 2.5A
Mounting Opening: 29mm diameter

500-05318
ACCESSORY SOCKET TWIN ACCESSORY/ DUAL USB H/D

SPECIFICATIONS
USB Output: 5V, 2.5A
Mounting Opening: 29mm diameter

500-05322
ACCESSORY SOCKET SURFACE MOUNT DUAL USB H/D

SPECIFICATIONS
USB Output: 5V, 2.5A

500-05324
ACCESSORY SOCKET SURFACE BLACK MOUNT TWIN SOCKETS H/D

SPECIFICATIONS
Amperage Rating: 20A at 12V, 10A at 24V per socket

500-05325
ACCESSORY SOCKET WHITE SURFACE MOUNT TWIN SOCKETS H/D

SPECIFICATIONS
Amperage Rating: 20A at 12V, 10A at 24V per socket

500-05332
ACCESSORY SOCKET SURFACE MOUNT TWIN ACCESSORY / DUAL USB H/D

SPECIFICATIONS
Accessory Socket: 20A at 12V, 10A at 24V
USB Output: 5V, 2.5A
Mounting Opening: 9mm diameter per socket

500-05334
ACCESSORY SOCKET WHITE SURFACE MOUNT TWIN ACCESSORY / DUAL USB H/D

SPECIFICATIONS
Accessory Socket: 20A at 12V, 10A at 24V
USB Output: 5V, 2.5A

500-05340
ACCESSORY SOCKET H/D AND 12/24V DC L.E.D VOLT METER

Easy to read L.E.D Volt Meter displays accurate battery voltage level.

SPECIFICATIONS
Accessory Socket: 20A at 12V, 10A at 24V
Volt Meter Range: 6-33V DC

SPHERE TWIN CELL RANGE

500-06250
200W SOLAR PANELS FEATURING TWIN CELL TECHNOLOGY

Sphere Twin Cell Solar Technology is the future of solar power generation for the Caravanning and RV Market.
Researched and developed in Australia, Sphere Twin Cell Technology is an innovative solution to the common issue of partial shading that affects caravan and RV solar power applications. Partial shading caused by roof top mounted accessories such as air conditioners, roof vents and satellites can result in severe bottlenecks for conventional solar panels. When even a small section of a traditional panel is covered by shade, a blockage is created that drastically reduces overall output.
Sphere Twin Cell Technology helps reduce the impact of partial shading by allowing a single large solar panel to operate as if it were two smaller panels with isolated circuit paths. This unique parallel design allows each side of the panel to function independently from the other. When one half of a panel is covered by shade, the other will still perform at full capacity. Where partial shading will have already stopped traditional mono-crystalline panels from providing vital power, Sphere Solar Panels with Twin Cell Technology will keep on charging.

Sphere Solar Panels with Twin Cell Technology continue producing 100-125w when shaded up to 50%.

500-06252
250W SOLAR PANELS FEATURING TWIN CELL TECHNOLOGY

FEATURES

- Sphere Twin Cell Solar Technology for improved performance in partial shade.
- Improved cell efficiency enabling 200W from a 180W footprint.
- By-passed diodes to improve reliability and further minimize power drops caused by shade.
- An anodized aluminium frame to withstand rust with pre drilled mounting holes for a versatile range of applications.
- Antireflective, high transparency tempered glass for durability
- IP65 rated junction box provides complete protection against dust and water.

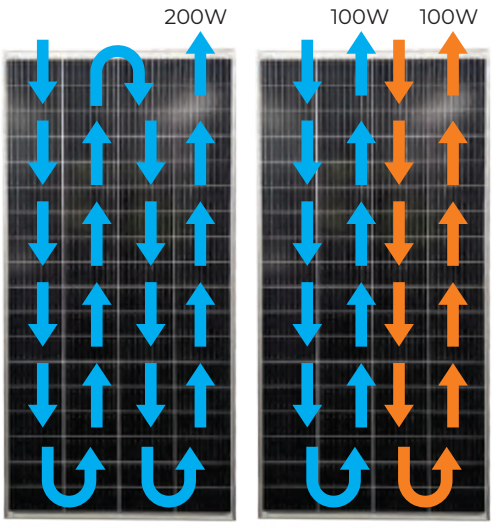
Twin Cell Technology vs Standard Cell Panels



Gerenic 200w solar panel

Sphere 200w solar panel

500-06172
SOLAR PANEL UNIVERSAL MOUNT KIT

Sold as a kit containing:
x4 corner mounts (top and bottom), x2 centre mounts (top and bottom), x20 locking screws and x40 height adjusting screws (x20 large for a 35mm frame and x20 small for a 40mm frame).

SPHERE SOLAR CHARGE REGULATORS

Solar power is one of the most convenient and portable ways to power your campsite! Now, you can take control of your power with Sphere's new Solar Charge Regulators! Direct the flow of your solar power where you need it most, with a simple and user-friendly design and built-in protection against overcharges.

500-06220
SPHERE PWM 12V/24V 40A SOLAR CHARGE CONTROLLER

The Sphere PWM Solar Charge Controller adopts an upgraded 3-stage PWM charging algorithm, which applies an equalizing charge to the battery periodically to prevent it from non-equalization and sulfuration, extending the battery's service life (with the exception of GEL and lithium batteries). Boasting an industrial grade design, the Solar Charge Controller is able to function in various tough conditions with TVS lighting protection.

- Advanced 3-stage PWM charging algorithm
- Overload, overcharge, and over-discharge protection
- Dot Matrix Graphic LCD Screen
- Multiple charging options for various battery types
- Automatically recognises 12V/24V system voltages
- User-friendly design with intuitive operations

SPECIFICATIONS
Rated Current: 40A
Max PV Input: 600W/12V
Max. Solar Enery Input Voltage: < 55V
Max. Voltage at Battery End: < 34V

500-06222
SPHERE MPPT 12V/24V 40A SOLAR CHARGE CONTROLLER

With advanced dual-peak or multi-peak tracking technology, the Sphere MPPT Controller is still able to accurately track the maximum power point even when the solar panel is shadowed or partly fails.
The controller is equipped with an LCD screen which can display abnormality information to help users to quickly identify system faults.

- Advanced dual-peak or multi-peak technology
- Built-in maximum power point tracking algorithm
- MPPT tracking efficiency up to 99.9% with advanced conversion efficiency to as high as 98%
- Multiple charging options for various battery types
- Automatic recognition of battery voltage
- LED fault indicators and an LCD Screen
- Built-in over-heating protection mechanism

SPECIFICATIONS
Rated Charging Current: 40A
Max PV Input: 550W/12V
System Voltage: 12V/24V Auto
Max. Solar input Voltage: 100, 90V

SPHERE TYRE INFLATORS

500-06300
SPHERE SWIFT TYRE INFLATOR 28L/MIN

Ideal for 4x4s, SUVs, caravans and motorhomes. Inflates 4x4 tyre in 6 minutes and a car tyre in just 2.5 minutes. Simple set up - just rotate dial to set pressure. Back lit digital display makes it easy to set your desire pressure Automatically stops when the pressure is reached LED light built in for ease of use at night. Long cables to reach tyres all around the vehicle. Comes with three piece adaptor kit.

SPECIFICATIONS
Product Dimensions (mm): H168 x W238 x D123
Weight (kg): 2.026
Voltage: 12V DC
Watts: 180W

500-06302
SPHERE RAPID FLOW TYRE INFLATOR 33L/MIN

Ideal for 4x4s, SUVs, caravans and motorhomes. Powerful inflation from a 12V socket - 4x4 tyre inflates in 5 mins, car tyre in 2 mins. Back lit digital display makes it easy to set your desire pressure Automatically stops when the pressure is reached LED light built in for ease of use at night Long cables to reach tyres all around the vehicle. Comes with three piece adaptor kit.

SPECIFICATIONS
Product Dimensions (mm): H172 x W260 x D128
Weight (kg): 2.696
Voltage: 12V DC
Watts: 180W

500-90004N
ELECTREX 10M CARAVAN SUPPLY LEAD STANDARD
A supply lead for caravans and motorhomes allowing for connection to camp site power supply posts. Comes complete with a plug, connector and a strain relief dog bone.

500-90006N
ELECTREX 10M ANGLED CARAVAN SUPPLY LEAD
A supply lead for caravans and motorhomes allowing for connection to camp site power supply posts. Comes complete with a plug, angled connector and a strain relief dog bone.

500-90008N
ELECTREX CARAVAN SUPPLY ADAPTOR
Allows you to provide power to your caravan or motorhome from a domestic power point. The Caravan Supply Adaptor has a 10A MCB to protect the domestic power supply.

500-90010N
ELECTREX 10M CARAVAN SUPPLY LEAD WITH C/W J/BOX
Power cord locker with a 10m fixed supply lead.

500-90012N
ELECTREX EXTERNAL INLET PLUG
A 240V blue surface mounting IP67 inlet. Rating: 16A

SPECIFICATIONS
Pins: 2P + E
Earth Position: 6H

500-90014N
ELECTREX PLUG–FEMALE
Optima Series IP67 connector. It is a blue 240V connector rated at 16A.

SPECIFICATIONS
Pins: 2P + E
Earth Position: 6H Ins. Perforation

500-90016N
ELECTREX PLUG–MALE
An IP44, blue, 240V plug, rated at 16A.

SPECIFICATIONS
Pins: 2P + E
Earth Position: 6H Ins. Perforation

500-90022N
ELECTREX FEMALE PLUG 90 DEGREE (FOR FLUSH MOUNT INLET)
Optima Series IP44 connector. It is a blue 240V connector rated at 16A.

SPECIFICATIONS
Pins: 2P + E
Earth Position: 6H (Right Angle)

TYCAB AUTO AND MARINE CABLE

Tycab Australia Automotive cable leading the way...and streets ahead!

Tycab Australia is the major manufacturer of automotive cable in Australia. Tycab has been at the forefront of manufacturing automotive aftermarket and OEM cables for over 30 years. All Tycab cable are made from the highest quality Oxygen Free Plain Copper Wire and is RoHS compliant. Tycab Australia automotive cable is renowned for reliability, quality and flexibility.

Single Core
LOW TENSION PRIMARY WIRING
Application: General Purpose Automotive Wiring
Conductor: OXYGEN FREE Plain Copper Wire to AS/NZS 1125
Insulation: V90 PVC Insulated to AS/NZS 3808
Colours: Black, Red,
Packs: 30, 100 metres

CAFRAMO FANS

Coast to Coast's range of high quality Caframo fans are researched, designed, developed and manufactured in Canada for the world.

Caframo fans are constructed with the highest quality and greatest care to deliver high-end, unique products boasting features to increase your comfort. All of the fans can be either surface or flush mounted and are available in black or white.

SIROCCO II

The all new Sirocco II fan features a unique gimbaled design that allows 360° airflow with versatile 12/24 Volt auto-sensing capability. The improved control layout, increased timer settings and quieter operation make the Sirocco II the perfect choice for caravanning in comfort.

SPECIFICATIONS
Colours: Black and White
Product Size (mm): 90(L) x 241(W) x 305(H)

BRIGGS & STRATTON INVERTER GENERATORS

500-30650
P2400 BRIGGS & STRATTON 2400-WATT INVERTER GENERATOR

Enjoy the little conveniences of home anywhere. Quietly. Because of the Quiet Power Technology®, our inverter generators are quieter than traditional camping generators. This P2400 PowerSmart Series™ generator is also safe for sensitive equipment, like your smartphone, laptop, TV and game systems. The handy portable generator can supply your equipment with power for 8 hours straight (at 25% load). It delivers 2400 starting watts and 1800 running watts. This P2400 features 2x 230V household sockets, one 12V DC charging outlet and two 5V USB ports. Do you need more power? You can link two inverter generators with the optional connector kit.

Briggs & Stratton petrol inverter generators are compact and easy to manoeuvre. While providing the power you need. These inverter generators are low maintenance, and ready for all your outdoor leisure needs.

Features

- Safe for Sensitive Electronics
- Designed for Camping
- Quiet Power Technology
- Quiet Portable Generator
- Multiple Outlets for Your Power Needs
- Easy Mobility
- Parallel Connector Port
- CO Guard™ Carbon Monoxide Shutdown

SPECIFICATIONS

Starting Watts: 2400
Running Watts: 1800
Voltage (V): 230
Frequency (Hz): 50
Noise Level (dB(A)): 58
Run Time: 8h
Outlets: 2x 230V / 16 Amp, 1x 12V / 5 Amp DC Charging outlet, 2x USB
Starter: Recoil
Engine Configuration: 4-stroke OHV
Displacement (cc): 79
Fuel Tank Capacity (l): 3,8
Automatic Low Oil Shut Down: Yes
Circuit Breaker: Yes
Transport Handle: Twin carry handle, optional wheel kit
Weight (kg): 22,7

500-30651
P3400 BRIGGS & STRATTON 3400-WATT INVERTER GENERATOR

Briggs & Stratton petrol inverter generators are compact and easy to manoeuvre. While providing the power you need. These inverter generators are low maintenance, and ready for all your outdoor leisure needs.

- CO Guard™ - Shuts down your generator when harmful levels of carbon monoxide are detected
- QPT™ Quiet Power Technology - Automatically adjusts the engine speed further reducing noise and fuel consumption
- Easy Portability with telescopic handle and integrated wheels
- The PowerSmart Series Inverter Generators deliver 'pure sine
- Waves' at 3400 watts peak and 2800 watts continuous making it
- Ideal for sensitive electronic equipment
- StatStation™ Digital Display - Displays power usage, total unit lifetime hours, and maintenance reminders.
- Up to 8 hours run time @ 25% load

GAS ACRONYMS	
BSP	British Standard Pipe
BSPT	British Standard Pipe Tapered
NPT	National Pipe Thread
POL	Prest-O-Lite
SAE	Society of Automotive Engineers
M	This indicates that it is a male fitting
F	This indicates that it is a female fitting

For your own safety all gas fittings and equipment should be installed and checked by a qualified person.

550-00100
YELLOW GAS SEAL TAPE
Has a heat resistance of +200°C & a cold resistance of up to -20°C. Pressure resistant up to 2600kPa & is made of sintered PTFR (Poly Tetra Fluoro Ethylene).

Specifications
Dimensions: 12mm (W) x 10m (L)

LCI LIPPERT BOTTLECHECK BLUETOOTH GAS GAUGE

Easily check gas bottle levels using BottleCheck Bluetooth sensor and smartphone application. BottleCheck gives you peace of mind, measuring the LPG level and alerting you before you run out. BottleCheck can be used on tanks in RVs, caravans, heaters, BBQ grills.

Keep on top of your gas bottle level using the LCI BottleCheck Bluetooth Sensor! Download the FREE app and track the gas level right from your smartphone.

BottleCheck sensors are magnetically attached to the bottom of the gas bottle. The sensors periodically measure propane levels and wirelessly send the fill level to the BottleCheck app.

Available in single or double sensor kits.

SPECIFICATIONS
Sensor Siz.: 72mm Diameter 8mm High
Weight: 30 Grams
Bluetooth Range: 50 Ft
Measures: LPG only
Temp Range: -30°C to + 55°C
IP Rating: IP64

550-00020
LCI LIPPERT BOTTLECHECK BLUETOOTH GAS GAUGE - SINGLE SENSOR KIT

550-00022
LCI LIPPERT BOTTLECHECK BLUETOOTH GAS GAUGE - TWIN SENSOR KIT

LOXEAL 58-11 HIGH PRESSURE THREAD SEALANTS

Ideal for sealing threaded joints against gas, water, oils and other chemicals.
- Anaerobic adhesive for the sealing of threaded metal to metal joints
- Seals against gas, water, LPG, hydrocarbons, oils and other chemicals
- High viscosity – won't run on thread
- Sealing unaffected by shock/vibration within temperature range: -55°C to + 150°C
- Rapid cure time - functional in less than 3 hours
- Water-safe & AGA-approved

GRAB HANDLES

600-00120
WHITE CARAVAN PLASTIC GRAB HANDLE - MODEL 86

This is a sturdy plastic handle designed to act as a convenient grabbing point on corners of RVs.

COAST GRAB HANDLES

Coast Grab Handles are made from lightweight and durable stainless steel and are ideal for both internal and external RV use.

Available in four convenient sizes in both stainless steel or matte black finishes, the range is well suited to accommodate most needs. Each grab handle comes equipped with a fixing kit for secure DIY mounting and features a knurled steel gripping surface for safe and convenient use.

They are a perfect fit for the entry way to your RV or even as a front or rear gripping point for manually moving a van around.

DGN VERT. MOUNT HINGE FOR TOP CUPBOARD W/ UPWARD FLAT/CURVED DOOR C/W SOFT-CLOSE

- Features spring force regulation that allows the hinge to be mounted on various sized doors.
- Open angle regulation means the hinge can be set to open to the desired angle.

600-03500
RV SLIDING DOOR HARDWARE KIT T/S UP TO 1.83M & 50KG

600-05302
CAMCO PRO-STRENGTH BLACK STREAK REMOVER
A specially formulated cleaner and degreaser that is ready to use and powers away stubborn black streaks resulting from window and door sealants, bugs, tar, grease, oil and dirt that have built up over time, helping to restore a like-new appearance. Not for use on rubber or membrane roofs. Comes in a 946ml spray bottle.

600-05322
CAMCO PRO-STRENGTH WASH AND WAX
A blend of natural waxes and emulsifiers that will clean, shine and protect your RV in one easy application. It does not require any buffing and thanks to 100% Carnauba Wax being used in its formula, it leaves behind a water resistant surface that promotes a beading action. Safe for use on all finishes. Comes in a 946ml spray bottle.

600-05332
CAMCO PRO-STRENGTH AWNING CLEANER
Safely removes mould stains, dirt, tree sap and road grime from your awning. It is specially formulated to clean vinyl, nylon, acrylic and fabric awnings, and is also great for use on tents and pop-up campers. Breathe new life into your awning or tent and help restore a like-new appearance. Comes in a 946ml bottle.

600-05382
CAMCO PRO-STRENGTH MILDEW STAIN REMOVER
Safely cleans mildew stains, black streaks, tree sap, tyres, wheel and even grills. It is specially formulated to power away stains caused by mildew in and around your RV. Use it to clean your awning, vinyl cover, chair cushions and many other surfaces. Also great for use on grease, oil and other heavy duty cleaning thanks to its professional strength. Comes in a 946ml spray bottle.

600-05456
COAST CLEANING CLOTH PACK OF 4PCS

This kit of cleaning cloths gives you all the right tools for the job.

Kit Contains

- Interior Cloth: For keeping your dashboard, vents and all hard interior surfaces free of dust and grime.
- Glass Cloth: Quickly remove greasy smears, finger marks and grime from windows, mirrors, chrome or polished surfaces.
- Drying Cloth: A thick microfiber cloth that quickly absorbs water from any surface. Perfect for cleaning the car and wiping away water marks.
- Suede Cloth: High quality, soft and lightweight ideal for cleaning and polishing delicate surfaces.

600-05500
CAMCO TST PROBE CLEANER

TST Probe Cleaner is a super concentrated liquid that attacks the residue on probes that causes them to malfunction.

HYDROSILEX

600-05672
HYDROSILEX CAMPER

HydroSilex Camper is a revolutionary ceramic surface protection with no limits. It is the first DIY ceramic coating designed for RVs that'll give them a hydrophobic, slick and shiny effect to protect it from the elements.

HydroSilex coats virtually any RV surface such as paint, plastics, glass, metals, gelcoat, etc. Camper will directly bond to the surface and create a smooth and shiny top ceramic layer to protect the surface against the sun, rain, dirt, bird droppings, and any other elements that might tarnish your investment! It provides UV protection to all surfaces, blocking the harsh rays of the sun to stop fading. The lotus effect makes liquids and contaminants bead up and simply roll off the surface.

It's completely DIY with no professional application needed! It'll leave your RV looking new without constant washing, waxing, and buffing. The ceramic coating will outlast any wax or other surface protection and cannot be washed off. You can add more layers for a longer and stronger protection.
It's the new way to maintain your RV that saves time, money and effort with amazing results.

It's easy to apply in 3 simple steps:

1. **Spray**
   HydroSilex Camper is a spray on ceramic coating. No mess or grease on hands or anywhere it's not supposed to be.
2. **Level**
   Camper instantly bonds with the surface when it is sprayed on. Just level it after sprayed and the coating stays.
3. **Buff**
   Lightly buff the surface and see it transform to a super hydrophobic slick surface that makes your vehicle shine.

600-05674
HYDROSILEX OFFROAD

The easiest, most effective ceramic coating ever to be applied to the off-road sector! HydroSilex OffRoad can be applied to every exterior surface and will enhance the surface's original shine, protect from the harsh off-road elements as easy as spray and wipe.

This revolutionary DIY ceramic surface protection is specially designed for the off-road environment. Once applied, it gives your RVs surfaces a strong hydrophobic and slick effect that makes maintenance quick and easy, and protects against the dirt, mud, dust, sun and other harsh elements. A simple rinse off is enough to get your RV, ATV, 4x4 or any off-road vehicle back to a brand new look. It also provides UV protection to stop fading and oxidation.

HydroSilex OffRoad will outlast any wax or other surface protection and cannot be washed off. You can add more layers for a longer and stronger protection.

Rest easy knowing HydroSilex OffRoad is working while you play!

600-05684
HYDROSILEX REWIND

Get your RV, 4x4 or other vehicle perfectly prepped before applying your ceramic coating! HydroSilex Rewind removes any grease, oil or wax reside to decontaminate the surface for bonding.

HydroSilex Rewind is a wax and grease remover ideal to use prior to installing HydroSilex ceramic coatings. For the ceramic coating to bond properly, the surface needs to be clean from any wax residue. After washing the car, use Rewind to strip the surface from any wax or grease that may have been part of the wash soap. The surface is then prepared perfectly for OffRoad or Camper.

To apply: Spray Rewind onto the surface of a clean car. Use high-quality clean microfiber towls and buff free of residue. Ensure you don't apply while in direct sunlight.

HYDROSILEX MICROFIBRE TOWELS - 5 PACK

CARAVAN TOUCH UP PAINT

A powdercoat professional touch up paint, allowing you to repair minor chips and scratches. It has been formulated to match Colorbond® and powdercoat finishes and is suitable for: roofing, aluminium windows, guttering and down spouts, fencing, caravans/ motorhomes, aluminium and steel doors, gardening equipment, railings and boats.

600-06010
CARAVAN TOUCH UP PAINT VIOLET TONE WHITE - 150G AEROSOL

ROOF SEALER

Elixir roof coating seals off and provides superior reflectivity helping to lower interior temperatures. It is UV resistant and expands and contracts with the roof.

600-05020
ROOF SEAL 1L WHITE
Coverage: 5m² p/L
Application: Brush, roller, spray gun
Touch Dry: 1-1.5 hours
Not suitable for rubber roofs

600-05024
ROOF SEAL 4L WHITE
Curing Time: 24 Hours
Not suitable for rubber roofs

DICOR LAP SEALANT

600-05050
DICOR LAP SEALANT FOR RUBBER ROOFS (110Z CARTRIDGE)

600-05052
DICOR LAP SEALANT FOR VERTICAL SURFACES
Non-sag and non-levelling, 10.3oz cartridge

600-05100
DICOR RUBBER ROOF REPAIR KIT
Repair kit includes lap sealant and rubber patch.

SPECIFICATIONS
Patch size: 230 x 250mm

600-06100
EZYCAULK CAULKING COMPOUND

Ezycaulk caulking compound
500g tube (white). Caulking butyl rubber sealant is a soft type of non hardening water and dust proofing compound that forms a tough skin but remains permanently soft. Adheres to most common materials i.e. Aluminium, wood, sheet metal and concrete.

5C SILICONE SEALANT

VEC5CLM silicone is suitable for weather proofing, aluminium, concrete, glass and where a premium quality silicone sealant is required as a high movement weather seal. Will accommodate approx 50% movement of the original joint.

600-06110
SILICONE SEALANT VEC5CLM NON ACETIC 370G TUBE GREY

V4 SILICONE SEALANT NON ACETIC

V4 Silicone sealant is a non acetic curing silicone, suitable for aluminium, perimeter glazing, masonry to metal, high movement applications, potable water tanks, plastics etc. Will accommodate approx 35% movement of the original joint.

600-06130
V4 SILICONE SEALANT NON ACETIC 370G TUBE WHITE

V60 SILICONE SEALANT NON ACETIC

V60 Silicone sealant is a non acetic curing silicone, suitable for all types of glazing and waterproofing, structural fin and butt glazing, mirrors, aluminium, metal roofing etc. Will accommodate approx 35% movement of the original joint.

Z-BOND PLUMBERS ROOF & GUTTER SILICONE

Z-Bond roof and gutter silicone, suitable for sheet metal, aluminium, zincalume, cladding, portable water tanks, etc. Will accommodate approx 25% movement of the original joint.

600-06150
PLUMBERS ROOF AND GUTTER SILICONE 300G TUBE CLEAR

600-06154
BOSTIK 922 IND HIGH TEMP SILICONE ACETIC CURE 300G TUBE TRANSPARENT

Z-BOND NO NAILS CONSTRUCTION ADHESIVE

Z-Bond No Nails construction adhesive is designed for use as an alternative bonding method to nails, screws and rivets etc. No nails is designed for use with wood, plaster board, particle board, masonry, sheet metal, zincalume, wall cladding, ceramics, aluminium, painted surfaces, steel, concrete, brick, floor panels, polystyrene and urethane foam.

600-06160
NO NAILS CONSTRUCTION ADHESIVE 320G TUBE BEIGE

SIMSON ISR

ISR 70-03 is a good compromise between an adhesive and a sealant. Suitable for elastic bonding and sealing in caravan construction. Available in black and white.

- Solvent, isocyanate- and PVC free.
- Very good UV-resistance and ageing properties.
- In general good adhesion on several substrate without the use of a primer.
- Permanent elastic within temperatures from –40°C to +120°C.
- Neutral, odourless and fast curing.
- Paint compatible with most industrial paint- or lacquer systems, both alkyd resin and dispersion based (due to the large scale of different types of industrial paints a paint compatibility test is recommended).
- Paintable after skin forming (wet on wet); this will not influence the curing speed

600-06170
SIMSON ISR 70-03 BLACK

600-06172
SIMSON ISR 70-03 WHITE

600-06210
STRIP CAULKING

An ideal sealant for face fixed window flanges, edge moulds etc. It is easily thumbed into place and smoothed with a finger in instances when a soft, non-hardening material is needed. It is waterproof and will not shrink. (Sold per 16' roll - 4.9m)

TAPE FOAM PVC SEALING

This general purpose foam tape is manufactured for use in applications requiring positive seals on irregular surfaces or when flex and conformability to tight radius curves are critical considerations.

- Low density foam is easy to compress and conformable, but is still strong and resilient
- Insulates against temperature, sound and vibration
- Formulated from durable Poly Vinyl Chloride (PVC) for long service life.
- Closed cell structure completely seals out air, moisture, light and dust when compressed at least 30%.

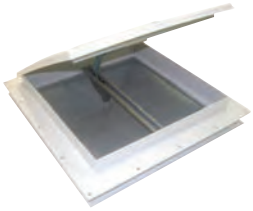
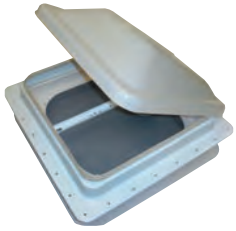
ELIXIR MINI VENT
Elixir mini vent 9" x 9"



650-00080
VENTLINE 14" X 14" METAL VENT
This vent does not have a fan, but does have an extra strong galvanized steel roof flanges in a painted white finish. It has a screw-in mount, while the dome is styled with an aerodynamic shape in white polypropylene. The screen frame has been designed with stylish radius corners (curved) and comes in two removable pieces which is great for cleaning.



650-00090
VENTLINE 14" X 14" METAL VENT (WITH FAN)
This Ventline Vent has a 12V DC motor making it able to power a fan for faster air delivery. Like 650-00080, it also has extra strong galvanized steel roof flanges in a painted white finish and mounts onto the roof of your RV with screws. The dome is also white with an aerodynamic design. The screen frame also has radius corners and consists of two removable pieces.

AUSTRALITE FOUR SEASONS EVOLUTION HATCH 600 X 600

- Fully designed and tested in Australia for Australasian conditions
- Retains Camec's famous 4 season functionality
- Classic 660x660 square cutout means no change, and also makes it retrofittable to upgrade your old 4 seasons hatch
- Passive ventilation increased to 223cm2 (was 161cm2 on previous model)
- Ergonomic vent controls
- Each door has three opening positions (closed, rain mode, fully open)
- New elegant design, matching the 500x700 4 Seasons Evolution Roof Hatch
- Tough ASA construction resulting in improved sealant adhesion
- Easy installation from inside the RV
- Air Deflector integrated into housing.
- No additional components required.

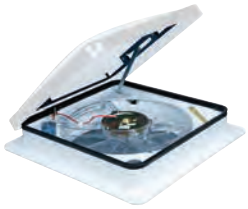
FANTASTIC VENTS

650-01011
FANTASTIC VENT 2250 WITH WHITE ARCHED LID

A ceiling controlled fan with three fan blade speeds. It fits the standard 14" x 14" opening and has a manual lift dome. It operates quietly and features a built-in thermostat, reversible airflow and a high profile base. Comes with a 2yr manufacturer's warranty.

SPECIFICATIONS
Weight: 12lbs (5.4kg)

650-01021
FANTASTIC VENT 3350 WITH WHITE ARCHED LID



A ceiling controlled fan with three fan blade speeds. It fits the standard 14" x 14" opening and has a power lift dome with a manual override in case of emergency. It operates quietly and features a built-in thermostat, reversible airflow, an automatic 'close' function (if the rain sensor gets wet) and a high profile base. Comes with a 2yr manufacturer's warranty.

SPECIFICATIONS
Weight: 12lbs (5.4kg)

650-01030

DOMETIC DUST REDUCTION SYSTEM

What's the easiest way to keep your caravan clean? Don't let dust enter in the first place! With a rooftop ventilation system like the Dometic Dust Reduction System, you can significantly reduce the amount of dust in your caravan, breathe fresher air and reduce the cleaning time after caravan trips; you don't even need to power it – it works while you drive!

FEATURES
- Stylish Airflow Grille. The grille allows airflow through the unit and prevents debris from entering the vehicle.
- Modern Design. Modern rooftop unit with a low profile and lightweight design
- Easy to Use. Changing the air filter is simple thanks to the ceiling cover that is easy to open and close
- Versatile Installation. Simple and clean design that can be installed in a range of rooftop openings from 285 x 285 mm to 400 x 400 mm
- Replaceable Air Filters. Additional PM10 air filters sold separately.

SPECIFICATIONS
Dimensions (mm): D473 x H245 x W444
Net Weight: 5kg
Ventilation opening: 150.00cm^2

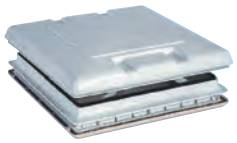
650-02012
FIAMMA ROOF HATCH 160

With an elegant and aerodynamic design, the Roof Hatch 160 is quiet, thanks to the new outside cover and rubber seal. Its watertight system guarantees rain streams down without the possibility of it coming in. Made with quality UV-resistant material, it also features an adjustable centre support arm. Can be installed on roofs with depths from 25-50mm. Supplied with a permanent airflow system and mosquito net.

SPECIFICATIONS
Required cut-out dimensions: 390 x 390 (mm)

650-02019
FIAMMA TURBO VENT 160
Installs in 380mm - 400mm openings with 300mm 10 Blade 12V Fan with polar control thermostat.

650-02030
FIAMMA KOMBI 50CM X 50CM HATCH WHITE
Opening on all four sides with convenient handles, the Kombi Hatch maintains constant RV ventilation. It is available with a roller blind which has a dark roller and a mosquito screen.



650-02204

650-02356
FIAMMA VENT 50X50 OUTER FRAME WITH RIGHT AND LEFT ARMS

VENT 28 F AND TURBO-VENT KIT 28 F

The new 28cm x 28cm roof light is perfect for small rooms, ensuring improved interior light. The discreet and elegant design of the internal frame makes it suitable for any environment and the aerodynamic shape does not require the use of the spoiler.

Equipped with permanent ventilation and robust aluminium mosquito net. Thanks to the Sandwich System mounting system, it is not necessary to drill any further holes in the roof of the vehicle. Can be accessorised with the optional Kit Turbo Vent 28 F for motorising the roof light.

FEATURES
- Greater light and visibility
- More aerodynamic
- Complete with double layer cover
- Equipped with fixed mosquito net
- Sandwich system installation
- Optional motorized ventilation kit

650-02315
FIAMMA ROLLO VENT 40
A roller blind system that is suitable for use on Fiamma 40cm x 40cm vents. It is fixed to the existing vent frame using the screws provided and still allows for permanent ventilation thanks to its side inlets.

Specifications
Weight: 0.1kg

650-99000N
FIAMMA ROOF HATCH VENT 160 (CRYSTAL LID)

Made from quality UV-resistant material, the Crystal Roof Hatch provides permanent airflow ventilation and has a mosquito screen to keep out the bugs. It has an aerodynamic design so a spoiler is not required for installation. The outer cover has an exclusive, patented rubber seal which guarantees a watertight system. It is interchangeable with older 40 x 40 cm Fiamma roof lights, as well as 36 x 36 (cm) - 42 x 42 (cm) roof lights thanks to the reinforced frame. To block out the sun, the Fiamma Rollo Vent 40 can be purchased.

Specifications
Weight: 2.8kg

MAXXAIR VENTILATION SYSTEMS

RV ventilation has never been easier than with a MaxxFan. They've been used in the US RV market since 1988, and they are now exclusively available from Coast to Coast. The MaxxFan Plus and the MaxxFan Deluxe, both have a manual option and an electric opening option, and they also have a ceiling mounted control panel that is easy to use and read.

Removable Flyscreen

Twin Lifting Arms

Some other features include:
- Removable flyscreen - simply twist the L-clamps and remove for cleaning!
- Installs onto all standard 14" x 14" (356mm x 356mm) roof openings
- Powerful 10-speed fan motor
- Fan can run even if the lid is closed (select 'Ceiling Fan Mode') and can be used in "intake" and "exhaust" modes
- Provides over 900CFM, keeping your RV cool and comfortable
- Twin lifting arms limit vibrations cause by wind when in the 'open' position

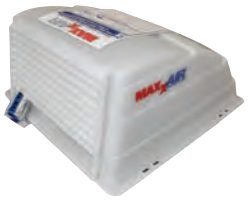
650-04000
AERO FLO VENT COVER FOR 14" X 14" ROOF VENT

Get high flow fresh air ventilated throughout your RV in rain or sunshine. It has a swing open top for easy cleaning and because it has vents on three sides it has 30% more open vent area than some other vent covers. Made from UV stabilized resin it mounts easily to existing 14" x 14" roof vents.

650-04020
MAXXAIR STANDARD VENT COVER



THE MAXXAIR ORIGINAL VENT COVER. Lets in FRESH AIR ANY TIME. . . Rain or Shine!

- Prevents Heat Buildup in your RV
- Proven SUPER-TOUGH one piece design
- Mounts to all existing 14" x 14" roof vents INCLUDING the new Ventline E-Z Lift Ventadome

Not recommended for High-Powered Fans like MAXXFAN, MAXXFAN Plus Fans, ShurFlo Fan or Fantastic Fan.

SKYMAXX & SKYMAXX PLUS

Natural light and fresh air - the basic fundamentals to the richness of our individual lives and our unique living environments. Light and fresh air create within us a variety of moods that often make any surrounding an oasis.

While enjoying time with family, neighbours or just simply relaxing, MAXXAIR's new SKYMAXX Series of skylights can add so much function, drama, balance and ventilation to any environment.

Features
- Natural light makes small spaces feel open and free.
- Create drama in any space.
- Bring the balance and harmony of nature indoors.
- With the ability to open the SKYMAXX, create a cooling effect and bring fresh air throughout your RV.
- Create more opportunities for natural light without sacrificing privacy.

SKYMAXX AND SKYMAXX PLUS

FEATURES
- Skymaxx - Non-LED
- Skymaxx Plus - LED
- Manual lift with 3 open positions
- Pleated screen & shade provides options of full sun-full shade, partial sun/shade
- Fits 15.75" x 15.75" (400mm x 400mm) opening
- Sized for 0.90" to 2.36" (23mm to 60mm) roof thicknesses with no cutting required
- Optional passive ventilation
- White interior frame
- LED operates on 12 VDC, 2 amp service
- RoHS compliant

650-03020
SKYMAXX 400 X 400MM SKYLIGHT WITH INTERNAL BLIND (23/60MM)

The SKYMAXX is available in two sizes: SKYMAXX and SKYMAXX LX. Both sizes are offered with or without 12V LED accent lighting. All models come with a screen and shade that can either be:
- Fully Open
- Screen Only
- Shade Only
- 1/2 Shade and 1/2 Screen

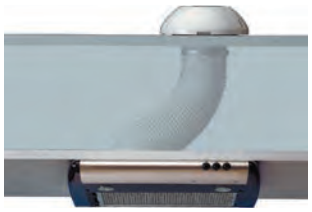
700-00110
CK155 RANGEHOOD 12V SURFACE MOUNT



SPHERE™ RANGEHOODS (12V)

Cooking in confined spaces can sometimes create unwanted scents and condensation on your RV's splashback. By installing a rangehood, hot and foul smells are quickly extracted up and out of your RV. Comprising of three models, the rangehoods are easy to install thanks to their compact size. This range features an LED lighting strip and easy to remove filters (for cleaning).

700-06200
SPHERE™ TOUCH CONTROL
Features a tempered glass front panel with an LCD display and a stainless steel body. Suitable for installation underneath a cupboard.

SPECIFICATIONS
Dimensions: 530W x 304D x 60H (mm)
Air Flow: 100m³/hr
Total Input: 35W

700-06213
SPHERE™ TEMPERED GLASS FACE RECESSED RANGEHOOD

Cooking in confined spaces can sometimes create unwanted scents and condensation on your RV splashback. By installing a range hood, hot air and smells are quickly extracted up and out of your RV - much quicker than by just opening a window or door.

FEATURES
- Tempered glass front
- Zinc Steel Construction
- LED strip light
- Rocker Switch Control
- Black 5 Layer Aluminium Filter

SPECIFICATIONS
Power: 12 Volt DC
Rated Power Input: 35W
Illumination: 1 x 3W LED Lamp Strip
Max Airflow: 120 m3/hr
No. of Motor: 2
Motor Rated Power: 2 x 16W

SPHERE™ AUTOMATIC MINI WASHING MACHINES

Take caravan and camping trips to a new level of comfort and convenience with the Sphere 3.5kg 12V Automatic Washing Machine. Off the grid automatic washing has never been easier! The need to wait your turn to use the caravan park laundry is over because you're now able to do your laundry when it is convenient for you and all with power from your onboard battery system! An Anderson plug comes included as standard to allow for a quick and simple connection. The Sphere Automatic Mini Washing Machine has five process settings from a wash-rinse-spin cycle (lasting approx. 38mins) to a simple spin cycle (lasting approx. 7mins). Wash settings are set via the uncomplicated control panel. This washing machine is suitable to cold wash only but has the adaptability of having the drainage hose outlet on either the left or right side of the machine. With an elegant white body and stainless-steel wash tub, it will fit the interior decor of any RV.

700-00352
AUTO MINI WASHING MACHINE (2.6KG)

SPECIFICATIONS

Power Supply: 240V/50Hz
Max Water Volume: 20L
Weight: Gross - 18kg, Net - 16kg
Dimensions: 410W x 420D x 640H (mm)

700-00362
AUTO MINI WASHING MACHINE (3.3KG)

SPECIFICATIONS

Power Supply: 240V/50Hz
Max Water Volume: 26L
Weight: Gross - 20kg, Net - 18.5kg
Dimensions: 410W x 420D x 740H (mm)

700-00364
12V AUTO MINI WASHING MACHINE (3.5KG)

- Has a newly designed carry basket with locking clips
- Has an 'out of balance' sensor
- Stainless steel wash tub
- Now features rubber hoses with stainless steel "screw" clamps
- Durable lint filter similar to domestic standards
- has time display shows time remaining in the cycle or in event of an error, it shows the fault code
- Has an Auto Power Off function - at the end of your selected washing cycle, a buzzer will sound up to six times before turning the power off
- You can select your water level usage (depending on your load size), which saves your water and detergent! The 3.5kg has three level settings

SPECIFICATIONS

Load Capacity: 3.5kg (dry laundry)
Power Supply: 12V DC
160W Wash Power/130W Spin Power
3.3amps per wash (approx. 30 washes from 100 AH battery)
Max Water Volume: 26L Net
Inlet hose: Cold connection only
Max water usage: 78L per load (on high setting)
Cold water only
Weight: 18.5kg
Dimensions: W410mm x D420mm x H740mm (+ 240mm with lid up)

SPHERE ECOSPIN PORTABLE WASHER

Sphere EcoSpin Portable Washer is a hand-powered spin cycle clothes washer. Gentle on clothes this Eco-friendly laundry option is the perfect choice for when you're off the beaten trail.

The Sphere EcoSpin Portable Washer can wash up to 2L of laundry in just minutes. This time and money saver requires no electricity and uses less water and detergent than traditional washing machines. Its clever design is gentle on clothes, there are no protruding elements to cause damage like other hand powered washers. It takes less effort to spin compared to other hand powered washers and the EcoSpin can even spin dry your clothes so they dry faster on the line.

The lightweight, highly portable Sphere EcoSpin portable washer is the perfect option for free camping, caravanning and fishing.

700-00370
SPHERE ECOSPIN PORTABLE WASHER
FEATURES
- Easy to use
- Compact and sturdy design
- Tight locking lid
- Fold down crank handle
- Directional drainage hose
- Four feet for excellent grip
- 1 Year Warranty

SPECIFICATIONS

WAECO 110 - 240V AC TO 24V POWER ADAPTER (MPS-50A)
Suits all Waeco CDF and CF models, has an output current of 6A.

SPECIFICATIONS
Dimensions: 120W x 70H x 200D mm

700-02414
WAECO EPS817A POWER ADAPTER
A 240V to 12VDC adapter; suitable for use with: CF18, CF25Vera, CDF35Pack and CDF11; also suitable for use with all 12V thermoelectric coolboxes.

SPECIFICATIONS
Dimensions: 115W x 65H x 170D (mm)

700-03000
RV ELECTRONICS FRIDGE SWITCH
Has an inbuilt electronic movement & vibration sensor which switches the 12v circuit of the caravan's 3-way fridge "on" when the vehicle is moving & turns the fridge "off" when the vehicle stops.

Fridgeswitch has a varying timing circuit which may keep the fridge turned on for up to 3 minutes after the vehicle has stopped. This is to keep the fridge turned on while you are stopped at traffic lights.

- No more flat batteries when the fridge is left on
- Only one auxiliary line needed
- Automatically turns your caravan fridge on and off
- Easy 15 minute installation

WAECO COOLMATIC CRX FRIDGE FREEZERS

Equipped with energy efficient genuine WAECO compressors, the well-proven WAECO CoolMatic refrigerator series provide outstanding energy efficient refrigeration for built-in mobile applications. Their operation is reliable even in tilted positions and high ambient temperatures. They work economically, quietly and are ideal to run with solar panels.

The various models of the CoolMatic series satisfy all mobile fridge requirements. There's a matching refrigerator for every size of vehicle and for every room situation. With a modern stylish exterior, plus well organised and practical interior, the WAECO CoolMatic CRX range are the logical choice for your caravan, motorhome, yacht or boat.

THETFORD 3-WAY FRIDGES AND VENTS

For more than 40 years, Thetford has been designing and developing refrigerators for the leisure market. Thetford absorption refrigerators work differently than your fridge at home. Thetford 3-way refrigerators have no compressor, making them much quieter. This means you can relax and enjoy a pleasant stay in your caravan or camper, without noisy appliances buzzing in the background. Not stopping with mere production, Thetford continues to develop and innovate in terms of quality, design and ease of use. Thetford refrigerators are extensively tested to high quality standards, are AGA approved and carry the CE mark. Plus Thetford refrigerators come with a full three year warranty.

700-03772

THETFORD N3141A 140LT SES 3 WAY FRIDGE REVERSIBLE HAND

Thetford Australia proudly introduces a new fridge for the RV market, the N3141-A. The new N3141-A is the ultimate space saver which also offers the best cooling performance. The state-of-the-art LCD display with touch screen and the unique external drawer make the fridge super easy to use.

700-06052
SPHERE™ MIRRORED MICROWAVE OVEN (25L)

Add convenience to your RV with the Sphere™ microwave oven, which now features a mesmerising mirror finish.
With a large 25L oven capacity and five power level settings, it allows you to prepare a meal in no time! A digital control panel allows you to view and set your usage requirements, as well as display the ever handy clock. Defrosting frozen foods have been made easy as you're able to select whether you want to use speed or weight as the defrosting basis. It also features one-touch express cooking, a glass turntable (which is dishwasher safe), an end signal and a child safety lock. Aesthetically pleasing, the interior is a crisp white.

Note: When installing a microwave, it must be placed on a flat and stable surface able to hold the weight of the microwave. You should always cover your food whilst cooking as it prevents spattering and also helps to cook the food evenly.

MY COOLMAN FRIDGES

myCOOLMAN® fridges are equipped to come where the road takes you. Keep your food fresher longer with cutting-edge cooling tech and rule your campsite with our genius quality of-life features. Only you decide when it's time to head out, or pack up.

Powerful, robust and ready for any adventure, myCOOLMAN® fridges and freezers bring freshness to the Australian bush. Designed and engineered in Germany to suit the demanding Australian conditions, myCOOLMAN® offers versatility with a range of practical features and sophisticated technology for everyone who loves life off the beaten track. Ranging in sizes from 36 to 105 litres with single and dual zone models, cooling and freezing food of all kinds is a breeze with reliability down to minus 18 degrees.

Packaged in a sturdy transport bag, chilled goods are protected even if no power is available at short notice. Access to the contents is easy thanks to Velcro fasteners. Even when packaged, full operation of the cooler is guaranteed via visible display control and app. The bags are of course available for all box sizes. The pockets on it are very practical for cutlery, tools and the other little things that are helpful in the outback.

SHURFLO 30PSI 12V PUMP BULK
Shurflo's 4009 series fresh water pump design was created with a unique one-piece diaphragm and internal by-pass, assuring long life and top performance. The 4009 series pump is constructed for high flow demand, low noise and no rapid cycling. The 4009 series fresh water automatic demand pump is super quite, thermally protected and can run dry without damage. Note: A filter must be installed with the 4009 pump in order to validate warranty.

SPECIFICATIONS
Pump
Type: 4 Chamber Diaphragm Pump
Ports: 1/2" - 14 NPSM-Male
Inlet PSI: 30Psi (2.1Bar) Max
Shut Off Pressure: 30Psi
Electrical
Motor: 12V DC Permanent Magnet, Intermittent Duty
Protection: Thermal Overload, Automatic Restart
Fuse: 5A Recommended
Materials
Housing: Polypropylene
Hardware: Stainless and Zinc Plated Steel
Net Weight: 2.3kg
Dimensions: 205L x 125W x 111H (mm)

800-00072
SHURFLO 30PSI 12V PUMP RETAIL BOX

Has all the same features and functions as 800-00070 with the only difference being that it comes in a well presented retail box with fittings. This retail box also contains all the necessary fittings for installation, however please note, a filter must be installed with the 4009 pump in order to validate warranty.

800-00206
STRAIGHT WINGNUT WITH 3/4" BARB

FILTERS

These clear strainers eliminate unnecessary repair by keeping dust or other particles out of your Shurflo pump. Its transparent design is also convenient as it shows when the filter should be cleaned/ emptied. The top housing is made from polypropylene and the filter itself is made from T304 stainless steel (mesh). Note that for warranty purposes, all Shurflo pumps must be installed with one of the two filters below.

800-00300
TWIST FILTER WITH 1/2"THREAD INLET AND OUTLET
This is a direct screw on filter and will require a screw-on connection.

800-00312
TWIST-ON FILTER WITH 1/2" BARB INLET
Suitable for use when a flexible hose such as a reinforced drink water hose is used.

IN LINE CHECK VALVES

800-00340
SHURFLO IN LINE CHECK VALVE WITH 1/2" BARBS

800-00350
WHALE 1/2 PLASTIC IN LINE NON RETURN VALVE

SHURFLO WATER PRESSURE REGULATORS

800-00502
SHURFLO IN-LINE PRESSURE WATER REGULATOR (WHITE)
A water pressure reducing valve; outlet pressure: 50psi; inlet pressure: 125psi (max)

800-00520
SHURFLO CITY WATER PRESSURE REGULATOR FLUSH MOUNT (POLAR WHITE)

800-00529
PRESSURE LIMITING VALVE 350KPA

800-00532
SHURFLO FLUSH MOUNT WATER PRESSURE REGULATOR - BLACK

800-00550
COAST 90D ELBOW HOSE ADAPTER 1/2" MPT TO CLICK ON
This quick click on hose connector has an American thread to fit properly into a Shurflo city water entry, with an elbow to prevent hose kinking.

800-00552
VALTERRA MALE HOSE MENDER
Adapter to suit USA thread.

800-00600
SHURFLO RV AND MARINE FILTRATION KIT (RV-QBR-A)
Using only the highest quality approved materials, the Shurflo Filtration Kit ensures you have clean, great tasting water wherever you travel. It actively reduces the chlorine taste and odour from water. The kit includes a 1/4" filter head (with bracket), a disposable filter, a drinking water tap, mounting screws, mounting fittings and a 1.5m length of tube. Suitable for cold water only, it is recommended that after prolonged periods of non-use, that the system be flushed thoroughly i.e. let water run for 2-3 minutes before using it. When mounting the system, allow 1 1/2" (38mm) clearance below the housing or 279mm below the filter head (this will give you enough room to change the filter cartridges). Comes with a limited 1yr warranty from Pentair Water Australia.

SPECIFICATIONS
Micron: 0.5
Pressure Range: 30 - 125 PSI (2.1 - 8.62 Bar)
Flow Rate: 1.9L p/min

800-00650
SHURFLO REPLACEMENT CARTRIDGE FOR FILTER KIT (RV-QDFR-A)
Easily installed, the disposable quick change filter ensure you have pure water for longer. Shurflo recommends changing the filter every 6 - 12 months or when its capacity (1890L) has been reached, whichever comes first. (Alternative model number: 155 785-38)

SHURFLO PUMP FACTS

MAINTENANCE
Checking and cleaning the strainer, normal sanitizing and winterizing and occasional checking all plumbing hardware and fittings for tightness is all that is normally required. Lack of sanitizing is the number one reason for premature pump failure and poor performance over time. Lack of sanitizing will cause scale build-up on the diaphragm and valves, causing low flow and leak back (occasionally pump cycling with no faucets open or tank filling up when hooked up to city water).

SANITIZING
Potable water systems require periodic maintenance to keep components working properly and deliver a consistent flow of fresh water. Sanitizing is recommended: prior to storing, after a period of storage, or any time the system is opened or contaminated, as follows: NOTE: Check your Vehicle Owner's Manual for specific instructions. By-pass any filters or remove filter cartridges.

1. Determine the amount of common household bleach needed to sanitize the tank. 1 ml bleach per 1 liter tank size: 300 liter tank = 300 milliliters of bleach.

2. Mix the bleach with water in a container such as a gallon jug. If tank is filled through a pressurized fitting, pour the bleach into the hose before attaching the hose to the city water entry.
3. Pour the bleach solution into the tank and fill the tank with potable water. Rock the RV back and forth to coat top and sides of potable water tank.

4. Open all faucets (Hot & Cold) allowing the water to run until the odor of chlorine is detected. Allow four (4) hours of contact time to disinfect completely. Doubling the solution concentration allows for a contact time of one (1) hour.

5. Drain the tank. Refill the tank and flush the system once or twice until the odor has decreased. The residual chlorine odor and taste is not harmful.

WINTERIZING
Refer to the vehicle owner's manual for specific winterizing instructions.

If water is allowed to freeze in the system, serious damage to the plumbing and pump may occur. Failures of this type will void the warranty. The best guarantee against damage is to completely drain the pump and perform the following:

1. Drain the water tank. If the tank doesn't have a drain valve, open all faucets allowing the pump to operate until the tank is empty.

2. Open all the faucets (including the lowest valve or drain in the plumbing), allow the pump to purge the water from the plumbing, and then turn the pump OFF.

3. Using a pan to catch the remaining water, remove the plumbing at the pump's inlet/outlet ports. Turn the pump ON, allowing it to operate until the water is expelled. Turn OFF power to the pump once the plumbing is emptied. Do not reconnect the pump plumbing. Make a note at tank filler as a reminder: "Plumbing is disconnected".

4. All faucets must be left open to guard against any damage.

5. Potable anti-freeze may be poured down drains and toilets to protect p-traps and toilet seals. Sanitize the plumbing system before putting the plumbing system back in service.

PUMP W/ ADJUSTABLE PRESSURE SWITCH "OPERATION"

Restrictions in a plumbing system may cause the pump to rapid cycle (ON/OFF within 2 sec.) during low flow demands. Cycling should be minimized to prevent pulsating flow and to achieve maximum pump life. To determine if adjustment if necessary, turn tap on to lower than average flow of water. The pump should cycle, but its "OFF time" must be 2 seconds or longer. If the cycling is correct, leave well enough alone. If the pump is cycling rapidly increase the setting by turning the screw clockwise (1/2 TURN to . TURN MAX.) until the pump operates for 1 second with at least 2 seconds "OFF time". If cycling cannot be minimized consider removing plumbing restrictions or simply install a SHURFLO Accumulator.

PUMP W/ ADJUSTABLE BYPASS & ADJUSTABLE PRESSURE SWITCH "OPERATION"

The pump operates normally up to about 1 Bar [15 psi] by-pass pressure, where a spring-loaded by-pass valve opens, allowing flow back from the output side to the input side, providing smooth, steady flow with virtually no cycling, all the way down to a trickle. As a faucet is opened, the pressure will drop, the by-pass will close and full flow is achieved. This allows good flow, even with today's commonly used restrictive showers and pullout sprayer faucets. Performance will vary, of course, depending on the voltage to the pump: lower voltage = lower flow, higher voltage = higher flow. Always be cautious and practice electrical safety. It is always best to shut off power to the pump when leaving the RV/Caravan unattended.

ABOUT THE BY-PASS
The by-pass is a spring-loaded diaphragm that, when open allows water from the discharge side back to the inlet side. If the switch or by-pass are adjusted too much, the by-pass and switch shut-off can overlap and THE PUMP WILL NOT SHUT OFF. Screwing the switch screw in clockwise will raise the shut-off pressure. Unscrewing the switch screw counter clockwise will lower the pump shut-off pressure. Screwing the by-pass screw in will raise the pressure at which the by-pass starts and raise the full by-pass pressure. Unscrewing the by-pass screw counter clockwise will lower the pressure at which by-pass starts and lower the full by-pass pressure.

WARNING: If full by-pass is reached before the shut-off setting, the pump will not shut off .

Full by-pass pressure setting should be at least 0.48 bars [7 psi] higher than pump shut off pressure.

TROUBLESHOOTING
Vibration induced by driving can loosen plumbing, strainers and pump hardware.

LOCKABLE WATER FILLERS

Check for system components that are loose. Also, refer to the chart below for trouble-shooting tips.

PUMP WILL NOT START/ BLOWS CIRCUIT
- Electrical connections, fuse or breaker, main switch, and ground connection.› Is the motor hot? Thermal breaker may have triggered; it will reset when cool.
- Is voltage present at the switch? Bypass pressure sw. Does the pump operate?
- Charging System for correct voltage (10%) and good ground.
- For an open or grounded circuit, or motor; or improperly sized wire.
- For seized or locked diaphragm assembly (water frozen?).

WILL NOT PRIME/SPUTTERS
(No discharge/Motor runs)
- Is the strainer clogged with debris?
- Is there water in the tank, or has air collected in the hot water heater?
- Is the inlet tubing/plumbing sucking in air at plumbing connections (vacuum leak)?
- Is inlet/outlet plumbing severely restricted or kinked? Restrictive valves?
- Proper voltage with the pump operating (}10%).
- For debris in pump inlet/outlet valves or swollen/dry valves.
- Pump housing for cracks or loose drive assembly screws.

RAPID CYCLING
- For restrictive plumbing and flow restrictions in faucets/ shower heads.
- Water filter/purifier should be on separate feed line.
- Shut-off pressure set too low.

PUMP WILL NOT SHUT-OFF / RUNS WHEN NOZZLE IS CLOSED
- Output side (pressure) plumbing for leaks, and inspect for leaky valves or toilet.
- For air trapped in outlet side (water heater) or pump head.
- For correct voltage to pump (}10%).
- For loose drive assembly or pump head screws.
- Are the valves held open by debris or is the rubber swollen?
- Pressure switch operation. By-pass set higher than shut-off.

NOISY OR ROUGH OPERATION
- For plumbing which may have vibrated loose.
- For a restricted inlet (clogged strainer, kinked hose, restrictive valves).
- Is the pump plumbed with rigid pipe causing noise to transmit?
- Does the mounting surface amplify noise (flexible)? Does it bang like a drum?
- For mounting feet that are loose or are compressed too tight.
- For air in the system. Check all fixtures for air and bleed system.
- The motor with pump head removed.

Is noise from motor or pump head?

LEAKS FROM PUMP HEAD OR SWITCH
- For loose screws at switch or pump head.
- Switch diaphragm ruptured or pinched.
- For punctured diaphragm if water

LOCKABLE WATER FILLERS

CAMCO TASTE PURE IN-LINE WATER FILTER

800-01200
RV MARINE WATER FILTER

Safe Water Matters
Camco's TastePURE RV/Marine Water Filter with Flexible Hose Protector reduces bad taste, odor, chlorine and sediment in drinking water with a 20-micron sediment filter. Also features GAC (Granular Activated Carbon) filtration in combination with KDF to prevent undesirable bacteria growth when the filter is not is use.
Durable in-line, exterior mount filter has a wide body for increased flow. Includes bonus quick change hose fittings. Not designed or tested with fish tanks or ponds. Made in the USA.

Protects against:
- Bad Tastes
- Odours
- Sediments
- Bacteria
- Chlorine
- Made in the USA

Flush RV or Marine water system by allowing tap to run several minutes if system has not been used recently. We recommend always using a water pressure regulator.

Filter Life / Replacement
Filter life depends on water quality. Replace when an undesirable taste or odor appears or if water flow decreases significantly.

WASTE AND DRINKING HOSES

800-01210
THE THIRSTY NOMAD 5 IN 1 WATER PURIFYING FILTER

100% Australian Designed, Owned & Operated, the Thirsty Nomad has been engineered by dedicated water scientists. Their caravan water treatment system is offering you a means to treat the highly mineralised bore water and then purify your water (eliminate 99.9999% of harmful pathogens) in two steps. The highest level of protection, ideal for the carvanner, off roader, those with compromised immune systems, young families, or those drawing from rivers and streams. Tested and proven for microbiological elimination at leading Australian Laboratory Symbio Laboratories to Australian Standard AS/NZS Standard 4276.7 Water Microbiology.

800-01230
MARINE AND OUTDOOR WATER HOSE

A 10m drink water hose supplied on a manually retractable hose reel. Great for any RV, the hoses' reinforced core ensures continuous water flow. Compact in design (just 1.59cm wide), it has a carry handle for portability. (The hose comes standard with a 3/4" BSP threaded connection. Should this type of thread not be suited to your needs, an Adaptor Kit can be purchased – (refer to part number 800-01241 below)

SPECIFICATIONS
Dimensions: 1.59W x 1000L (cm)

FLAT-OUT HOSES

800-01250
FLAT OUT 15M DRINK HOSE 25MM ID (ON MULTI-REEL)

SPECIFICATIONS
Dimensions: 375W x 440H (mm)

BLACK WASTE HOSE 38MM ID

A smooth bore (inner lining) waste hose made from black PVC. It has great flexibility and is UV stabilised. Comes in a 10m roll.

SPECIFICATIONS
Nom O.D.: 45mm
Vacuum Rating: 310mm hg (@20˚C)
Min. Bend Radius: 140mm

800-01346
BLACK WASTE HOSE 32MM ID

A smooth bore waste hose made from black PVC. It has great flexibility and is UV stabilised. Comes in a 10m roll.

SPECIFICATIONS
Nom O.D.: 39mm
Vacuum Rating: 310mm hg (@20˚C)
Min. Bend Radius: 115mm

800-01360
20M ROLL OF NON-TOXIC REINFORCED WATER HOSE

A blue 20m plastic wrapped hose suitable for multiple applications, especially in caravans and boats. Can also be used with a standard 12mm garden hose fitting.

SPECIFICATIONS
Pressure Rating: 12.5PN

800-01362
10M ROLL OF NON-TOXIC REINFORCED WATER HOSE

A blue 10m plastic wrapped hose suitable for multiple applications, especially in caravans and boats. Can also be used with a standard 12mm garden hose fitting.

SPECIFICATIONS
Pressure Rating: 12.5PN

800-01364
100M COIL OF NON TOXIC REINFORCED WATER HOSE

A blue 100m plastic wrapped hose suitable for multiple applications, especially in caravans and boats. Can also be used with a standard 12mm garden hose fitting.

SPECIFICATIONS
Pressure Rating: 12.5PN

800-01366
12MM WHITE NON TOXIC WATER HOSE WITH FITTINGS 10M

12mm hose for the conveyance of drinking water, comes with fittings installed.

- Proudly Australian made.
- Conforms to AS/NZS 2070 (Plastics for food contact).
- Excellent U.V. resistance to withstand extreme Australian conditions.
- Manufactured from Phthalate free compound.
- Specially manufactured as to not taint the water.

SPECIFICATIONS
Inner Core: White non tainting Polyolefin with smooth finish.
Reinforcing: High tenacity polyester yarn.
Outer Cover: U.V. stabilised clear Polyolefin with a smooth finish.
Fittings: Fitted with Perma-connect fittings c/w tap adaptor.

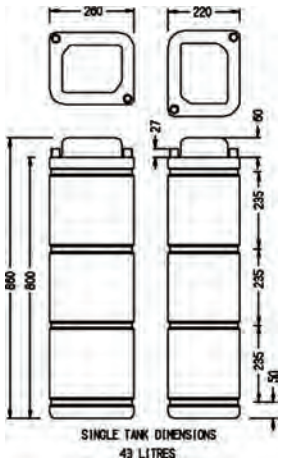
800-01600
WATER TANK 43L MODULAR STANDARD 860 X 260 X 220MM
This new moulded modular caravan and RV water tank will change the way you use water tanks. This one tank can be configured in many ways to provide a single low cost solution.

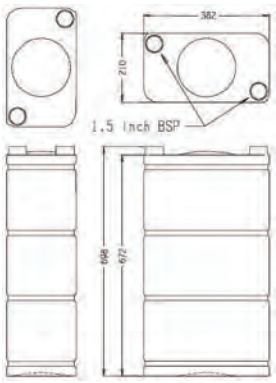
The BR Plastics tank is blow moulded from food contact approved High Molecular Weight High Density Polyethylene. This makes the tank a super tough performer. The tank is moulded with two integral 20mm (3/4 BSP) threaded closures that can accept a wide variety of standard fixtures and fittings. Using these standard fitting the tank can be networked together to provide almost limitless water storage options for your vehicle.



800-01602
WATER TANK 43L MODULAR PACK ONE 860 X 260 X 220MM
Pack One consists of:
- 1 x 43L Tank
- 2 x Elbows
- 1 x 12mm Director
- 1 x 25mm Director

800-01604
WATER TANK 43L MODULAR PACK TWO 860 X 260 X 220MM
Pack One consists of:
- 1 x 43L Tank
- 1 x Tee
- 1 x Cap Cap
- 2 x 25mm directors

800-01606
WATER TANK GREY WATER 50L MODULAR 698 X 382 X 210MM
The BR Plastics tank is blow moulded from food contact approved High Molecular Weight High Density Polyethylene. This makes the tank a super tough performer. The tank is moulded with two integral 40mm (1.5" BSP) threaded female closures that can accept a wide variety of standard fixtures and fittings. Using these standard fittings the tank can be networked together to provide many water storage options for your vehicle.



800-01608
WATER TANK 54L CARAVAN AND RV WATER TANK 755 X 355 X 220MM
The tank is moulded with three integral 20mm (3/4 BSP) threaded closers that can accept a wide variety of standard fixtures and fittings.

JG BLACK 12MM X 10M ROLL OF TUBING
UV stabilised, sold per 10m roll.

800-02124
JG RED 12MM X 10M ROLL OF TUBING
No uv protection, sold per 10m roll.

800-02150
PINK WATER SEAL TAPE 12MM X 10M ROLL

- Resistant to almost all types of acids, bases, solvents, chemicals etc., (with the exception of fluorine, some fluoride chemicals and melted alkali metals).
- Non-flammable (ASTM D-635 D-470). Non-ageing. High tensile strength even at low temperatures. Break-down resistant, especially, in connection with bending and vibration
- Suitable for Natural Gas and LPG (Propane and Butane)

JOHN GUEST WATERMARK FITTINGS

The John Guest Speedfit RV Range has been specifically designed to meet Australian Standards and to be WaterMark compliant. The benefits of this range is its increased maximum working temperature and pressure . JG Speedfit tube fittings are warranted to achieve 80°C at 1000 kPa.

Push-fit plastic fitting for the connection of plastic and copper pipe. Designed, manufactured and assembled in the UK by John Guest Speedfit. Simply push the fitting fully onto the pipe and twist the plastic nut clockwise to lock in place. Should the need arise to demount the connection unlock the nut and push the collet towards the body of the fitting and pull the pipe to release. The fitting ensures an easier working environment in confined places and removes the need for hot works on site. Installation can be reduced by around 40% against traditional fixing methods.

TASTE PURE (WATER FRESHENER)
Eliminate algae and slime buildup from drinking water tanks. Just 28 grams helps remove bad smells and taste from 75L of water (473ml Bottle)

800-04042
CAMCO TST GREY WATER ODOR CONTROL - 32 OZ 946 ML
Remove grease buildup in your grey water tank, sink and shower drain lines with this concentrated treatment. Only 100ml per 140L eliminates foul odors, leaving a fresh lemon scent.

800-04100
NATURAL WATER CHLORINE DIOXIDE TABLETS 8 X 4 GRAMS

Water tanks in caravans and campers need to be treated regularly to ensure there is no harmful build-up of micro-organisms and biofilm. The fact that caravans are often not used for prolonged periods of time makes it even more crucial to keep the water safe for cooking and consumption.

Organic material in water tanks can be harmful to your health and negatively affects the taste and odour of water. The build-up of biofilm in pipes can also cause problems in the flow-rate and longevity of your system. CleanOxide®, which is Chlorine Dioxide, is the most effective product on the market to clean water tanks and ensure the water is safe for consumption.

- Effective over a broad pH range (4 to 10)
- Controls bacteria, fungi, viruses, biofilm and algae.
- Neutralises unpleasant taste and odours from tank water.
- Safer than Chlorine. CleanOxide® does not react with ammonia and does not produce toxic compounds in contact with organic materials present in water.
- Effective at lower dose rates than chlorine or bromine.
- Non-corrosive at the recommended dose rates
- Bio-degrades in sunlight, so no harmful effect on the environment when flushing your tank.
- Micro-organisms do not develop resistance to CleanOxide®.
- Approved in Australia for the treatment of drinking water since 2005.
- Each 4 gram tablet treats 100 to 400 litres of water.

800-04120
TANK CLEANSE PRO

Tank Cleanse Pro is the ultimate water tank cleaner, destainer and sanitiser.

Ideal for Caravan, Motorhome and Boat water tanks, Tank Cleanse Pro's concentrated formula ensures that freshwater systems are free from water tainting.

Over time, stagnant water in your RV's water tank allows for the build-up of algae, mould and other harmful bacteria. Cleanse your freshwater tank for better tasting drinking and cooking water with
Tank Cleanse Pro.

Tank Cleanse Pro's concentrated formula treats up to 200L of water.

SINKS

800-04900
ARGENT SINK MK3 (LEFT HAND)

This Argent sink has a left handed drain and comes with a smoked black glass lid.

SPECIFICATIONS
Overall Dimensions: 152H x 630W x 470D (mm)
Worktop Cut-Out Dimensions: 605W x 415D (mm)
Inside Bowl Dimensions: 100H x 290W x 368D (mm)
Sink Capacity: 9.6L
Net Weight: 5.5kg

800-04910
KITCHEN CENTRE MK3

A complete kitchen sink set, including plastic wash bowl, chopping board, draining board and draining rack. All accessories fit inside the stainless steel sink when not being used, which makes the Kitchen Centre a beautiful space saver. Comes with a smoked black glass lid.

SPECIFICATIONS
Overall Dimensions: 153H x 360W x 470D (mm)
Worktop Cut-Out Dimensions: 335W x 430D (mm)
Inside Bowl Dimensions: 99H x 290W x 368D (mm)
Sink Capacity: 11L
Net Weight: 3.6kg

800-04971
DOMETIC/SMEV FLUSH MOUNT BASIN C/W GLASS LID

A flush mount, stainless steel basin with a glass lid. It comes with a plug and waste kit. Now a kit.

SPECIFICATIONS
Dimensions: 420 x 440 x 145 (mm)

800-04972
DOMETIC/SMEV MIXER TAP T/S FLUSH MOUNT BASIN C/W GLASS LID

A flush mount, stainless steel basin with a glass lid. It comes with a plug and waste kit. Now a kit.

SPECIFICATIONS
Dimensions: 145H x 420W x 440D (mm)

800-04988
SMEV SINK (RECTANGULAR)
A flush mount stainless steel sink with an inox finish. Comes with a plug and waste kit.

SPECIFICATIONS
Dimensions: 280W x 380D x 145H (mm)

THETFORD SINKS

800-90004N
THETFORD SINK - LEFT HAND DRAIN
A top mount stainless steel sink with left hand drain section. It also features a smoked glass lid which allows you to maximize your work area whilst it is closed.

SPECIFICATIONS
Dimensions: 630W x 475D x 160D (mm)

800-90006N
THETFORD SINK - RIGHT HAND DRAIN
A top mount stainless steel sink with right hand drain section. It also features a smoked glass lid which allows you to maximize your work area whilst it is closed.

SPECIFICATIONS
Dimensions: 630W x 475D x 160H (mm)

800-90008N
THETFORD BASIC LINE 340 SINK
A stainless steel sink with a black glass lid and water tap hole. It is easy to clean and comes with a siphon and bung (a plug), it weighs just 2.9kg.

SPECIFICATIONS
External Dimensions: 140H x 400W x 445D (mm)
Cut Out Dimensions: 387W x 429D (mm)
Capacity: 7.5L

800-04957
KITCHEN SINK 2011
Stylish and modern stainless steel sink and drainer with rounded corners and round bowl, complete with fitting brackets.

SPECIFICATIONS
Length: 720mm
Wide: 440mm
Bowl Diameter: 365mm
Bowl Depth: 160mm

800-90500N
THETFORD BEZEL FOR SINKS (BLACK)
A rubber bezel suited to 800-90000N and 800-90002N and is sold per metre. Suitable for use as a sealant around the edges of a sink (instead of using a silicone sealant).

800-04992
SMEV SINK PLUG
A replacement plug to suit Smev sinks and has a 38mm diameter.

800-04994
SMEV PLUG AND WASTE KIT (STRAIGHT)
Plug and waste kit to suit SMEV sink (25mm straight)

800-04996
PLUG AND WASTE KIT TO SUIT SMEV SINK (25MM 90°)

800-90502N
SPINFLO 19MM WASTE STRAIGHT

800-90504N
SPINFLO 19MM WASTE ANGLED

800-90506N
SPINFLO 19MM SINK WASTE PLUG ONLY

800-04997
SMEV SINK RUBBER SEAL
Black rubber seal for SMEV sinks, sold in 3m lengths.

800-05112
RUBBER SINK PLUG
Red rubber sink plug 25mm with pull shackle.

EXTERNAL SHOWER BOX WATERMARKED

A lockable external shower unit with hot and cold mixer taps, perfect for cleaning up before entering your RV.

- Can be mounted either vertically or horizontally with soap holder feature moulded into the body.
- Hand Shower Holder can be fitted inside of the door to suit mounting orientation
- Feature quarter turn ceramic disk valves so the fittings turn in the opposite direction remaining mirrored in the open position.
- Watermarked Approved tap and fittings
- Supplied with soft backing gasket

SPECIFICATIONS
Dimensions: 325W x 200H x 99D (mm)

800-05900
EXTERNAL SHOWER BOX WATERMARKED - BLACK

800-05902
EXTERNAL SHOWER BOX WATERMARKED - WHITE

800-06000
AUX EXTERNAL SHOWER UNIT - BLACK

UV and impact resistant, it features an enclosed casing which prevents potential water leakage into the wall of your RV. Thanks to the large flange, it can easily be retrofitted into other external shower cutouts. It comes with a key to lock the lid when not in use and an adjustable water flow toggle lever.

SPECIFICATIONS
Water Flow: 9.5L/min max.
Cut-out Dimensions: 150H x 279W (mm)
Total Depth: 119 (mm)

800-06002
AUX EXTERNAL SHOWER UNIT - WHITE
UV and impact resistant, it features an enclosed casing which prevents potential water leakage into the wall of your RV. TV15 1/2 MALE TEMPERING VALVE

SPECIFICATIONS
Cold Water Supply Temperature: 5˚C - 30˚C
Hot Water Supply Temperature: 60˚C - 90˚C
Set Temperature: 50˚C standard (must be commissioned onsite by installer)
Accuracy of Outlet Temperature: +/- 3˚C (as per AS4032.2)
Maximum Working Pressure (Static): 1400Kpa
Maximum Working Pressure (Dynamic): 500Kpa
Minimum Flow Rate: 3.6L/min under outlet pressure 10Kpa

800-06904
JG 12MM NEW TEMPERING VALVE

FIAMMA BI-POTS

These Italian Bi-Pots are a simple, and strong, self-contained fresh water flushing portable toilet. They can be dismantled (valve inclusive) to facilitate a thorough cleaning and emptying is easy and hygienic thanks to the large discharge openings. Stainless steel side hooks securely lock the top tank to the waste tank ensuring no movement whilst in use. The waste tank is made of a one-piece moulding which means no nasty leaks and the release valve is watertight too with a handy anti-odour seal. Semi-transparent lids (on the waste outlet and the top tank inlet) help to keep track of each tank's internal level so you know when to empty or top up. Both tanks are scratch resistant.

850-00500

THETFORD TOILET ADDITIVES

THETFORD AQUA CONCENTRATED 780ML

The Thetford Concentrated family features a smaller bottle that makes a bigger impact. Less = more! 0.78L Aqua Kem® CONCENTRATED = 2L Aqua Kem. The powerful new ultra-concentrated range offers outstanding odour control, an equal number of dosages compared to a 2L bottle, less weight and easy to handle bottle.

850-01025
THETFORD AQUA KEM BLUE CONCENTRATED 780ML
Concentrated toilet fluid for the waste-holding tank. A powerful, highly effective, 2 1/2 times concentrated toilet fluid for the waste-holding tank of your Cassette and portable toilet.

850-01029
THETFORD AQUA KEM LAVENDER CONCENTRATED 780ML
The powerful new ultra-concentrated range offers outstanding odour control, an equal number of dosages compared to a 2L bottle, less weight and an easy to handle bottle.

850-01035
THETFORD AQUA KEM GREEN CONCENTRATED 780ML
Environmentally conscious, highly effective, 2 times concentrated toilet fluid for the waste-holding tank of your Cassette and portable toilet.

850-01039
THETFORD AQUA KEM BLUE EUCALYPTUS CONCENTRATED 780ML
Concentrated toilet fluid for the waste-holding tank.
A powerful, highly effective, 2½ times concentrated toilet fluid with a fresh eucalyptus fragrance for the waste-holding tank of your Cassette and portable toilet.

850-01042
THETFORD AQUA RINSE PINK CONCENTRATED 780ML
A highly effective, 2 times concentrated, fresh smelling fluid for the flush water tank of your Cassette and portable toilet.

THETFORD TOILET ADDITIVES

THETFORD AQUA KEM BLUE

Aqua Kem Blue is a powerful and easy to use additive for waste holding tanks. It has a pine scent and can be used in Cassette Toilets as well as Porta Pottis. Its formula is derived not only to supress unpleasant smells and reduce gas build-up, but also to break down solids and toilet tissue. To use, simply pour 150ml into a 20Lt waste tank. Add 2-3Lt of water to ensure optimum performance. Thetford recommends refreshing every 4-5 days.

850-01028
AQUA KEM BLUE (2L)

850-01062
THETFORD AQUA RINSE SPRAY

A special formula developed for toilets connected to the central water tank of the vehicle. Just spray inside the bowl before or after using the toilet to ensure a smooth flush and a fresh smelling toilet. Aqua Rinse Spray coats the toilet bowl with a special, protective layer which results in a smoother flush and limits the number of flushes required. Available in a 500ml spray bottle.

850-01064
THETFORD BATHROOM CLEANER

Cleaning agent for safe, easy and thorough cleaning of all plastic surfaces in caravan or motorhome. Wipe with a damp cloth or rinse with water. For extra shine, polish with a soft, dry cloth. On particularly dirty surfaces, allow the cleaner to work in for a few minutes before cleaning or repeat the process of necessary.

850-01066
THETFORD TOILET BOWL CLEANER

A cleaner for the inner side of the toilet bowl. The thick concentrated formula of Toilet Bowl Cleaner coats the bowl for better cleaning and targets even the hard to reach areas of the bowl, leaving a lovely fresh scent behind.

850-01073
THETFORD AQUA KEM BLUE ZIP BAG SACHETS

Water-soluble toilet sachets for the waste-holding tank.

- Easy to use: sachets completely dissolve in water
- Apply the right dose easily
- Highly concentrated
- Outstanding odor control
- Reduces gas build-up
- Suitable for winter camping
- Liquefies waste for easier tank emptying
- 15 sachets

THETFORD TOILET ADDITIVES

850-01074

THETFORD AQUA KEM GREEN ZIP BAG SACHETS

Water-soluble sachets for the waste-holding tank.

- Easy to use: sachets completely dissolve in water
- Septic tank safe (Test ISO 11734)
- The right dose every time
- Superior odor control with biological action
- Liquefies waste for easier emptying
- Reduces gas build-up
- 12 sachets (12 x 42.5 gr.)

THETFORD DUO TANK CLEANER CONCENTRATED

850-01079

THETFORD DUO TANK CLEANER CONCENTRATED 800ML

Concentrated periodical cleaner for the waste-holding tank and grey water tank.

Concentrated periodical cleaner that removes scale, encrusting and grease deposits from the waste-holding tank and grey water tank.

Why choose Thetford Dual Tank Cleaner?

- Removes scale, encrusting and grease deposits
- No scrubbing required!
- Technical parts inside the tanks are cleaned as well
- Prolongs the lifespan of the tanks
- Convenient small bottle

Product Usage

Use in the waste holding-tank

1. Add 200ml to the empty tank
2. Add 5L of luke warm water
3. Shake tank vigorousley.

Use in the grey water tank:

1. Add 600ml to the empty tank via the sink or shower drain.
2. Add 50L of luke warm water.
3. Drive with your RV for at least 1h, in order to cover all surfaces of the tank.

For both tanks: Empty after at least 16 hours at a designated location.

850-01080

THETFORD GREY WATER FRESH CONCENTRATED 800ML

Concentrated toilet fluid for the grey water tank Concentrated, strong, effective fluid which prevents nasty grey water smells coming from the drains.

Why choose Thetford Grey Water Fresh Concentrated?

- Reduces deposit formation in the grey water tank
- Outstanding grey water odour control
- Keeps the grey water fresh and clean for longer
- Odour free discharging of the grey water tank
- Convenient small bottle.

For both tanks: Empty after at least 16 hours at a designated location.

850-01090

THETFORD SEAL LUBRICANT 200ML AEROSOL SPRAY

As a market leader in sanitation, refrigeration, kitchen and cooking appliances for the RV market, Thetford is always looking to make products that work wherever your next adventure takes you. Thetford Seal Lubricant is just this kind of product as it protects and prolongs the life of other plastic and rubber parts while it thoroughly lubricates your toilet seal. It is specially developed for use on toilet seals but can be used on door seals, locks, hinges, awning rails, bicycles and is absolutely safe for plastic (unlike most generic silicone-based spray lubricants).

- Protects, lubricates and ensures pliability
- For periodical care and maintenance
- Specially developed for safe lubricating of (Thetford) toilets parts
- Absolutely safe for plastics
- Ensures smooth operation of Thetford toilet valve blades and other items.
- Can also be used on Doors (seals, locks, hinges), awning rails and bicycles

A super soft toilet paper that quickly decomposes in your waste tank thus preventing clogging and damage to your waste tank. Each pack contains 6 rolls.

- Dissolves quickly
- Prevents clogging
- Easier to empty waste-holding tank
- Prevents malfunctions or damage to the waste-holding tank
- Super-soft toilet paper.

CASSETE TOILETS

THETFORD CASSETTES

The built-in Cassette Toilet consists of two parts: a permanently installed toilet and a removable waste-holding tank. A clever indicator lets you know when the tank needs to be emptied, and you can access and remove the tank through a small door (Service Door 3 – 850-01600 or 850-01601) on the outside of the vehicle. Choose from various models. All Thetford Cassette Toilets come with a 3 year warranty.

C402 – C
A bench model toilet with integrated water tank and electric flush. The C402 comes with a bigger 19.3Lt waste-holding tank with wheels, to allow for easy emptying.

Specifications
Dimensions: 512H x 670W x 400D (mm)
Seating Height: 473mm
Net Weight: 8.1kg
Flushing System: Electric
Capacity of Flush-Water Tank: 15L
Capacity of Waste-Holding Tank: 19.3L (with wheels)

ODOUR B GONE DEODORISERS

Odour-B-Gone is a tablet form of compressed per-oxy salts; it contains no fillers i.e. it is made of 100% active ingredients. The tablets slowly dissolve in the holding/ waste tank of the portable toilet over a 7 day period, releasing hydrogen peroxide which is known for effective bleaching, deodorising and sanitising.

850-04052
ODOUR B GONE RV TOILET DISK - 40PK

850-04058
ODOUR B GONE SLOW RELEASE MINI OXYGEN DISINFECTANT TABLETS. GREEN 2G - 10 PK

CASSETTE TOILETS : Simply drop 1 x 8 gram Blue tablet into the bottom cassette with half cup water, lasting up to 4 Days usage. The tablet will break down the matter including the paper very quickly. There are 2 size pouches, 50 x 8gram tablets (blue) & 25 x 8gram tablets both include 10 x 2gram. Mini oxygen tabs for use in a spray bottle.

The 2 gram Mini Tab (green) is used in a spray bottle, simply drop into a 400 mil bottle with cup hot water & top up with cold water, give it a shake and is ready for use. You do not have to wait till the mini tab fully dissolves. We use the spray bottle for the bowl & seat, which only takes seconds & in the heat perhaps spray the bowl 3 times a day. By spraying it is killing the bad bacteria & any odour, it is good to open the slide when spraying to allow entry into the bottom cassette. (You do not have to wait for the Mini Tab to fully dissolve, just use it!)

Use any toilet paper & if it is not breaking down use more flushing water.

WINEGARD SENSAR HV ANTENNA

Catch all of your favourite TV shows on your next RV adventure with the Winegard Sensar HV Antenna. This revolutionary bi-directional antenna receives both horizontal and vertical signals, allowing you to pick up a wider range of free-to-air channels on your RV's TV. Made in the USA, this robust antenna receives analogue, SD and HD signals. Never miss out on the footy grand final again - enquire about a Winegard Sensar HV today!

900-00050

(BULK PACK) WINEGARD SENSAR HV ANTENNA

A new and innovative antenna that receives both horizontal and vertical digital signals allowing for reception in more areas. It features two independently amplified antennas to deliver maximum digital VHF/ UHF programming. Made in the USA, this bidirectional antenna receives analogue as well as standard and HD digital signals and has been designed to fit roofs from 2.5cm – 12cm thick. The OEM pack contains x4 Sensar HV Antenna kits which include: antennas mounted on the reliable crank-up lift turret assembly, a white on/ off power supply switch, hardware, 6.1mt coax cable and a 139.7cm coax cable. RCM certified. The Winegard Sensar HV comes with a 1 year limited warranty, covered by Coast.

SPECIFICATIONS 4G FILTER

Range: 144km
Operating Voltage: 12V DC
Operating Dimensions: 43.2W x 116H (cm)
Stowed Dimensions: 125.3L x 11.2H (cm)
Weight: 3.13kg

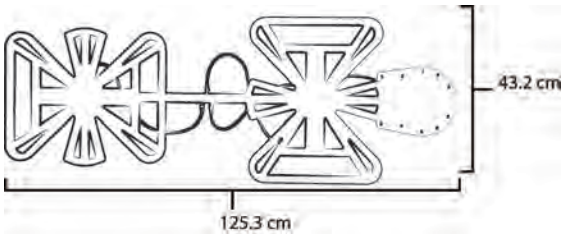
900-00060

(SINGLE BOX) WINEGARD SENSAR HV ANTENNA

Has all the same features as the OEM pack (i.e. comes with complete antenna/ lift assembly, white on/ off wall plate and power supply switch, coax cables and mounting hardware) except that it is sold singularly.

900-00070
WINEGARD SENSAR HV ANTENNA RETROFIT KIT (WITH HEAD AND MAST)
This allows you to replace the amplified head on an existing Winegard antenna with the Sensar HV bidirectional head.* It can also be used to replace the heads on Antennatek antennas as the old elevating gear can be used.

** Please check the roof clearance prior to purchasing the Sensar HV Retrofit Kit (refer to diagram, showing minimum roof top space required)*



900-00360
WINEGARD WHITE 12V POWER SUPPLY (FOR TV ANTENNA)
A replacement part for a standard Winegard kit (i.e. a Winegard without a Sensar Pro).

900-00364
WINEGARD WHITE 2ND TV WALL PLATE ONLY
A convenient TV outlet with 75ohm coax cable input and output. It has a (+) 12V DC receptacle and easily surface mounts onto a wall.

WINEGARD RVH 3095 SENSAR RV TV ANTENNA W/POWER SUPPLY

900-00010
RV-3095 ANTENNA
The Sensar RV-3095 antenna has a built in amplifier and unique circuitry that gives you clear VHF/ UHF reception wherever you park your RV. Easy to install, and is bidirectional and corrosion resistant. Digital ready when combined with digital off-air tuner or HD digital television.

900-00014
(BULK PACK) WINEGARD ANTENNA
Winegard antenna same features as RV3095 supplied in bulk pack (Sold in packs of 4). Digital ready when combined with digital off-air tuner or HD digital television. Full range of spare parts available from any Coast branch.

900-00372
WINEGARD SENSAR PRO
Designed, built and hand tested in the USA, the Sensar Pro allows you to find the highest signal strength and thus watch TV. It has an adjustable amplifier which provides up to 10dB for increased performance if needed.

SPECIFICATIONS
Dimensions (cm): 11.4H x 7W x 1.9D
Weight (g): 81.6
Cables/Outputs included: Antenna IN, Cable IN, TV1 OUT and TV2 OUT

900-00400
WINEGARD DIRECTIONAL HANDLE EXTENSION
Used to extend the directional handle on leisure vehicles with a thicker roof. Roof thickness in excess of 4.75" (120.65mm) and up to 7" (177.8mm) would require an extension. *(The handle and extension should be glued together after checking that you have the correct handle. The handle will not work properly if it is not glued together.)*

900-00410
WINEGARD WINGMAN
This lightweight attachment (suitable for Winegard antennae only) attaches to the Sensar head and increases the digital UHF reception by up to 100%. Available in white, it acts as a digital booster. There are no wires to connect and no tools required for installation. The Wingman allows you to improve your Winegard Sensar's performance, enabling you to enjoy more free-to-air HD channels as it is optimised for digital and HD programming. The elements are powder coated to protect against the elements and rust.
Note: The Wingman helps with UHF channels only and must be installed facing forward.

SPECIFICATIONS
Dimensions: 419.1W x 355.6D x 35.6H (mm)
Weight: 0.45kg

FOLD AWAY ANTENNA

900-02350
STANDARD CARAVAN TV ANTENNA
Digital ready when combined with a digital TV and set top box. Comes with 4m of cable.

900-02352
LARGE CARAVAN TV ANTENNA
Digital ready when combined with a digital off-air tuner and HD TV. Comes with 6m of cable.

900-02374
FOLDAWAY DIRECT CONNECTOR
Direct Connector – Enables the antenna to be plugged directly into your TV, thus ending corroded/ dusty and worn out connections. It is simple to use and stops signal-sapping joins, which can result in signal drop outs.

900-02376
MOUNTING KIT
Includes top clip, bottom bracket and required screws.

900-02377
MOUNTING KIT TOP CLIP ONLY
Includes x1 top clip and x2 screws

HAPPY WANDERER MASTS

900-02382
MULTIFIT BRACKET AND MAST
Suitable for use with the DT8 Dual Loop antenna range and Stand "T" antenna head. It can be fitted to your RV in a permanent or temporary manner. The permanent option fits all types of RVs including pop tops, caravans, motorhomes, slide-ons and campers. The temporary option fits pop top vans and campers with side travel clamps fitted (the clamps are used when the roof is raised). The mast is 1.4m in length (supplied as x2 70cm lengths that can be joined together via a coupling).

900-02384
EXTENSION MAST (0.7M) AND COUPLING
Used in conjunction with part #900-02382, the extension mast is available for campervans with high lifting rooves.

900-02388
HAPPY WANDERER THRU-VAN-WALL COAX CABLE CONNECTION

A waterproof, permanent solution to trailing TV antenna cables around your caravan. Made in Australia, it is ideal for use with digital set top boxes, Happy Wanderer Antennae and signal boosters as well as other branded antennae. It is adjustable to suit RV wall thicknesses from 22-35mm. Comes with rubber caps to keep out moisture.

900-02390
HAPPY WANDERER T-BAR ANTENNA

Simple to erect and stow away, the T-Bar Antenna tunes into both horizontal and vertical signals. It picks up UHF/VHF, FM Radio and digital signals and can be used in conjunction with the Signal Booster.

900-02396
PART A MULTI FIT BRACKET ONLY FOR HAPPY WANDER

900-02398
PART B MULTI FIT BRACKET ONLY FOR HAPPY WANDER

900-02403
HAPPY WANDERER DT-8 MARK 3 ANTENNA

The happy viewing continues with the improved DT-8 Mark 3 antenna. It now features an integrated diplexer which means it can combine UHF and VHF signals. The Tapered Loop Technology provides the Mark 3 with a generous beam width of 70 degrees. It is now much easier to set up and the cables cannot be fitted the wrong way. Made from UPVC plastic, the Mark 3 receives low powered DTV stations, as well as HD digital horizontal and vertical signals. It comes with a digital Thru-Van-Wall kit, all cabling (which are RG6 compression with non-corrosive plugs) and a zippered carry bag. Happy Wanderer offer a 5 year warranty on the Mark 3.
Note: Brackets and masts are sold separately. You will need to retune your RV TV to suit each locations' reception.

SPECIFICATIONS
VHF MHz: channel 6-12
UHF MHz: channel 28-69
Max Gain: 10.4dBi (UHF), 3.1dBi (VHF)
Dimensions (mm): 500H x 295W x 165D (with antenna rods not extended)

900-02408
SIGNAL BOOSTER AND POWER PACK (240V/ 12V COMBINATION)

It has a masthead type booster for use inside your RV. A 12V cable is included for use with a 12V power supply and the booster can be bypassed if it is not required. VHF max 15dB and UHF max 24dB gain.

900-02410
EASY-TUNE

Easy-Tune is a combined signal finder and amplifier booster. Plug your antenna into the Easy-Tune and use it to show which direction the strongest signal is coming from. Then using the handy LED indicators, the amplifier gain can be adjusted to fine tune your TV. The Easy-Tune can be permanently fixed inside your RV (perhaps inside a storage compartment). It is designed to show the presence and signal of digital or analogue TV signals and is also able to boost the received signal and distribute it to 2 outlets.
Note: you should never connect 240V AC (mains voltage) directly to the Easy-Tune.

SPECIFICATIONS
Operating Voltage: 10.5 – 28V DC, 250mA max
Outlets: 2
Variable Gain: 5 – 19dB
Dimensions: 16.5W x 5.5D x 2.7H (cm)
Weight: 125g

900-02602
TELESCOPIC CLAMP

A frame clamp for telescopic pole

FURRION VISION S REAR-VISION CAMERA & DISPLAY KIT

New from Furrion, the Vision S wireless reversing camera is a high-performance vehicle observation system designed for the road as much as it was for the campsite! From reversing to changing lanes this wireless camera kit keeps an eye out for your RV! The rear-vision cameras give you a full range of view on a mountable touch screen monitor for smoother mobility while you're travelling or reversing your RV or caravan.

- Observation systems are wireless with high-resolution touch screen monitors that can show up to four different camera images.
- IP65 waterproof cameras
- Rear assist reversing lines
- 2.4GHz wireless communication digitally locks to the camera system for minimal interference.
- Cameras offers 120-degree viewing angle, with infrared night vision.
- The monitor can be mounted with the included windshield or universal surface mount.
- 5" and 7" touch screen anti-glare monitors with rear assist marker lines.

MINI ACTION CAMERA TRIPOD WITH SMARTPHONE ADAPTOR

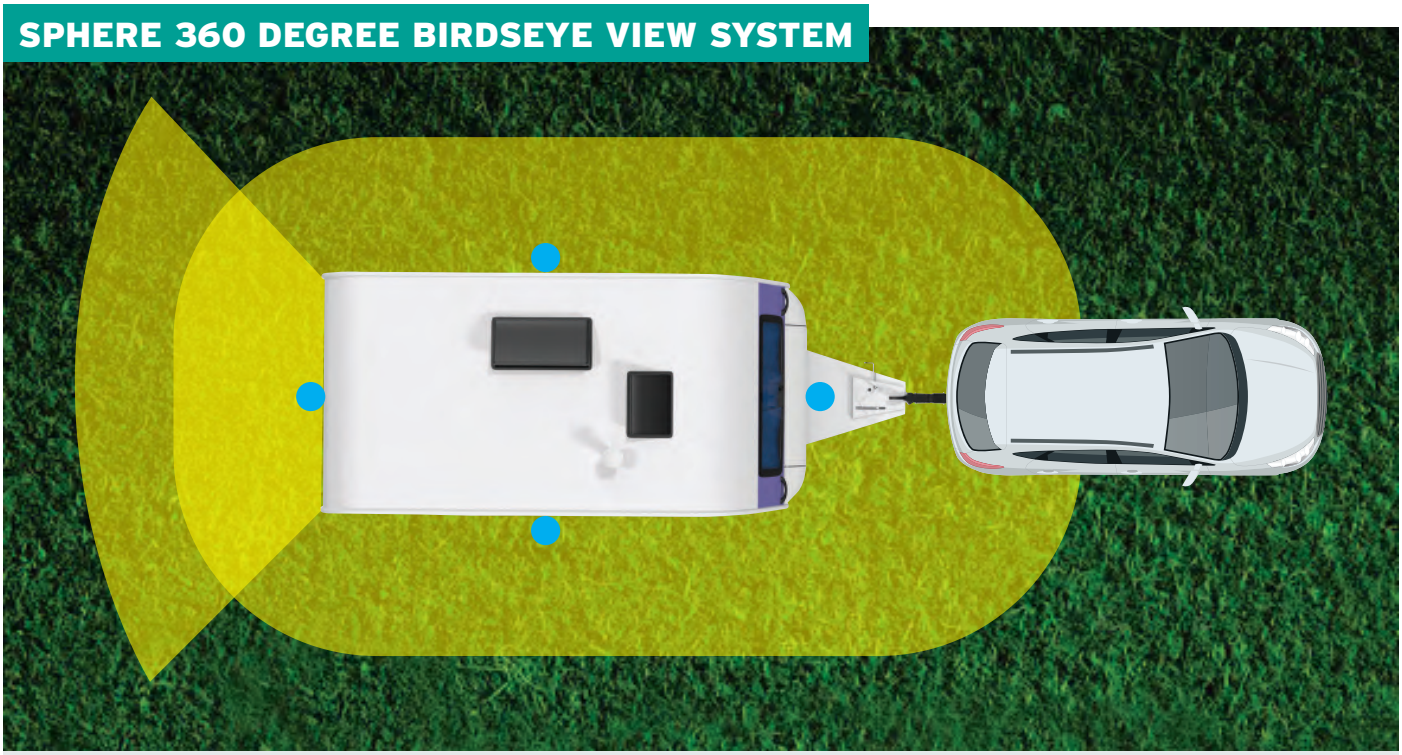
Get the perfect group shot on your next adventure with this Mini Tripod!

This small, lightweight tripod comes with a Smartphone adaptor mount and can attach a 1/4" action camera or GoPro® mount. It includes a handy locking adaptor that allows you to make some adjustments to your phone or action camera while it is securely mounted. A very handy and inexpensive accessory!

FEATURES
- Smartphone adaptor mount to hold your mobile phone
- Secure locking adaptor
- Use your camera timer settings to take photos hands-free.

SPHERE™ 360° VIEW SYSTEM

SPHERE 360 DEGREE BIRDSEYE VIEW SYSTEM



Sphere 360-degree cameras gives you a complete view of your RV, making towing and parking a breeze.

The SPHERE 360-degree Bird's Eye View system uses the inputs of four wide angle fish-eye cameras (front/rear/left/right) installed around the RV to produce a single image. The driver can intuitively observe the vehicle position and surrounding objects to assist in decision making whilst driving and towing the RV to reverse and merge lanes.

The system can also be used as a Digital Video Recorder by inserting a USB to allow continuous recording whilst driving.

900-02950
SPHERE 360 DEGREE BIRDSEYE VIEW SYSTEM

FEATURES

- Four cameras with 180° fish-eye lens cameras to capture surrounding objects
- 360° stitching of the 4 input cameras
- Able to be calibrated to large variety of vehicle/RV sizes
- System displays the 360° Bird's Eye-View image and:
  - Front camera during normal operation
  - Rear camera whilst reversing
  - Left camera when left indicator is engaged
  - Right camera when right indicator is engaged
- The system can operate as a Digital Video Recorder (DVR) when a USB is inserted into the control module loom. Once the storage device is full, the system will begin to write over older files. These files can be viewed by inserting the USB into a laptop.

900-02960
SPHERE 360 DEGREE CAMERA CALIBRATION MAT SET

NEXTECH TRANSCEIVER UHF 2W 80CH PK2 BLK. DC1112

A pair of advanced 80 channel UHF transceivers for professional or recreational use. Compact in appearance but feature packed with a VOX hands-free function, CTCSS & DCS, PTT IT transmit, a group call mode, emergency alarm, and much more. An LED at the top helps shine the way at night, and an FM radio is also integrated so you can listen to important broadcasts or for entertainment purposes. A feature not seen in many other models is the Stun, Kill and Revive function. This enables you to use the second similar transceiver to send a signal that prevents unauthorised use of a lost or misplaced transceiver. The high capacity 1300mAh Li-ion battery can last up to 13 hours of average use, and a lower power mode helps extend battery life when long range communication isn't required. A mains powered charging cradle is supplied to keep the battery charged.

FEATURES
- 476MHz UHF CB Operation Band
- Rechargeable
- Built-In FM Radio
- Hands-Free Function
- 50 CTCSS Sub-Channels
- 208 DCS Channels
- LED Torch

300-09006
QUADCOPTER R/C WIFI FPV 720P DRONE - 2.4GHZ. GT4146

Watch a live video feed from the high-definition camera onboard this agile remote-controlled drone as it flies in the sky above. The front facing 720p camera can be adjusted 60° from the remote control to provide a first-person view (FPV) on your Smartphone via Wi-Fi from up to 60m away. Take-off and landing are made easy using just one button, and a return home function means that you can safely get the quadcopter to return back to you before the battery runs out. The headless mode option keeps the drone moving in the same direction as the drone rotates and perform stunts, and a trajectory flight function enables you to draw a flight course on the touch screen of your Smartphone. When you have finished flying, the rotor arms fold in so it takes up less room for easy storage. The remote control has a universal phone bracket to hold your phone. A USB charging lead is supplied to charge the remote and quadcopter from an available USB power source. Spare batteries are sold separately (GT4147) so you can keep flying while your other batteries charge. Recommended for ages 14+. Note: Please use the original USB charger included inside the package when charging otherwise you may cause permanent damage to the battery.

FEATURES
- Free iOS™ & Android App
- Headless & Altitude Hold Mode
- Return Home
- One-Key Take Off & Landing
- 720p (1280 x 720) Camera @ 20fps
- 60° Adjustable Camera Angle

- Cast movies,TV shows, music, games and the other content you love from your phone, tablet or laptop to your TV with built-in Chromecast.

SPHERE™ CABLES

SPHERE RG6 CABLES WITH COMPRESSION FITTINGS

Sphere RG6 Coax Cables are heavy gauge and feature excellent insulation and shielding optimized for high bandwidth, high frequency applications such as Satellite and Digital TV.

Quad Shield – Sphere RG6 cables are quad shielded meaning they have an additional layer of foil and braid shielding. This extra shielding prevents interference to your signal, preserving signal quality; especially over longer cable runs.

Compression Fittings – Sphere RG6 cables come supplied with F-Type and Pal compression fittings already fixed to the cable. This makes using and installing the cables much easier as no crimping or compression tools are required.

LIPPERT 12VOLT TV SLIDE

The lightweight Lippert TV Lift system is easy-to-install and program, and with smart technology it can shutoff the motor in case of obstruction. The Lippert TV Lift is a great way to save on counter space and an impressive way to display your TV.

- Easy to install with detailed guides and videos available
- Patented worm rail design efficiently moves TV up and down
- Easy one-button program; use the same button to program the two stopping points – programming takes less than one minute
- Lifts TVs weighing up to 90kg
- Requires less depth than other systems
- Manual switch and mounting hardware included
- 10-foot wiring harness allows for flexible installation
- Perfect for the home as well
- Can be used for other applications, such as cabinets or access doors

SPHERE BLUETOOTH OUTDOOR SPEAKER & LIGHT

Ideal for caravans and motorhomes, the Sphere external flush mount Bluetooth speaker & light combination is the perfect product for your RV's outdoor living space.

It features a powerful LED in a selectable choice of bright white or amber light as well as superior sound thanks to its 20 Watts of audio power. Control your soundtrack with Bluetooth and NFC functionality via your preferred compatible smart device.

The unit is weather-proof and UV stabilised to prevent premature discolouration or breakdown. It has a built-in ultrasonic mosquito repellent feature that will not interfere with hearing aid's or cardiac pacemakers and there is space allocated in the base of the unit to conceal an ONEX brand GPS tracker.

FEATURES

- Ready to mount to your caravan or outdoor area
- Powerful LED white/amber light
- Mosquito repelling frequency
- Waterproof
- NFC and Bluetooth compatible
- GPS tracking ready
- UV Resistant
- 2 Year Warranty

- Includes 2 AAA Batteries
- Requires 240V power

SPHERE™ AUTOMATED SATELLITE SYSTEM

Moving with the times, the Sphere Automated Satellite System (SASS) is innovative and technologically advanced. It has been designed to locate and lock onto satellites quickly (in particular, the C1/D3 satellites which cover the majority of Australia). It is compatible with Direct Broadcast Satellites (DBS) which broadcast audio, video and data from satellites about 35,406km away! To ensure the best signal is received from DBS, the SASS must have a clear view of the satellite i.e. make sure there are no trees or heavy cloud in the signal pathway. It also has a built in Digital Broadcast Receiver. SASS comprises of two main components: the dish (which houses the positioning mechanism and twin LNBs) and the indoor unit (IDU which is the systems user interface and allows the user to control/access SASS). SASS comes with a pre-drilled mounting base plate, making it easy to install and offers better weight distribution across the RV rooftop.

900-06002
AUTOMATED SATELLITE SYSTEM

SPECIFICATIONS

Power: 12V

Frequency: 10.7GHz (twin LNB)

Closed Height: 200mm

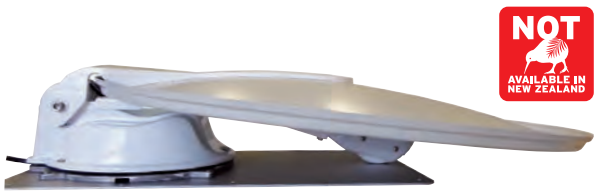
Size of Mounting Base Plate: 700L x 400W (mm)

Recommended Clearance (from centre of rotating head):
600mm – surrounding items such as air conditioners or hatches must not be taller than 260mm. If surrounding items are taller than 260mm, more clearance is needed.
450mm – surrounding items must not be taller than 190mm
200mm – surrounding items must not be taller than 70mm

Installed Weight: 19kg (includes cables and IDU), 16kg (dish and base plate only)

SASS Tips

1. Ensure the mounting base plate is installed on the flat surface of the RVs rooftop
2. When selecting a location to stay, make sure:
   a. The dish has a clear line of sight to view as much of the sky as possible
   b. The dish is at least 1.5m away from other antennas (HF, VHF and radar) that could interfere with the dish
   c. The dishes exposure to high powered surveillance radar is minimised
3. The mounting base plate is firmly attached to the RV rooftop (Coast recommends using glue and screws) Spare parts are available if required. Please contact your local Coast Team for more information.



SPHERE™ ACCESSORIES

ROKK MINI

900-15058
ROKK MINI TABLET MOUNT KIT WITH SUCTION CUP BASE. RLS-508-405

ROKK Mini is a compact and multi-adjustable mounting system for tablets and smartphones. Small in size but big on features, ROKK Mini is simply the toughest, most reliable mount for your tech onboard. No compromise.
For devices up to 1.2KG at 6g

PRODUCT INFORMATION
1) Tablet Clamp Top Plate
Secure mount for mini and full-size tablets – ratchet adjustable.
Fits devices from 125mm to 220mm (5-8¼")

2) 360° BODY
Install your devices instantly onboard. With one reassuring click, your tech is both secured and released.
A metal-on-metal locking system multiplies your clamping efforts to achieve 100% locking force. Your electronics will never move until you want them to.

3) SUCTION CUP BASE
Fits to any rigid, clean, smooth, non-textured surface.
Tough, marine-grade, UV stable materials.
Mounts quickly with over-centre locking arm. No tools required.
Safety lock prevents accidental release when ROKK Mini adjustable body is attached

900-15040
ROKK MINI SCREW DOWN BASE. RLS401

It doesn't get much tougher than this. ROKK versatile screw down base fits any flat surface. Works with all ROKK Mini top plates and the RLS-AM ROKK Mini Body.

900-15042
ROKK MINI RAIL BASE. RLS-402

ROKK Rail Mount Base fits a wide range of rail and works with all ROKK Mini top plates and the RLS-AM ROKK Mini Body. Fits wide range of rails from 19mm – 34mm. Includes 3 x soft rail grip pad inserts for the perfect fit.

900-15044
ROKK MINI RAIL BASE. RLS-402

Over-size rail mount base for the ROKK Mini mounting support. Fits wide range of non-standard rail sizes. Secured with 2 cable ties.
The Cable Tie Kit enables you to mount your tablet onto over-sized rails and other tubes and sections, minimum diameter 60mm (2.3") and maximum diameter 100mm (3.9").

900-15046
ROKK MINI SELF-ADHESIVE BASE. RLS-404

3M self-adhesive base mount. Fits any flat surface.
No drilling required to install.

900-15048
ROKK MINI SUCTION CUP BASE. RLS-405

ROKK high strength, outdoor-ready Suction Cup is engineered better for longer lasting grip. Fits to any rigid, clean, smooth, non-textured surface.

SUBURBAN SW6DRA HOT WATER SYSTEM - 20.3L CAPACITY - DIRECT SPARK LPG

SPECIFICATIONS
Capacity: 20.3L
Max working pressure: 700Kpa
Hourly gas consumption: 8.7mj/hour
Test point pressure: 2.63Kpa
Jet orifice size: 0.84mm
Type of heating medium: Universal Gas
Recovery: 40L/hr 45ºC rise
Electrical: For automatic gas ignitor 12V DC
Dimensions: 320W x 320H x 500D (mm)

SUBURBAN SW6DERA HOT WATER SYSTEM - 20.3L CAPACITY - 12V/240V/LPG

Has a 12V ignitor and operates on Universal gas and 240V. User is able to control which operation is sourced by means of an internal switch for gas and an external switch for electricity.

SPECIFICATIONS

Capacity: 20.3L
Max working pressure: 700Kpa
Hourly gas consumption: 8.7mj/hour
Test point pressure: 2.63Kpa
Jet orifice size: 0.84mm
Type of heating medium: Universal Gas/240V
Recovery: 40L/hr 45ºC rise
Electrical:
- For auto gas ignitor: 12V DC
- For models with 240V: 240V ~ 50HZ AC heating element
- Element rating: 1440W ~ 6A

Dimensions: 320W x 320H x 500D (mm)

950-01140
SUBURBAN ANODE ROD FOR ALL SUBURBAN HWS

All Suburban HWS' have an anode rod which absorbs all the corrosive action of hot water. It is located on the bottom of the HWS (under the main burner), simply unscrew this to drain the tank of water. If the rod is mostly eaten away, replace it with a new one. The Suburban anode rod fits the 4, 5 and 6 gallon tanks.

Did you know?
There are many anode rods on the market. Cheaper imitations may not always be the best fit for a Suburban HWS. Not only are some imitations the incorrect length, you also need to be weary of the thread type (at the head of the rod). The Suburban range of HWS's are made in the USA and they use the NPT style thread for the anode.

Most other parts of the world use a BSP style thread. If a BSP threaded anode rod is fitted into a Suburban HWS it will damage the pitch on the internal thread and cause future leaks. Coast always recommends using a Suburban anode rod in a Suburban HWS.

950-01148
PREMIUM MAGNESIUM ANODE ROD T/S SUBURBAN TANK HWS - SKIN PACK

The Premium Magnesium Anode Rod is made for use in the 4, 5 & 6 Gallon tanks and feature a 304 stainless steel core for increased durability.

SUBURBAN EXTERIOR DOORS

Suburban exterior doors stand up to the elements and frequent use, with corrosion-resistant steel finished in a tough, high-solids baked enamel for extra chip resistance. Coast to Coast stock the standard doors which are installed without bending flanges or installing corner gussets for easy installation and a superior seal.

SUBURBAN HOT WATER HEATER FAQS

Are all Suburban Water Heaters equipped with an Anode Rod? What is its function? When should it be changed?
YES – all Suburban water heaters feature an anode rod. The anode equalizes aggressive water action, providing cathodic protection for the tank. It is a very important factor in tank life and should only be removed for inspection, draining or replacement. It is removable using a 1-1/16" thin wall socket. Under normal use, the anode rod will deteriorate. Because of this, we recommend it be replaced bi-annually or when consumption or weight loss of the rod is greater than 75%.

Note: Water with high levels of iron &/or sulphate will increase the rate of deterioration. To extend anode life, drain water from tank whenever the RV is not being used. Avoid any extended time of non-use with water in the tank.

Why does water drip from my water heater's pressure and temperature (P&T) relief valve?
You may experience water weeping or dripping from your water heater's pressure and temperature (P&T) relief valve when your water heater is operating. Water weeping or dripping does not mean that the P&T valve is defective. As water is heated, it expands. The water system in an RV is a closed system and does not allow for the expansion of heated water. When the pressure of the water system exceeds the relieving point of the P&T valve, the valve will relieve the excess pressure.

Can I add-on an electric element to a PA/DA Model (GAS ONLY Unit)? What will happen if I use it?
NO – the use of these aftermarket heating element devices may result in damage to components or the water heater. When aftermarket heating elements are inserted into the anode rod/drain connection, tank life is shortened by accelerating inner tank corrosion. This will be a non-warrantable situation. An upgrade is required to a GAS/ELECTRIC model, for this application.

What if I operate the water heater without water in the tank?
Operation without water in the tank on the 12V DC gas portion of the water heater can cause the copolymer insulation jacket to melt and can cause the ECO/Thermostat to trip. Operation without water in the tank on the 230V AC electric portion of the water heater will damage the element.

There is a bad odour coming from the hot water faucet. How can I correct this?
Odour from the hot water system is not a service problem and many water supplies contain sufficient amounts of sulphur to produce an odour. The odour is similar to rotten eggs and is often referred to as "sulphur water". Sulphur water is not harmful–only unpleasant to smell. Sulphur water can be caused by a chemical action or by bacteria. The key to eliminating this smell is heavy chlorination of the water system. Add about 177ml of chlorine (common household liquid bleach) to each 10 gallons in the water

tank. Then run the heavily chlorinated water throughout the system, opening each faucet one at a time until you smell the chlorine. Let the RV sit a few days and the chlorine should take care of the problem. Then you will need to remove the chlorine by flushing the water system. If you don't have a water filtration system that removes chlorine, you may have a problem getting rid of the chlorine taste. You might consider adding such a system because it allows you to keep water chlorinated and this prevents several problems, including sulphur water. Chlorination also takes care of other types of bacteria and viruses.

How do I drain my water heater?

Follow the steps below:

1. Turn off electrical power to the water heater either at the switch from the electric element or a breaker.
2. Shut off the gas supply to the water heater.
3. Turn off the pressure pump on the water system.
4. Open both hot and cold water faucets.
5. Remove the anode rod from the tank. (NOTE: TAKE CARE as water may be HOT when drained from the unit).
6. Follow the RV manufacturer's instructions for draining the entire water system.

950-02700

CAMCO SCREW-IN ELEMENT WRENCH 5" FOR SUBURBAN HWS

This zinc-plated element wrench goes where other wrenches can't, allowing you to remove and replace screw-in elements with ease. It works in conjunction with your screwdriver and fits all 5" regular screw-in elements and 1-1/2" nuts.

950-02710

CAMCO T & P UNIVERSAL VALVE REMOVER

Replace temperature and pressure valves faster and more safely. The Valve Remover gives you better access to the water heater housing, reducing injuries. Fits Atwood and Suburban (Mor-Flo) water heaters

950-02720

CAMCO HWS TANK RINSER

Cleans the sediment that collects at the bottom of your water heater and flushes it out. Note, please use 800-01992 to connect the Tank Rinser to your garden hose.

950-02730

TUBE SPANNER 1 1/16" X 1 1/2" 250MM OVERALL LENGTH FOR SUBURBAN HWS

This two in one tool will work with Genuine Suburban Anodes and Heat Elements.

NAUTILUS IW60A ON DEMAND WATER HEATER

Enjoy endless hot water with Suburban's NAUTILUS On Demand RV Water Heater. Say "good-bye" to waiting for water to reheat in a conventional tank. Showers and baths are best enjoyed slowly, so live free from the restraints of limited hot water supplies. Dishes and even the laundry can be done with an infinite supply of hot water whenever and wherever, simultaneously from every fixture.

With no storage tank to heat water, the NAUTILUS On Demand RV Water Heater reduces weight and increases efficiency by only operating when the need for hot water arises. The NAUTILUS On Demand RV Water Heater uses an exclusive 60,000 BTU 2-Stage Modulating Combustion System (MCS) which instantaneously adjusts the LP gas input to provide consistent and endless comfort regardless of your hot water needs.

950-03000
SUBURBAN'S NAUTILUS ON DEMAND WATER HEATER
- developed with INDUSTRY-BEST:

- Exclusive 60,000 BTU Two-Stage Self Modulating Combustion System
- Built-In Freeze Protection
- Only 16.3kg Installed
- Two-Year Limited Warranty

The EXCLUSIVE 2-Stage Modulating Combustion System (MCS) Monitors:

- Inlet water temperature
- Inlet water flow
- Output water temperature
- Combustion air fan speed
- Heat exchanger & burner operation

SUBURBAN NAUTILUS CONTROL CENTRE

The On Demand Control Center provides precise temperature control, reliable and consistent comfort from the convenience of your RV.

Installation Configuration Examples

The NAUTILUS On Demand RV Water Heater from Suburban is a truly adaptable platform that offers a variety of installation options to suit your needs. The below configurations examples demonstrate the NAUTILUS system's industry leading versatility.

Example Configuration 1

The minimum specification install of the Nautilus system required only the system itself and a single vent to suit your vehicles wall thickness. Please note that the unit should be installed as close to wall as possible.

Example Configuration2

The maximum specification install of the Nautilus system requires the system itself, the Nautilus Control Centre (available in black or white), a single vent to suit your vehicles wall thickness and a single access door.

PERFORMANCE SPECS	SUBURBAN NAUTILUS
Model	Nautilus IW60A, 5187A
Maximum Mj/Hr	64 (5) burners
